

## Bulgarians are Rapidly Closing in on Adrianople

Two of the Outer Forts of City Captured After a Sharp Artillery Duel--Attacking Force Had Many Casualties--League of Balkan States Opposed to Making Albania an Autonomous State--Roumania Making Large Purchases of War Materials--Turks Being Hard Pressed

Sofia, Nov. 9.—The Bulgarian army besieging Adrianople today captured Kartalope and Papatepe, two of the outer line of forts defending the city. They were taken after a desperate artillery duel by the besiegers and defenders. The Bulgarian troops suffered a large number of casualties.

Belgrade, Serbia, Nov. 9.—The league of the Balkan nations is utterly opposed to making Albania an autonomous state as desired by Germany, Austria, Hungary and Italy, said Premier Pachitch of Serbia in the course of an interview here today.

The premier laid emphasis on the fact that the allied Balkan states were working in complete harmony on all questions. He declared that they demanded the complete disappearance of the sovereignty of the Sultan from European Turkey and the division of the territory among the victorious nation belonging to the Balkan league.

The partition of Turkish territory, he said had already been arranged along broad lines by the allies, the only question left open for discussion being there as the destinies of Constantinople, Saloniki and the Dardanelles.

The fate of Constantinople and the Dardanelles said the Premier, would be left to the decision of the European powers. As for Saloniki however, the Balkan had not yet received an agreement as who was to have it.

### A SEVERE BATTLE

Uskup, Turkey, Nov. 9.—The battle which resulted in the capture of the Turkish city of Priliv by the Serbian troops was one of the most severe that has been fought on this side of the Balkan peninsula. The Serbians lost 2,500 killed and wounded, while the Turks suffered 6,000 casualties. The battlefield is still covered with corpses.

### WILL MAINTAIN ORDER.

Paris, Nov. 9.—Kiamil Pasha, the Turkish Grand Vizier, has informed the foreign ambassadors in Constantinople that he will maintain order there until the end. If, however, the Turkish capital should be occupied by the invaders, the Grand Vizier declared that he could not be answerable for what exasperation of the population might lead to. Anything that might happen there would be on the conscience of Europe, he said.

According to a special despatch to The Mail, the Grand Vizier said: "Do not think that either I or the Sultan will abandon Constantinople. My sovereign will await death in his palace and I in my office."

The aged Noradunghian Pasha, the Turkish minister for foreign affairs, there with singular tenacity in spite of his eighty-five years. He appears to be infusing new life into the population of the Turkish capital.

For eleven days he has not left his office. He eats there and sleeps there, throwing himself in the early hours of the morning on a bed in order to snatch a few hours' sleep. In the course of an interview today he said:

"This tragic hour is no time for irony," and continued bitterly: "If it was I would post on every wall of the capital and print in big type in every Turkish newspaper the solemn declaration made three weeks ago by the European powers that they would not permit the seizure of Turkish territory. At the same time I would publish the text of the twenty-seven treaties concluded during the past century by the nation of Europe guaranteeing the integrity of the Ottoman empire."

London, Nov. 9.—An uncensored despatch received by the Daily Chronicle from Constantinople says:—"Friday—Saloniki has been occupied by the Greek troops. Their approach was attended by awful scenes. Before the Greeks entered the town the elements of disorder broke loose

and a terrible massacre of the non-Muslim people took place. Shooting and looting were general. When the Greeks took possession they imprisoned all pasha's officials and Turkish officers. The Turks in captivity in Saloniki numbered 25,000.

### TURKS DEMORALIZED

London, Nov. 9.—A despatch received here and credited to the correspondent of the Vienna Reichspost, describes the Turkish army as utterly demoralized. The correspondent says that while detachments slink along unarmed, tattered and hungry and 'glad' to be taken prisoners so that they may hope for a meal. They whole country at the scene of the fighting is strewn with war material and military debris.

The correspondent adds that the negotiations for the surrender of Adrianople have met with no result but that since the Bulgarians have seized a dominant position on the northwest the capitulation of the city is close at hand.

### A DISMAL PICTURE

London, Nov. 9.—A dismal picture of the Turkish situation at Tchatalja is sent from the Turkish position by a correspondent of the Daily Chronicle dated Thursday. He says the line is held largely by raw recruits hastily marched from the capital.

"They are making frantic efforts to put the defenses in order against the Bulgarians advance," continued the correspondent. "Attempts are being made to weld together the disintegrated atoms of what once was an army. The few officers available are working like slaves."

Hodjas of Stamboul with protests and the sacred green flag are attempting to revive the spirits of troops and restore Turkish military prestige by preaching a holy war. They are entreating the religious chiefs to rise up and exterminate the infidel invaders. The soldiers

## JACK JOHNSON BEHIND THE BARS

Chicago, Nov. 9.—Jack Johnson's first night in the Cook County jail netted him six hours sleep.

