ADVERTISE IN THE MAIL AND GET RESULTS.

A Law Regulating The Sale of Milk in the City of Fredericton.

1. No person shall sell or offer for sale milk in the City of Fredericton without having first procured a license so to do, from the local Board of Health.

2. Every person applying for a license to sell milk within the City of Fredericton shall, with the application therefor, furnish the Board with a declaration in writing that all cows belonging to him which supply milk for the purpose of sale have been tested with the Tuberculin within one month from the date of such application by a veterinary surgeon, recognized as such by the Board, for the diagnosis of tuberculosis and that he will not sell or offer for sale in the said City of Fredericton, any milk procured from any cow which has not been so tested.

3. Every person so applying as aforesaid shall also furnish along with the application and with said declaration, a certificate in writing from an accredited veterinary surgeon, approved by the local Board of Health, certifying that all the cows from which the applicant procured any milk for the purpose of sale, have been tested within one month from the date of such application, with Tuberculin for the diagnosis of tuberculosis, and that the said cows and each and every one of them are entirely free from Tuberculosis, Cow Pox, Actinorhynchosis, Puerperal Fever, Retention of the Placenta or any other malignant or contagious disease. All certificates from veterinary surgeons shall be on forms approved of and supplied by the local Board of Health.

4. And every person owning or keeping herds from which milk is sold in the City of Fredericton, shall, upon making any additions to said herds, have each and every addition properly tested with Tuberculin for the diagnosis of tuberculosis and shall file a certificate from an accredited veterinary surgeon that said additions are free from tuberculosis.

5. And every person selling milk in the City of Fredericton shall have their entire herd of cows properly tested for tuberculosis as before provided, at least once every year, between the first of April and the first of May. Should the Board deem it necessary in the interest of the public health, they can order any or all herds from which milk is supplied to the City of Fredericton to be tested with Tuberculin as before described, twice during the year.

6. Every license to sell milk within the City of Fredericton shall be subject to the condition that the licensee shall and will observe, abide by and perform all the restrictions, conditions and regulations from time to time adopted or enacted by the local Board of Health during the currency of said license or any renewal thereof, and upon the said licensee failing to observe, comply with or perform any of such restrictions, conditions or regulations, the license granted to such vendor of milk shall forthwith become null and void.

7. Every licensed vendor of milk offering milk for sale in the City of Fredericton shall at least once a year, deliver to the Board of Health a statement containing (1) His name and address; (2) The source or sources of his milk supply; (3) The number of cows in his possession; (4) The average quantity of milk disposed of either (a) to milk shops, (b) to milk vendors, (c) or to private consumers; (5) The situation of his dairy or dairies, and such other information as the Board or its officers may deem necessary.

8. Every licensed vendor of milk shall comply with the various clauses of the Public Health Act by giving notice to the local Board of any cases of contagious disease in his family or in his farm house or shop at which, from which, or in which the milk is either sent or received, and he shall further carry out the restrictions laid upon him by the local Board under the Public Health Act.

9. No licensed milk vendor shall sell or offer for sale in the City of Fredericton any milk which is unwholesome or unfit for human food, or any milk which has been adulterated, or has been reduced or changed by the addition of water or other substance, or by the removal of cream, or milk known as swill milk, or milk from cows or other animals fed upon garbage or the like substance, or milk from diseased animals; but skimmed milk may be sold as such if contained in cans or vessels bearing upon their exterior the word "Skimmed" placed conspicuously in letters not less than two inches in length; and no person shall supply such skimmed milk unless such quality of milk is asked for by purchaser.

10. Every licensed milk vendor shall permit all his milk cows and cow byres, and all dairies and other places in which milk is sold or kept, to be inspected by the Health Officers, or person or persons appointed for that purpose by the Board of Health whenever any such officers may desire to do so, and no licensed vendor of milk shall keep any milk intended for sale, or which may be afterwards sold or offered for sale in the said city, in any place where such milk is likely to become unwholesome or liable to produce disease, either by reason of adulteration, contamination with sewerage, absorption of disease germs, infection of cows, uncleanness, or any other unrecognized cause, nor

in any place condemned by the Board or its authorized official, nor carry it in any wagon of vehicle used for the conveyance of swill, manure, or any other offensive material.

