STAPLES PHARMACY

Alonzo Staples, Prop.

Had Palpitation
OF THE HEART**ALSO WEAK and DIZZY SPELLS.**When the heart begins to palpitate it
will beat fast for several seconds, then
slow, then start to flutter, and a feeling
of utter depression will come over your
whole system, accompanied by weak,
fainting and dizzy spells, and if you
should happen to wake up in the night
with your heart palpitating, and that
"all gone" sinking sensation, you feel as
if you were surely going to die.When you feel this way, you may be
sure that both your heart and nerves are
out of order, and what you require is a
real good heart and nerve tonic; one that
will build up and strengthen both the
heart and nerve system.For this purpose nothing can equal
Milburn's Heart and Nerve Pills.Mrs. J. S. Nicholls, Listowel, Ont.,
writes: "I was weak and run down, my
heart would palpitate, and I would take
weak and dizzy spells. A friend advised
me to take your Heart and Nerve Pills,
so I started at once, and found that I
felt much stronger, and my heart was
ever so much better in a short time. I
cannot praise your medicine too highly
for it has done me a world of good. My
husband has also been bothered with
heart trouble, ever since childhood, and
finds great relief by using your valuable
pills."Milburn's Heart and Nerve Pills are
50 cents per box, 3 boxes for \$1.25, at
all dealers or mailed direct by The T.
Milburn Co., Limited, Toronto, Ont.A great deal of jet is used on
evening gowns, especially gowns of
black tulle.Baby boys have white dresses
made with pants like those in their
father's shirts.It is said that the redingotes are
the only long coats to be worn in
Paris this year.Sleeves of coats and bodices are
long and slashed, pulled and other-
wise made very decorative.**CLASSIFIED**1 insertion 25c

ABOUT HARD LUCK"Necessity is the mother of inven-
tion" it has been said, and no one
dares contradict this statement, for
its truth is all too evident. Where
there is sufficient will a way will be
found, for the need spurs one on to
find the way out of one's difficulties.
The trouble with most of us is that
it is the will that is lacking.We are all too prone to accept our
fates, either contentedly without any
desire for anything better, or com-
plainingly, whining about our mis-
fortunes, but making no real endeavor
to better ourselves.If we would all only realize that our
fates are in our own hands to make
or to mar, perhaps more of us would
stop complaining and set about work-
ing. After all, none of us have to
stay where we are put in life. We
can all work our way out if the will is
there.There it is again—if the will is
there! It is so much easier, though,
to stay where we are put, to accept
our lot in life and be content with it.
The easiest way is not to attempt to
struggle upward. And so most of us
stay where we are because the will is
lacking.It is always easier to stay in the
old ruts than to blaze new trails for
yourself. To pull out of a rut and
start on an unbroken path means
endless labor and trouble. So most
of us stick to our ruts. And yet,
where would the world be today if no
one had had the courage to blaze the
new trails? Where would the present
generation be if no one had had the
will and the determination to leave
the beaten paths and take the untrav-
eled roads?"The power within us lies." There
is no need for lamenting our condi-
tions, no need to envy others the com-
forts, luxuries or advantages which
they enjoy. "The power within us
lies" and we have only to make use
of it.Crawling out of a rut is the hardest
work imaginable, for it takes strength
and will and perseverance. It is easy
to fall into one, it is even easier to
stay there, but to decide that one
has been in a rut long enough and
that it is time to pull out of it—that
requires more strength of purpose
than most of us realize.Those of us who are given to com-
plaining about our "bad luck" or
whining about the hard knocks life is
always handing us, will do well to
stop and consider our words. If we
do not want to improve our condi-
tion, all right, but then don't com-
plain of hard luck! If we do wish to
better ourselves, we have only to
remember that "where there's a will,
there's a way."New York Herald:—Perhaps Sir
John Simon would get quicker re-
sults by turning Lord Northcliffe
and his "jaundiced press" over to
those soldiers from Canada and Aus-
tralia now in London.**CANADIAN**
