ALL CHILDREN LOVE

"SYRUP OF FIGS" FOR
LIVER AND BOWELSGive it When Feverish, Cross, Bilious,
For Bad Breath or Sour
Stomach.Look at the tongue, Mother! If
coated, it is a sure sign that your
little one's stomach, liver and bowels
need a gentle, thorough cleansing at
once.When peevish, cross, listless, pale,
doesn't sleep, doesn't eat or act
naturally, or is feverish, stomach
sour, breath bad; has stomach-ache,
sore throat, diarrhoea, full of cold,
give a teaspoonful of "California
Syrup of Figs," and in a few hours
all the foul, constipated waste, un-
digested food and sour bile gently
moves out of its little bowels with-
out griping, and you have a well,
playful child again.You needn't coax sick children to
take this harmless "fruit laxative,"
they love its delicious taste, and it
always makes them feel splendid.Ask your druggist for a 50-cent
bottle of "California Syrup of Figs"
which has directions for babies,
children of all ages and grown-ups
plainly on the bottle. Beware of
counterfeits sold here. To be sure
you get the genuine, ask to see
that it is made by "California Fig
Syrup Company." Refuse any other
kind with contempt.PRESS COMMENTS ON
BOMB PLOTTERS

"DESERVE PUNISHMENT"

Chicago Tribune—"Aliens who re-
pay our generous hospitality by
breaking our laws against the lives
of our people as well as against
our international obligations deserve
the limit of punishment."

"STORY PREPOSTEROUS"

Philadelphia Evening Ledger—"No
one will be convinced that Robert
Fay was sent here by the German
Imperial Secret Service to cripple
or destroy steamships destined for the
Allies. The story is preposterous.
Germany, after all, is not a child
among the nations."

"A SORDID TALE"

Philadelphia Inquirer—"It has been
a sordid tale of interference with
the rights of citizens of the United
States from the beginning. There
was first the appeal of the German
Ambassador to the public to rise in
protest against the sale of munitions."

"ACTS OF OUTLAWRY"

Baltimore American—"It is cer-
tainly not to be tolerated, this in-
terposition of foreigners in American
affairs and efforts by acts of out-
lawry to destroy forms of Ameri-
can enterprise or American products."

"AUSTRO-GERMAN POLICY"

Springfield Republican—"Ambassa-
dor Dumba's share in a contemplat-
ed conspiracy to instigate strikes in
munition factories left our people in
a mood to believe almost anything
that might be charged against those
who control Austro-German policy in
this country."

"GERMANY'S PROTESTATIONS"

Pittsburg Gazette Times—"All of
Germany's concessions in the matter
of controversies growing out of her
submarine attacks involving Ameri-
cans, and her solemn protestations of
friendship, would go for naught if
it should turn out that this trio in
New Jersey were acting authorita-
tively for the Berlin government."

"GERMAN AGENTS"

New York Times—"Fay's confes-
sion will come when the national
government of the American public
will pluck up courage enough to deal
German agents in a 'friendly' neu-
tral nation as German officers deal
with British women in Belgium."

"FAY'S CONFESSION"

New York Times—"Fay's confes-
sion may be true or may be false.
Against its credibility would be ur-
ged the ineffectiveness of his labors.
We have had much borne in upon
us that efficiency is the strong point
of the German government."

CHURCH SERVICES

REFORMED BAPTIST.

Rev. S. A. Baker, pastor.
Preaching at 11 a. m. and 7 p. m.
Sunday School and Adult Bible
Class at 2:30 p. m.
Seats free. All welcome.

All welcomed.Fifty per cent. of London boys en-
gaged in street trading sell news-
papers, and twenty per cent. sell
milk.The estimated population of New
Zealand, including Maories is 1,084,
462.

Good Table Manners

The teacher had written on the
blackboard the sentence, "The toast
was drank in silence," and turned to
her class for them to discover the
mistake. Little Tommy waved his
hand frantically, and, going to the
board, scrawled the correction, "The
toast was eaten in silence."

Photographing Oneself

Take a wood spring clothespin and
shape out one end so that it grasp
the bulb of the shutter and the
spring tends to press on the bulb.Then the other ends are brought
together so as to release the bulb
and are tied with string or thread.
On this is put a piece of lace of some
length.Lighting the fuse, the person goes
to the start point before the camera
and when the string is burned the
clothespin presses the bulb and makes
the exposure.

Wood's Phosphorine.
