MARYSVILLE NOTES

Marysville, Dec. 13—The light snow storm which we had last week has made the roads very good. Sleighs have taken the place of wagons and together with the change of weather it looks as though we were having our first taste of winter.

The Reid Bros. have placed a claim against the town of Marysville for damages caused as they claim by water flooding their property and damaging a quantity of flour. The chairman of the Road Committee was notified at the time the water was at its highest and he also notified the members of the Board who looked the situation over and ordered steps to be taken to drain the water off which was done by ditching the road which Mr. Reid deliberately filled up. The water at no time was close enough to cause any damage if the Reid Bros. have a bad car load of flour on their hands the town should not be responsible for it.

Miss Rose Flowers spent Sunday at this place the guest of Mrs. N. E. Stewart.

Mr. H. P. Lint while walking out Bridge street fell over one of those Hydrants which are placed a little too near the centre of the street and injured himself quite seriously it may be possible that those who are responsible for placing them there might be asked to pay more than it would cost to move them.

Lieut. Col. W. H. Gray left for Halifax Saturday on a business trip.

Mr. Rowley Manzer is confined to his home with a severe cold.

Mr. Dudley Bubar had the misfortune to step on a rusty nail which penetrated deeply in his foot and is causing him considerable pain.

The Cotton Co. has a crew of men and a team engaged in cutting and yarding poles which will be hauled in on sleds when enough snow falls to suit the purpose it is understood that the contract for wiling has been let and now the only problem to solve is getting the poles here.

The members of the Olivet Church held an Ice Cream and Fancy Sale in the Town Hall Saturday evening.

Preparations are now being made by the members of the Main St. Baptist Church for their usual Christmas concert which with the talent available promises so be one of the best.

NEGLECTED COLDS VERY OFTEN TURN TO CONSUMPTION.

Never neglect what at first seems to be but a slight cold. Your head becomes stuffed up; you start to cough; an irritation in the throat follows; it gets lower down; settles on the lungs; you start to raise phlegm of a greenish, yellowish color sometimes streaked with blood, and you cough persistently.

You think perhaps you are strong enough to fight off this trouble, but colds are not easily fought off in this northern climate. Colds if not attended to will sooner or later develop into some serious lung trouble.

Mrs. Wm. H. Mack, Lower Ship Harbor, N.S., writes: "Last winter I took a severe cold on my lungs, and I would cough and raise up phlegm and blood. I had the cough for nearly a month, and I got medicine from the doctor, but it did me no good. I thought I had consumption. My friends advised me to use Dr. Wood's Norway Pine Syrup, which I did, and it gave me great relief. I am the mother of ten children, and I always keep a bottle of 'Dr. Wood's' in the house. I will highly recommend it to all, especially to all who have little ones to care for."

Dr. Wood's Norway Pine Syrup is the best cure for coughs and colds. It has been on the market for the past twenty-five years. It is put up in a yellow wrapper; three pine trees the trade mark; price, 25c and 50c.

Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

GERMAN-CANADIAN DENOUNCES HUNS

Ottawa, Dec. 12—What one German Canadian thinks of the barbarous methods of the German military authorities is shown by the following statement by E. B. Christianson, editor of the German Post of Pembroke: "To ally rumors and reports regarding statements I have made in reference to the sinking of the Lusitania and the execution of Miss Edith Cavell, I made this declaration of my true and uninfluenced opinion. I was horrified and dumbfounded, upon reading of the sinking of the Lusitania, to think that Germany, through her military element, had commenced a mode of warfare that must naturally be branched as a crime against humanity.

HOW RUMORS STARTED.

"I have never at any time tried to justify or concode the act. The rumor that I have done so probably originated with some ladies who overheard a conversation in which, for the mere sake of a friendly argument, I made statements upholding Germany's action, that there were so wild and unfounded, that I can hardly believe that they were taken as my true sentiments.

"Equally unfounded are the rumors and reports of my statements regarding Miss Cavell's execution. I have discreetly remarked upon certain legal aspects of the case. But I realize with every Britisher the horror of the deed, and denounce the harshness of German military rule that would put to death a woman that had nursed German and British wounded alike, though she were guilty of a deed the indiscretion of which she may not have realized at the time of doing it. Quotations of my remarks to reporters are all misrepresented, and largely drawn from my evasive answers to their questionings."

A good liar is always considered bad.

Stick to your business, with glue of industry.

A fertile imagination may produce rank thoughts.

It takes a wise man to pick a fool whose money he can spend.

Whenever two women begin to talk things over they are sure to overtalk.

He's a peevish man who doesn't let his wife know the size of his income.

The woman who marries a widower is likely to mourn the demise of his first wife.
