TEMPERANCE LEADER FLOURS PROHIBITION

(Bangor News)

Thomas N. Doughty, well known throughout the United States and Canada as a temperance lecturer, called at the News office last night upon his return to Bangor and talked of his work. He said, in relating his story: "I have for over 30 years engaged in non-political, non-sectarian and non-abusive temperance work."

"I believe every one who is honest in his declarations has a perfect right to be a prohibitionist and if honest is entitled to respect, as all who are honest in what they advocate."

"Even at that, I take no stock whatever in prohibition. It prohibits upon the statute books but not in fact, State-wide and national prohibition, if such a thing should ever come to pass, would be a terrible calamity, because the vast majority of people ignore such laws. A certain class of liquor dealers in large cities do the things which bring odium on the entire traffic. But I don't bolster up the liquor traffic. I believe in temperance."

"Gospel temperance is the only kind worthy of the name. It is the only kind that reaches the human heart, and when the human heart is reached it means practical lasting results."

"Through the courtesy of the late Hon. Nelson Dingley, when he was governor of Maine, I lectured in the House of Representatives at Augusta. In later years I spoke twice before the joint house of the legislature on the resubmission of prohibition to the people. My last address at the time was on the afternoon of the day when the late Hon. H. Manley died."

"Abuse and persecution do not belong to true temperance, I can do more good feeding an unfortunate than by good feeding an unfortunate than by all I plan to make arrangements to lecture in Bangor in the near future."

TRIES TWO DEATH ROUTES AFTER SHOOTING

(Toronto Globe.)

George Johnston, 198 Berkeley street, late yesterday afternoon attempted to murder his wife, Alice Johnston, 239 Parliament street, from whom he had been separated some weeks, and then attempted to take his own life by drinking a large quantity of poison and by shooting himself with a .32-calibre revolver. Mrs. Johnston's injury is of a trivial nature but Johnston is considered in a serious condition. Both are in St. Michael's Hospital. Johnston not only attempted to murder his wife, but tried to take the life of a street cleaner who was hurrying to the Parliament street house to ascertain the cause of the shooting.

The motive for Johnston's act is believed to have been a summons calling for his appearance in the police court and issued at the request of his wife and the fact that he was to be called as a witness today in the police court against a stepson, who is charged with a serious offence and who had been arrested on a warrant sworn out by himself.

For some weeks he has been separated from his wife and her family. Believing that his step-children were the cause of the discord, he has been endeavoring to resume his place in his home by police action. Several complaints have been laid at Winton avenue police station by Johnston within recent weeks concerning the character of his step-sons and those who frequented the house. When no action was taken he swore out the warrant at the Morality Department. This, however, failed to reinstate Johnston in his wife's graces.

The revolver which Johnston used was an old weapon. Johnston was compelled to turn the cylinder while he pulled the trigger.

He fired one shot at his wife when he entered her home yesterday, which inflicted a facial injury. As he left the house he drank the poison, staggered along Sydenham street, where he made the attempt upon the life of the street cleaner and where he shot himself.

AN
APPRECIATION
... FROM ...

A SATISFIED USER

Parker's Ridge, York Co.
June 30-1915.

TO: PALMER-McLELLAN CO.
Fredericton, N. B.

Gentlemen:-

I bought a pair of your Driving Boots from W. R. McCloskey Limited of Boiestown before the driving season of 1915, and about the middle of April last. I wore them all through river driving, and afterwards I removed the caulks and have worn them every day since with every satisfaction. I find the boots comfortable and waterproof, and they are still in good enough condition for me to wear them this Fall and do my next Spring driving in.

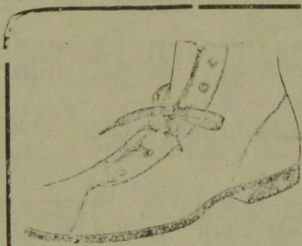

These Boots have had hard wear not only on the drive, but in connection with my farming and woods operation ever since, and I have no hesitation in recommending same to any person requiring a boot for long wear and hard service.

Yours very truly,

Clarence Boies.
