F. W. DeMILLE, MANAGER FREDERICTON BRANCH

During the last G.A.R. encampment there was one woman amid the crowd of spectators on the day of the parade who made herself conspicuous by her noisy hurrahs and excited waving of a flag as the old veterans marched past. One of the bystanders told her sharply to shut up.

"Shut up yourself!" she retorted. "If you had buried two husbands who had served in the war, you would be hurrahing too."—Harper's Monthly.

How do You test Shingles?

A roof is not a thing to be chosen lightly. You are bound to choose metal as sure protection from lightning and fire. But how can you tell which is best?

Let us tell you how we test PRESTON Safe-lock SHINGLES. Admit we have as much at stake as you. We think we have more. Our whole future depends on the iron we put on your and your neighbors' barns. The life of our business is the farmers' good-will. So our own test is severe. It is our own way of insuring our business against failure.

The galvanizing which forms the protection from rust and ruin, we put to the British Government tests—acid tests. This is harder on galvanizing than the storms, the wind, the heat, the frost of twenty years. But, when we send out PRESTON Safe-lock SHINGLES we know that they will give the best service, bring new friends and new business.

THRILLING STORIES

(Continued from page three.)
to burst through and silence those machine guns. Their efforts were in vain. So Middlesex lay down there in the open among their dead and among the whizzing bullets and bursting shrapnel, while their Colonel managed to get a message back to our guns to turn their fire again on the German trench in front. Presently the guns destroyed the wire.

GHOSTLY GERMAN BLUNDER

"The German counter-attack was ghastly. A few of the prisoners taken say they were told that there had been a slight mishap and that a few British were in Neuve Chapelle and had to be driven out. The attack was ill-timed and ill-prepared. The German staff's work seems to have been at fault. Their troops expected to find us much farther back. The Bavarians advanced in Column formation, their officers on horse back with drawn swords, and in the midst of them a non-commissioned officer was seen driving the men along with a whip. The slaughter was sickening. The Bavarians, coming along at an ambling trot and bawling 'Hoorra,' blundered into the fire of no less than twenty-one machine guns. The files of men did not recede or stagger. They were just swept away. One moment they were a shouting, ambling crowd; the next moment a writhing, convulsed pile of bodies heaped on the brown earth. When day broke the German corps began to make ramparts behind which the wounded took cover. In one case the Germans, feverishly digging themselves in, actually used the corpse of one of their comrades to finish off the parapet of the trench."

Japanese Marriages

A marriage among the Japanese is quite a lengthy ordeal. Such a thing as courtship is practically unknown. The parents choose partners for their children, although the latter are consulted and their consent obtained. The parents discuss among themselves the terms of the marriage, and then the girl's parents give a betrothal pledge to those of the bridegroom, who soon after offer the purchase price for the bride in silver, jewels, stucco, food, and so on. Each of the girl's parents also receives some special personal gift. On the day when the presents are delivered, all the relatives and friends on both sides are invited to a series of festivities and banquets, which last several days, being furnished first by one side and then by the other. The eve of the actual wedding, which usually takes place a week later, is spent by the future husband and wife in a vigil, without which it is thought that great ill-fortune would follow. Next day the happy couple, with their parents and friends, appear before the priest, who duly unites them.

A healthy person must eat healthy food. Do you know how to distinguish healthy from unhealthy food? For instance, a good egg will sink in water. Baked eggs which adhere to the shell are fresh. The shell of a fresh egg has a lime-like surface.

Locomotor ataxia is a chronic, progressive disease of the nervous system. It affects the spinal cord particularly. On this account it interferes with muscular co-ordination. It causes the gait of the patient to be irregular and uncertain.

The British coast is so well protected with lighthouses that if a ship sailed right round England, Scotland and Ireland by night, only on six occasions would it be where it could not see the flash of a lighthouse lantern.

If breakfast isn't your best meal of the day try getting up with the sun and walking an hour before you sit down to the table. It may cost you more to live, but you won't be sorry.

Remember that a change of diet is often necessary as the warm weather approaches. Less meat and more vegetables and fruit will be wise. Lighter food is required in warm weather.

SUFFERED FROM BILIOUS HEADACHE.

At Times Thought She Would Go Mad.

Headaches are one of the most aggravating troubles a person can have. They are many and varying, but when the headache starts you may be sure that there is some other chief cause of this most painful difficulty. The stomach may go wrong, the bowels become constipated, the blood may not circulate properly, but the presence of the headache clearly shows that there is some other baneful disease which is liable to assert itself unless the cause of the headache is removed. Get rid of the headache and thus perhaps save yourself many years of trial and suffering.

Burdock Blood Bitters has, for the past forty years, been curing all kinds of headaches, and has also proved itself to be a remedy that cures where all others fail. It does this by removing the cause of the trouble.

Miss Mary A. Roberts, Hampton, N.B., writes: "For about two years I have suffered from bilious headache. At times I thought I would really go mad. Not long ago a friend advised me to try Burdock Blood Bitters which I did, and after taking three bottles I have never been troubled with any kind of a headache. I think that B.B.B. is one of the wonders of the world. I can safely recommend it to all who suffer from bilious headache."

Burdock Blood Bitters is the oldest and the best known blood medicine on the market to-day, and is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.