11. Every licensed vendor of milk shall have the number of his license conspicuously placed on the wagon or vehicle from which the milk is sold, and every can or vessel from which it is sold when no vehicle is used.

12. Every dairyman and vendor of milk and every driver of milk wagons or vehicles having in his possession in the City of Fredericton milk for sale in the said city at the time, shall, whenever so requested, furnish the Inspector of the Board with such samples of milk as he may require from time to time and at such places as the samples may be demanded.

13. Every sample of milk shall have a label attached to the vessel containing it, which shall have written thereon at the time of collecting it, the number of sample, date of collection and the initials of the officer or inspector receiving the same, who shall at once enter in a book (carried for that purpose) for further reference, a corresponding number with the name of the owner or driver from whom the said sample was obtained.

14. Each sample shall be examined separately according to its number, by the medical health officer or person appointed for the purpose, who shall register the specific gravity, temperature and percentage of butter fat, opposite a corresponding number in a book kept for that purpose, the names of the owners to be subsequently inserted.

15. The Health Officers and Sanitary Inspectors are authorized and required to inspect, as often as to them or any of them seem necessary, all Milk offered for sale whether on any of the streets, public places or shops of the said City, and to seize and destroy all such Milk which may, on such inspection, be found unwholesome or unfit for human food.

16. Any one infringing any of the above regulations will be subject, for every offence to a penalty not exceeding Forty Dollars.

17. These regulations will come in force on the first day of June, 1912.

Passed and enacted this twenty-sixth day of April A. D. 1912.
CHAS. W. BECKWITH,
Secretary Health District,
No. 1, City of Fredericton.

JOHN M. WILEY,
Chairman.

WEALTHY SUBURBS ATTRACT CHURCHES

Montreal, April 30—"Churches go where cream is," said Rev. Dr. Campbell, when at last night's meeting of the Montreal Presbytery, the congregation of St. Antony Street Presbyterian Church obtained permission to locate in Westmount, Montreal's most fashionable and wealthy suburb.

Dr. Clarke remarked at once that the discussion that there was a danger of Westmount being over-churched. He took exception to the phrase employed by Dr. Campbell "that the ministers of Westmount had had the cream to lick," which he felt, indicated some feeling of jealousy.

TO INVESTIGATE MEDICAL WORK

Boston, Mass., April 30—A party of distinguished American medical authorities sailed from Boston today on a two months' tour of investigation in Europe. The party of physicians will inspect the big hospitals and medical schools in London, Paris, Vienna, Berlin and other European centres and upon their return will recommend to the similar institutions in America the adoption of such features and methods of work as are deemed desirable. Included among the members of the party are Dr. Henry A. Christian, dean of the Harvard Medical School; Dr. Lawrence F. Rhea, pathologist of the Montreal General Hospital; Dr. Francis G. Peabody, an instructor in John Hopkins Hospital at Baltimore; Dr. Thomas F. Leen, head physician in the Carney Hospital of Boston, and Dr. George F. O'Day of Worcester.

Ryan Has a Preparation That Will Grow Hair Abundantly

This is an age of new discoveries. To grow hair after it has fallen out today is a reality.

SALVIA, the Great Hair Tonic and Dressing, will positively create a new growth of hair.

If you want to have a beautiful head of hair, free from Dandruff, use SALVIA once a day and watch the results.

SALVIA is guaranteed to stop falling hair and restore the hair to its natural color. The greatest Hair Vigor known.

SALVIA is compounded by expert chemists.

Watch your hair if it is falling out. If you don't you will sooner or later be bald.

SALVIA prevents baldness by fastening the hair to the roots.

Ladies will find SALVIA just the hair dressing they are looking for. It makes the hair soft and fluffy and is not sticky. A large bottle, 50c.

RICHESON MAY ESCAPE THE DEATH CHAIR

Boston, April 28—Following the hearing before Governor Foss, at the State House yesterday, on the petition to save Clarence V. T. Richeson from the electric chair it was unofficially announced that Governor Foss will recommend to his Council that the slayer's sentence be commuted to life imprisonment.

