

ONCE MORE FROM NEW BRUNSWICK

Comes a Tribute to Dodo's Kidney Pills.

WILLIAM NASH, A WELL-KNOWN FARMER, TELLS HOW THEY CURED HIM AFTER TWO YEARS' SUFFERING.

Marchbank, Kings Co., N. B. Feb. 26—(Special)—After two years' suffering from Kidney Disease, William Nash, a well-known farmer here, is a well man and, like many another in this neighborhood, he is shouting the praises of Dodo's Kidney Pills. "My trouble started from a strain," Mr. Nash says. "And for two years it gradually grew worse. My appetite was fitful, I had dark circles around my eyes and my skin had a harsh, dry feeling and itched and burned at night. I was troubled with headaches, cramps in the muscles and stiffness of the joints. Rheumatism finally developed and I was a sick man generally when I decided to try Dodo's Kidney Pills. They helped me almost from the start and two boxes cured me."

Dodo's Kidney Pills simply cure sick kidneys. They cured Mr. Nash because every one of his ailments is a symptom of Kidney Disease. Anybody who has any two of these symptoms needs a kidney remedy, and the greatest of all kidney remedies is Dodo's Kidney Pills.

OUR CANADIAN BOYS

(By Rev. H. E. Cooke.)
God be with you on the firing line,
With His might hand protect you,
And His loving eye direct you,
God be with you on the firing line,
On the firing line, on the firing line,
Till the foe surrenders on the firing line.

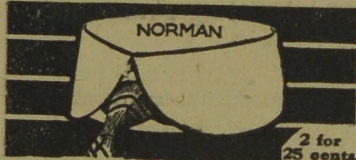

On the firing line, on the firing line,
God be with you on the firing line,
God be with you on the firing line,
May He blind the foe before you,
From the shot and shell defend you,
God be with you on the firing line,
On the firing line, on the firing line,
Till the foe surrenders on the firing line.

On the firing line, on the firing line,
God be with you on the firing line.

God be with you on the firing line,
In the trenches may He hide you,
From a warrior's eye exempt you,
God be with you on the firing line,
On the firing line, on the firing line,
Till the foe surrenders on the firing line.

On the firing line, on the firing line,
God be with you on the firing line.

God be with you on the firing line.

WHY THE MAIL ORDER HOUSES GROW

(From American Artisan)
The report of the 1914 business of Sears, Roebuck & Company, which has just been published shows that the gross sales for the year were over \$100,000,000 and that the year's surplus will amount to about \$6,000,000 which will give the company a surplus of approximately \$23,000,000 over and above the seven per cent. dividend which is paid on \$50,000,000. Only one month shows a loss, as compared with 1913, and that was a very immaterial one.

In view of all that has been said about the hard times and poor business it is, therefore, very interesting to know that not only has this big mail order house increased its sales over five per cent. during the past year, but also managed to pick up a small item like \$8,500,000 in profit.

How many retail hardware stores increased their sales during 1914 by five per cent. and realized a net profit on their total business of eight per cent?

There is only one explanation of the continued growth of this mail order house, and of others equally well managed, and this explanation is not found in their superior buying ability. It is found in the fact that day after day, week after week month after month, this concern has kept on and keeps on seeking business.

No matter how cheaply Sears Roebuck & Company might have brought merchandise during the past year—if they had not kept on advertising and seeking business in every community, on every line of merchandise that they handle, from every sort of people, their sales would not have been as large as they are.

This mail order house has only one method of getting business—Advertising—only one kind of advertising.

They use no trading stamp schemes, they have no piano contests, they give no donkeys away, have no popular lading voting competitions—straight merchandising advertisements are their only means of securing business.

But they use, that means, and many a home in your community re-

CANADIAN NURSE IS BACK

taken from a little girl's leg. This little child had to have her limb amputated. The missile struck her while she was playing in the streets of Paris during one of the air raids of the Germans.

Miss Lindsay was shown the Surgical Supply booklet, compiled by Mrs. Plumptre, superintendent of supplies for the Canadian Red Cross Society, and she thoroughly endorsed it and made a few suggestions which will be added to the next edition, which will be published shortly. Miss Lindsay has applied to the government for a position as a nurse in the next contingent of Canadian nurses which will leave Canada for the front in the near future.

Miss Lindsay is the first nurse to reach Canada from the front since the outbreak of war and her vivid description of conditions existing near the firing line cannot but impress all Canadians, especially so many of our brave soldiers are probably now, if not in the actual firing line, very near it. She has come right from the scene and tells how badly warm clothing and little luxuries such as candles and tobacco are needed by the men. We feel sure that the people of Canada will rise to the occasion as they have done so often before and take the words of Miss Lindsay to heart.