"You know I have been disturbed a whole lot in the last month or so," said the negro pugilist before retiring after his efforts to obtain freedom had been frustrated by irregularities in bail bonds that were intended to hold him for trial on charges of violating the white slave law.

Johnson was assured that he would not be disturbed. When he awoke six hours afterwards he declared that he had passed a restful night. He was eager for a sight of the newspapers and bought a copy of every one available.

## MANY WERE KILLED IN RAILWAY COLLISION

Cartersville, Ga., Nov. 9.—Nine men are known to have been killed and fifteen others injured in a head-on collision between a Louisville and Nashville freight train and a work train at Emerson, near here, last evening. Most of the dead are negroes.

### LATE GERTRUDE MAY DRILLEN

make answer—"First give us bread." The last train from Tchatalja was so choked with troops and fugitives that many persons suffocated in the cars. People got on so thickly that nothing of the train could be seen but the smoke stack of the engine. The train had to go slowly in order to avoid decapitating soldiers who were sleeping on the track.

London, Nov. 9.—Correspondent of the Times at Uskup wires that several columns operating in the Monastirland Ochrids districts have Durazzo as their objective point. This advance by Serbia indicates a determination to disregard Austria's warning and will accentuate the difficulties between the Dreihund and the Triple Entente.

A Times despatch from Sinaia says the Roumanian Government has set aside further large sums for the purchase of war material it is intended to fully equip the army to its normal strength of 400,000 men. The Times correspondent at Rodosto wiring under date of November 8th, says: "I went yesterday to Karishmiran all the Bulgarian movement seems to be in the direction of Visea, as there has been no pursuit on this front."

### AFTER TURKISH POSITIONS

Vienna, Austria, Nov. 9.—The Bulgarians are now attacking with all their strength the remaining Turkish positions about Tchatalja and the fall of these vital Turkish defenses in front of Constantinople is a matter of hours according to today's despatches from the Reichsposts correspondent.

### NO TRUTH IN IT

Sofia, Nov. 9.—Premier Guechoff of Bulgaria says there is no truth in report cabled abroad that the Turkish gorkish government has proposed Bulgaria to begin peace negotiations without the mediation of the powers.

## BOURASSA WILL NOT CONTEST HOCHELAGA

Montreal, Q., Nov. 9.—Le Devoir contains a statement today from Mr. Henry Bourassa announcing that he will not be a candidate in the Hochelaga contest. If the Government policy on the naval question is announced before nomination day, Artur Borement will run as independent Liberal he declared this morning. If there is no pronouncement the advice of Sir Wilfrid Laurier is likely to be followed and the issue fought out in parliament rather than at the polls.

## NEW YORK GUNMEN MAY PLEAD GUILTY

New York, Nov. 9.—The rumor persisted in and about the Criminal Court building today that the four gunmen, indicted for shooting down Rosenthal, desired to withdraw their pleas of not guilty and enter pleas to murder in the second degree. Their counsel, however, denied that any such move was contemplated and District Attorney Whitman would make no comment. The prisoners themselves, "Lefty Louie," "Whitey Lewis," "Dago Frank" and "Gyp the Bloot," had nothing to say.

### AGED AUTHOR TAKES TRIP ABROAD

Boston, Mass., Nov. 8.—Appearing as youthful and vigorous as most men of half his years, John T. Trowbridge, the veteran writer, sailed today for Italy, to spend the winter abroad. Mr. Trowbridge is eighty-five years old and is the last survivor of New England's famous group of authors and poets, which included Longfellow, Whittier, Emerson, Holmes and Lowell.

## STRIKING MINERS RETURN TO WORK

Victoria, Nov. 9.—After of a strike lasting over six weeks and affecting three thousand men employed by the Canadian Colliers of Vancouver Is., land, the end is in sight. Nearly one third of the men have returned to work and others are resuming daily in spite of the fact that the officials of the company have made no concessions.

Paris, Nov. 9.—As the employees were counting up the cash in the Post Office at Bezons, a suburb of Paris, four armed and masked men tonight burst into the room and fired a volley of shots from their revolvers killing the husband of the best mistress. Then they quickly gathered up all the money and stamps. The employees in the post office could give the police no further clue than that the bandits appeared to be youthful and were dressed in the garments of automobilists. They left behind a cap to which was pinned a small American flag and on which was stamped the name of a well known Paris night cafe.

## REVENUE IS BUOYANT

Country Still Feeling the Benefits of Liberal Statesmanship

Canada's Revenue Likely to Total One Hundred and Sixty Million Dollars—Expenditures Increasing

Ottawa, Nov. 8.—The federal treasury is filling up, pending the coming vaster expenditure under Hon. Robt. Rogers' administration of the public works department, the raid of British Columbia, and the "emergency" contribution of \$30,000,000.

The revenue for the first seven months of the fiscal year has totalled \$96,137,579, an increase of nearly \$20,000,000 as compared with the seven months from April to October, inclusive, of last year.