Affidavits from Virginia were submitted, telling of insanity in Richeson's family, several members of which are in lunatic asylums. The peculiar actions of Richeson before and after the murder were also related.

Members of the Council who were seen last night said they would vote against the commutation of the sentence.

KINGS CLEAR

April 28—The weather is very cold and does not appear very spring like.

Mr. Manassa Dunphy expects to put the ferry boat in commission on Tuesday. He has offered the boat for sale as he has bought his father's farm and will not be able to attend to the ferrying.

Mr. Tabor Everett has moved into the house on his adjoining farm.

Miss Anna Cliff is spending Sunday at her home. She is teaching at Hanwell.

Mr. D. F. Knight spent Sunday at his home.

Mrs. Isabel Sears who has been very sick with la grippe is not much better.

Quite a number of our young men have gone stream driving. The farmers are busy hauling potatoes and hay to Fredericton for shipment.

We are glad to hear that Mrs. Margaret Mills is improving. She has been sick for the past three months.

The funeral of the late Mrs. James Thorburn took place Sunday April 14th and was very largely attended by friends, relatives and neighbors. The floral tributes were very beautiful. Much sympathy is extended to the bereaved family.

Mr. and Mrs. Vincent Miller are receiving congratulations on the arrival of a baby boy and Mr. and Mrs. Charles Poor are receiving congratulations on the arrival of an eleven pound baby boy.

Little Bessie Murray infant daughter of Mr. and Mrs. C. Murray recently had the misfortune to break her arm by falling. She is doing as well as can be expected and is under Dr. Robertson's care.

Quite a number of farmers are clearing the right of way on their farms for the St. John Valley Railway.

Wood's Phosphatine,
The Great English Remedy.
Tones and invigorates the whole nervous system, makes new blood in old veins, cures Nervous Debility, Mental and Brain Worries, Despondency, Sexual Weakness, Emissions, Spermatorrhoea, and Effects of Abuse or Excesses. The Wood Medicine Co., formerly Wood's, Toronto, Ont.

OUTBREAK OF SMALLPOX NEAR CORNWALL, ONT.

Toronto, Ont., April 30—Dr. R. W. Bell, inspector of the provincial board of health, reported fifty-nine cases of smallpox in the Village of Summerville, near Cornwall. Dr. Bell found it necessary to close two schools and one church and gave imperative instructions regarding the enforcement of the quarantine regulations.

The Village of Summerville has a population of about a hundred and half of these are afflicted.

SPRING FRESHET DAMAGES THE N.T.R.

Edmundston, April 30—A spring freshet on the St. John River near the mouth of the Madawaska, washed away about two hundred feet of the road bed of the new Transcontinental Railway.

HONOR FOR FRENCH DELEGATES

New York, April 30—Elaborate arrangements are being made, for the banquet to be given in this city tomorrow night in honor of the distinguished French delegation that has just arrived here with the bronze bust of "La France," which is to be presented to the United States and to be placed at the base of the monument to be dedicated next June to Samuel de Champlain, the French navigator and explorer. The delegation is headed by Gabriel Hanotaux, the noted historian, member of the French Academy and former foreign minister. M. Jusserand, the French ambassador at Washington, will attend the banquet and Attorney General Vickersham will be present as the official representative of the government.

Harry Lauder is to play an American engagement this season and the coming one.

A YANKEE SEED POTATO CUTTER

It is one of the greatest time and labor saving devices imaginable. With it a man can cut 50 bushels in a day and cut them as uniformly as could be done by hand. You can hardly afford to cut by hand when you can get one of these cutters for \$3.00.

Let us demonstrate it to you or write for circular. We have wired for a third carload of Bissell Disc Harrows. It is the harrow that progressive farmers insist on having.

J. CLARK & SON FREDERICTON and ST. JOHN

"NEWSY" LALONDE SIGNED

(Canadian Press.)

Toronto, April 30—The Toronto Lacrosse Club, after two weeks negotiating, have succeeded in signing "Newsy" Lalonde, at a salary said to be about \$5,000. Secretary Hubbard of the Toronto's, states that Lalonde has been signed as player manager.

Never fill a lamp completely. If it is filled in a cold room and then taken into a warm one expansion will occur and the oil will overflow on the sides.