All warm clothing, surgical supplies, candles, tobacco, socks, shirts, etc., etc., may be sent to the different provincial headquarters or to the head office at 77 King street, East, Toronto.

to their quality, and the potatoes should be just what he claims them to be and if the buyer knows that the product are just what they are said to be, he will place implicit confidence in the grower and buy his potatoes according to grade. Higher prices can thus be secured and greater satisfaction will exist.

Prof. M. T. Cool, New Brunswick N.J., plant pathologist at the New Jersey experiment station, the concluding speaker, delivered an address on "The Diseases of Potatoes in New Jersey." This speech received the close attention of all present and proved a very valuable addition to the papers already delivered, especially that of Dr. Morse from the Maine experiment station.

AFTERNOON SESSION.

An interesting paper on "The Demands of the Southern Trade," by W. L. Elzey of Exmore, Va., a representative of the East Shore Farmers' Exchange, was the first thing of the program at the closing session.

He told of the factors that brought about the organization of the East Shore Exchange when potato-raisers were not earning enough from their product to pay their taxes. He called a meeting of those interested in increasing land values on the east shore, back in 1893, and as a result of this meeting the farmers banded together and have a strong organization.

The next speaker was C. R. Leland of Augusta, who spoke on "Certified Seed Potatoes," and he stated in his remarks that the south demands in its seed stock purity to type of variety, freedom from disease and high yielding quality. It had been shown by figures that with one exception, Maine is securing twice the yield of any potato-growing state east of the Rocky Mountains. This, then, is an advantage to us which the southern grower will consider in having his seed providing the seedman of Maine are able to meet the requirements at other points.

IF CONSTIPATED, OR BILIOUS "CASCARETS"

To night! Clean Your Bowels and
Stop Headache, Colic And
Sour Stomach

Get a 10-cent box.

Take a Cascaret tonight to cleanse your Liver, Stomach and Bowels and you will surely feel great by morning. You men and women who have headache, coated tongue, a bad cold, are bilious, nervous, upset, bothered with a sick, gassy, disordered stomach or have backache and feel all worn out. Are you keeping your bowels clean with Cascarets—or merely forcing a passage every few days with salts, cathartic pills or castor oil?

Cascarets immediately cleanse and regulate the stomach, remove the sour undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels.

Remember, a Cascaret tonight will straighten you out by morning. A 10-cent box from your druggist means healthy bowel action, a clear head and cheerfulness for months. Don't forget the children.

STRICTLY CASH BASIS

Shortly after the reconstruction period began, an old southern planter met one of his negroes whom he had not seen since the latter's liberation.

"Well, well!" said the planter. "What are you doing now, Uncle Josh?"

"I'm a preachin'."

"What! You preachin'?"

"Yessah, marster, I'm a preachin'."

"Well, well! Do you use notes?"

"Nossuh. At the first I use notes but now I de-mands de cash."

NEVER SATISFIED.

They were just about to get married and were discussing the details of domestic economy.

"But I'm afraid, dearest, we shall not be able to afford a servant at first," he said, looking tenderly at her.

"Oh Harry, whatever will the neighbors say when they see me doing my own work?"

"Why, darling," replied Harry, genuinely puzzled, "whose work do you want to do?"

**That Racking
Persistent Cough
Can Be Quickly Cured By
DR. WOOD'S
NORWAY PINE SYRUP**

All obstinate coughs and colds yield quickly to the general action of "Dr. Wood's" for the simple reason that this valuable preparation combines all the lung healing virtues of the Norway pine tree with which is combined Wild Cherry Bark, and the soothing, healing and expectorant properties of other excellent herbs and barks. This makes it, without any chance of denial, the best cough medicine on the market to-day.

When you ask for "Dr. Wood's" see that it is put up in a yellow wrapper; three pine trees the trade mark, and that the name, The T. Milburn Co., Limited, Toronto, Ont., appears on the wrapper. Price, 25c and 50c.

Mrs. H. C. Kingston, Moose Jaw, Sask., writes: "I wish to recommend Dr. Wood's Norway Pine Syrup as being the best cough medicine on the market. A few months ago I took a severe cold which left me with a racking cough. After trying several cough remedies, with no result, I decided to get a bottle of Dr. Wood's Norway Pine Syrup, and after taking the first two doses it began to effect a cure, and after continuing its use for a short time, I was entirely cured. I cannot say too much in its praise."
