## Doan's Kidney Pills

Are the Best Remedy in The World FOR BACKACHE.

Many people fail to understand the significance of a lame, weak, sore or aching back.

You overtax the kidneys—give them more work than they can possibly do—then they cry out in protest through the pain in the back.

Backache is simply kidneyache and the best remedy in the world for backache and all kidney troubles is Doan's Kidney Pills.

We have thousands of testimonials from all quarters of the globe to prove this. Here is one from a party who used them in England, but who is now a resident of Canada.

Mr. P. R. Glanville, Wycliffe, B.C., writes:—"When living in the 'Old Country' three years ago, I suffered severely from pains in the back, and had to give up work. The pain was so bad that when I stooped down to pick anything up, I felt my back must break. I tried all sorts of remedies and several doctors, but all to no purpose. One day I read of Doan's Kidney Pills, and thought I might as well try them, and to my surprise, before I was half through one box the backache had entirely disappeared, and it has not caused me any trouble since. I always keep 'Doan's' in the house and shall always recommend them to all sufferers."

Price 50 cents per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

When ordering direct specify "Doan's."

## MAY SOLVE HEADLESS BODY MYSTERY

Woonsocket, R. I., July 12.—The authorities are hopeful that when Henri Deslovers is given a preliminary hearing in court tomorrow some facts may be brought to light that will help solve the headless body mystery which has greatly agitated all this section of New England for several weeks past. Deslovers has been under arrest since June 30, three days after the decapitated body of Angele Parpentier, with whom he had been living, was found in the Blackstone River. Though the head of the victim has never been found, her identity was established by the finding of a bundle of clothes on the river bank a few hundred yards from where the body was first seen.

Deslovers continues to maintain his innocence of the murder of which he is suspected. He adheres to his original story that the woman disappeared on June 4 and that he did not see her after the early morning of that date. In contradiction of the statement several neighbors are expected to testify at the hearing that the man and woman were heard quarrelling on the day the murder is supposed to have occurred and that the couple were seen walking towards the river on the evening of June 4. From this walk the woman is believed never to have returned.

IN TIME OF PEACE  
PREPARE FOR MORE PEACE

The old maxim of the militarists, quoted the other day by the Hon. Colonel Hughes—"In peace prepare for war"—is disproved and repudiated alike by reason and by history. So long as war was counted the chief business and highest glory of nations that maxim passed unchallenged. Now that civilization has begun to discredit war between nations, as long ago it discredited duelling and assault between individuals, the maxim of semi-barbarism gives way to the saner counsel: In peace prepare for more peace.

This distinction cuts far deeper than mere words. It openly and deliberately establishes peace, and not war, as the chosen objective of the nation. It frankly and unabashedly renounces military glory as an end ever to be desired. It accepts what all history teaches, that to the victors even the victories of war are not gain, but loss. It rejects the shallow claptrap that the law of the survival of the fittest in war works for the physical and moral betterment of the nation. In war that law of evolution is reversed. The fittest do not survive. The young, the physically fit, the morally courageous were first to be chosen and first to fall. The war nations bred from less than their best—from the undersized, the under-heroic, the calculating. Like father, like child. Every great war was followed by physical degeneration. In matters of commercial honesty the investigations into scandals over army equipment and food supplies for the soldiers in camp and on the field proved that the reflex of war was damaging to business morality. The records are not of pagan nations alone, but of Britain, of the United States, and even the brief records of Canada yield shameful evidence. War is discredited as a purpose of peace.

The century of peace between the United States and Canada justifies up to the hilt the more civilized counsel: In peace prepare for more peace. Had there been war preparations on the Great Lakes and along the boundary, who can tell what war experiences would have stained our reducing and removing the remnant and reminders of the old-time "prepare-for-war" policy. What these two nations have done on this continent can be done in Europe just so soon as international war empires are broken and in peace the people prepare for more peace.
