THE ROAD GRANTS FOR BLOOMFIELD

To the Editor of The Mail,

Dear Sir,—A short time ago you published a list of the highway supervisors for York County together with the amount of provincial road grants each had received, but you did not publish the municipal grants. A great many people think and say that that was all the money the supervisors received because they saw it in The Mail.

Here are the amounts the supervisors received in the Bloomfield end of the county:

R. H. Fairley, provincial \$100.27, municipal \$454.16—Total \$554.43.

S. T. McDonald, provincial \$178.68, municipal \$113.28—Total \$292.06.

The above amounts do not include resident road tax or the balance on hand carried over from 1913.

Thanking you for space, I am,

Yours respectfully,

A SUBSCRIBER,

Bloomfield Ridge, May 19th.

MAJOR P. A. GUTHRIE IS WOUNDED IN FLANDERS

An official despatch from the Adjutant General, Ottawa, this morning to Mrs. P. A. Guthrie of this city contained the information that her husband Major Percy A. Guthrie had been wounded in action in Flanders and that particulars would follow. There were numerous stories current this morning that Major Guthrie's wound was serious but this lacked information.

Major Guthrie was with the 10th Battalion, Canadian Expeditionary Force, a western battalion. He volunteered to join that corps shortly before the fighting about Langwarke. He left Fredericton with the first draft from the 71st York Regiment in August. He was appointed to the 12th Battalion and was afterward promoted to the rank of major in that battalion. He left that corps in England going to Flanders in a legal capacity connected with the army.

ness is a naval arsenal of Great Britain on the Thames.

The Admiralty, in confirming the explosion on board the Princess Irene says that seventy-eight workmen must have perished in the disaster. The statement of the Admiralty says:

"The Princess Irene was accidentally blown up in Sheerness Harbor this morning. So far as can be found out, only one survivor was picked up. Three men belonging to the ship were not on board at the time of the disaster.

"Several men belonging to the vessels lying close to the Princess Irene were wounded by falling splinters."

Women are being employed as conductors in Great Britain. It is a cinch for they will be successful when it comes to handling men they are past masters.

The German Press calls Italy treacherous. She can't call her sudden.
