## O YOU FLEMMING ROADS.

Hon. H. F. McLeod and Mr. John A. Young, members of the government ticket in York County after holding forth at great length at Harvey Wednesday night on the excellence of the highways under the Flemming government had to arouse a good Liberal of Hanwell from his sleep at about 1 a. m. Scores of persons who were shouting for Hazen and McLeod four years ago are today as dumb as oysters. They make no bones about saying that they are disgusted with Flemming rule. ## KIMBALL DISMISSED THROUGH TORY INFLUENCE

Mr. George W. Kimball, Liberal candidate in Sunbury, through Tory influence has been dismissed from his position as foreman at the Mitchell Room by the St. John River Log Driving Company. Mr. Kimball's dismissal has come after thirty years faithful service, ten of which was as foreman.

The dismissal will not injure Mr. Kimball in the political field, but will aid him, as the electors of Sunbury, particularly those who have been employed under him, will stand by him and are particularly incensed by this exhibition of spite on the part of the government party.

Reports from Sunbury are to the effect that the opposition is steadily gaining ground and the government forces are hopelessly divided. The factions led by Messrs. Perley and Glasier respectively have opposed one another for years, and the breach between them has not been healed in the present contest.

Speaking to The Mail by telephone Friday afternoon, Mr. Kimball stated that he was in the fight to win, and felt sure he would win. The action of the Log Driving Company will make no difference to him, and he feels it will help him.

Since the action of the company has been announced many citizens of Sunbury have expressed sympathy for him and assured him of their support.

## SLASHED WITH KNIFE AND CLUBBED IN ATTEMPTED HOLD-UP

Three Strangers Attacked Harry Pond of Gibson in Front of Parliament Building Late Last Night--Assailants were Frightened away in Midst of Attack--Suspects were seen about city Yesterday

Harry Pond of Gibson, was slashed with a knife and struck on the head with a club shortly before midnight last night during an assault by three unknown men made upon him in front of the Parliament Buildings. James Hunter of this city, happened along at the time the assault was made and Pond's assailants became frightened and ran away.

## TRIED TO TAKE WATCH.

Pond's story is that he was walking along Queen street in front of the Parliament Buildings at about 11.30 when he was accosted by three men. One asked him what time it was and when he pulled out his watch tried to snatch it. One of the trio pulled a knife and slashed at Pond and another struck him, over the ear. The blow was a glancing one and Hunter coming along at the time the three left hurriedly. The knife cut Pond's sleeve and inflicted a slight wound on his arm. He was able to take fairly sharp notice of his assailants and the description he gives

will probably enable the men to be traced. One of them wore a pair of overalls and blue coat which made him very noticeable.

## TRIO RECOGNIZED.

Three men corresponding in appearance to the three who made the attack on Pond were seen about Regent street yesterday and were ordered out of the Waverly Hotel, their presence not being desired. This trio was also watched by the police about the city, the taller of the three who wore the overalls being particularly noticeable. A close watch is being kept for the men.

## MANY UNDESIRABLES ABOUT.

The three men who are wanted in the present case, as far as is known came here to work at railroad construction. The demand for labor which results from activity in railroad construction has attracted a number of undesirables to the city and trouble from them may be expected.