The revenue for last month was \$14,758,946, an increase of \$2,536,525 over October of last year.

Expenditures on consolidated fund account totalled \$51,275,393 for the seven months, an increase of \$11,000,000. On capital account, the expenditure so far reported to the finance department has been \$15,064,978, an increase of about \$1,000,000.

It is worth noting that despite Premier Borden's pre-election statements as to wasteful Liberal expenditures of the cost of ordinary administration, the new government has increased expenditures on this account during the past seven months by \$11,000,000, or nearly 30 per cent.

The revenue increase has been due principally to steadily increasing imports and the consequent growing customs revenue has totalled \$66,561,127, an increase of \$16,372,018 over the corresponding period of last year.

Excise revenue has totalled \$12,083,029, an increase of \$1,575,589.

The net debt of Canada at the end of the month was \$309,486,278, a decrease of \$4,022,098 during October and of \$9,000,000 during the twelve months.

The total revenue for the year will likely go over \$160,000,000.

### BRIGHT OPERA SEASON IN PROSPECT

New York, Nov. 9.—With every prospect of eclipsing all records for variety and brilliancy, New York's annual season of grand opera will open Monday night at the Metropolitan Opera House. The season will last twenty-three weeks, one week longer than usual. The chief feature of the season will be the opera in English by W. J. Henderson and Walter Damrosch. The opera bears the title "Cyrano," and is based on the famous play by Edmond Rostand. An afternoon cycle of "Der Ring des Nibelungen" will be given during the season, and there will also be several performances of "Parsifal."

Miss Stopford has returned from a month's visit to New York.

## MCMANAGIL TO TESTIFY IN DYNAMITE CASE

Has Been Borrowed From the California State Prison to Testify in Conspiracy Case--It was His Confession That Sent the McNamara Brothers to the Penitentiary--Many Incidents of Great Interest Embodied in His Confession

Indianapolis, Nov. 9.—Oetie B. McManigal, to whose confession as a dynamiter are attributed many of the circumstances which led to the imprisonment of the McNamara brothers in California and to the indictment in Indianapolis of 45 union labor leaders now being tried, was to take the stand as a witness for the government in the dynamite trial about noon today. Twice brought across the continent from Los Angeles, first to appear before the federal jury last winter, and now to testify before the very man whom he accused of having put him in the dynamiting business, McManigal has occupied a unique place in criminal annals.

The chief facts about him are he was indicted in Los Angeles County for blowing up the Llewellyn Iron Works December 25th, 1910, and now as a prisoner of California he is loaned to the federal authorities here. He confessed to the Llewellyn explosion for complicity in which John J. McNamara secretary of the Iron Works was sentenced to fifteen years imprisonment. He also confessed personally to causing twenty other explosions. He asserted he was selected to do dynamiting because of his familiarity with explosives gained while working in stonequarry. He charges his first explosion was done in Detroit in 1907 after he had been visited by F. H. Hockin. He says he received \$250 and expenses for each

job he pulled off. He has been carefully guarded since his arrest in Detroit April 12th, 1911 when in company with J. B. McNamara, dynamiter of the Los Angeles Times building, he was captured in a hotel while wending his way through a crowd of theatrical people with a suit case filled with explosives.

He is about forty years old, the son of Jas. McManigal, Tiffin, O. Throughout McManigal's confession which in condensed form covers more than seven hundred pages, are related incidents of intense interest.

One of these relates to his arrival at his home in Chicago in the winter to find that sticks of dynamite which he carried in his suit case had so en. He put the dynamite on a radiator to thaw and went out to look after a job. After returning home he found his girl baby on the floor playing with the dynamite. According to McManigal this conversation ensued.

McManigal—"Do you know what that is, its dangerous."

Oaby—"Yes, its dynamite but it won't hurt because I've played with it lots. I'm building a house with it."

McManigal kissed the baby and replaced the dynamite going out that night to blow up a job with it. The government has the suit case with the marks of the radiator on it. District Attorney Miller said the case was soaked with enough dynamite to have exploded if dropped on the sidewalk.

## STILL HOPEFUL OF SAVING ROYAL GEORGE

Quebec, Nov. 9.—The word received from the Royal George today was very reassuring. It would appear that the Canadian Northern officials have not yet given up hope of saving the liner. It is understood that some of the crew are to be sent home which is taken here as an indication that if the boat is freed she will have to spend a long time in drydock probably all winter. Further attempts to release the ship are to be made at high tide today and tomorrow after a large part of the cargo has been removed. The latest message from the Royal George was received at 8.30 this morning and was as follows:

"Lighters working all night to lighten ship of cargo. All baggage off. Leaking worse. No. 2 hold full and good bit of water in boiler house and all of tanks. Pumps coming tomorrow probably try and float off today or Sunday. Some of the crew being sent home. Have offer of drydock in Montreal."
