

SASKATCHEWAN TO ABOLISH THE BAR

Regina, March 19—Saskatchewan will be the first province in Canada to completely abolish the bar. On July 1 next not only will the retail sale of all intoxicating liquors come to an end, but the wholesale trade will be taken over by the government and operated as a government monopoly under a system of dispensaries. These may be abolished, if by a referendum vote the people of the province so decide.

This in brief of an announcement made by Premier Scott in addressing a meeting at Oxnbow yesterday.

Moose Jaw, March 19—Hearty endorsement from all sides and without regard to political color was the way in which the business men of Moose Jaw this morning received the announcement of Premier Scott relative to the banish-the-bar movement. It was the topic of conversation everywhere and every business man was of the opinion that it was a step to the front in the history of the province.

Mayor Bascoe expressed delight at the action and the wish that the measure would prove a permanent one.

SPRING SONG

"In the spring a young man's fancy lightly turns to thoughts of love, Against his heart he cherishes his lady's silken glove. He saunters forth, in pensive mood, to seek his love's abode; He wears a sentimental air and clothes quite a la mode.

But why prolong the story? This is the dreadful truth—He says the very selfsame thing to Irene, Maud and Ruth; But really he does no harm, for (this is entire nous) These very selfsame maidens are all engaged to you!

SUFFERED FROM BILIOUS HEADACHE.

At Times Thought She Would Go Mad.

Headaches are one of the most aggravating troubles a person can have. They are many and varying; but when the headache starts you may be sure that there is some other chief cause of this most painful difficulty. The stomach may go wrong, the bowels become constipated, the blood may not circulate properly, but the presence of the headache clearly shows that there is some other baneful disease which is liable to assert itself unless the cause of the headache is removed. Get rid of the headache and thus perhaps save yourself many years of trial and suffering.

Burdock Blood Bitters has, for the past forty years, been curing all kinds of headaches, and has also proved itself to be a remedy that cures where all others fail. It does this by removing the cause of the trouble.

Miss Mary A. Roberts, Hampton, N.B., writes: "For about two years I have suffered from bilious headache. At times I thought I would really go mad. Not long ago a friend advised me to try Burdock Blood Bitters which I did, and after taking three bottles I have never been troubled with any kind of a headache. I think that B.B.B. is one of the wonders of the world. I can safely recommend it to all who suffer from bilious headache."

Burdock Blood Bitters is the oldest and the best known blood medicine on the market to-day, and is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

A projecting ring mould around a new type of tumbler a short distance below the top prevents the edge chipping if the tumbler is upset.

ON THE SIDE

Austria's problem seems now to be whether she will give Italy more than she can afford to give her, or wait and let Italy take all she can get.

The Italian navy is concentrating at the point of the country nearest to the Dardanelles. It may be that an "Italian 'quake'" is going to strike the straits of Turkey one of these days.

Lots of men who have the courage of their convictions haven't enough courage to tell the truth to their wives.

There are not many Sure Things in the world, but one of them is that when a girl has pretty ankles and new stockings she isn't going to get the bottom of her skirt muddy.

A man always wonders why so many of the people he meets are suffering from colds in the head. He never stops to remember that disease always attacks the weakest spot.

It doesn't worry a girl to go out on a cold day with her chest exposed to the breeze. But if she ever forgets to plaster a coat of paint on her face she would get pneumonia.

Right now girls do not seem to care a hang what they are wearing on their heads as long as they are wearing shoes with cloth tops on their feet.

Sir Charles Hibbert Tupper, former Conservative Cabinet, now of Vancouver recently made this statement:

"I believe this Province has been shamefully misgoverned since the last Provincial election. In my opinion the government is largely responsible for the serious financial condition which existed in this Province long before the war. I believe that if it would greatly assist in bringing about a sane administration of our public affairs and in restoring confidence in British Columbia."

What Sir Hibbert says of British Columbia will apply with equal force to the province of New Brunswick.

The government at Ottawa professes to be anxious to stimulate agricultural production in Canada this year. Then why did it propose to raise the duty on fertilizers 7½ per cent.

Plurisy Pains Vanish! Chest Colds Cured!

NERVINE HAS NEVER
FAILED TO CURE

Don't suffer! Nervine is your relief. Nervine just rubbed on, lots of it will ease that drawn tight feeling over your ribs, will destroy the pain will have you smiling and happy in no time.

"I caught cold last week while mowing," writes P. T. Mallory, from London. "My chest was full of congestion, my throat was tight, sore, and I had the fiercest stitch in my side you could imagine. As a boy I was accustomed to have my mother use Nervine for all our minor ailments, and remembering what confidence she had in Nervine, I sent out for a bottle at once. Between noon and eight o'clock I had a whole lot of the rubbed on, and then got into a perspiration under the blankets. This drove the Nervine in good and deep, and I woke up next morning fresh as a dollar and absolutely cured. Nervine is now always part of my travelling kit, and I will never be without it."

The large 50c. family size bottle is the most economical, or you can easily get the 25c. trial size from any dealer.

FORCED TO DROP DUTY ON FERTILIZER

Woodstock, N.B., March 21—F. B. Carvell, M.P., addressed the Liberal Club at Upper Woodstock last night. The speaker told his hearers that owing to the attitude of the maritime members, the government was forced to abandon the proposed duty on fertilizer. The statement was received with great enthusiasm.

Mr. Carvell spoke for an hour and scored the government for forcing more taxes on the people in the present critical condition of the empire. He said the increased taxes were only the result of wilful extravagance.

CALOMEL SALIVATES

Calomel makes you sick and you lose a day's work. Calomel is a nasty, dangerous chemical. To given your sluggish liver and bowels when constipated, headachy, bilious, just get a 10-cent box of harmless Cascarets. They work while you sleep. Don't gripe, sicken or salivate.

DALHOUSIE BEAT U. N. B. IN INTERCOLLEGIATE DEBATE

Halifax, March 19—Dalhousie won the intercollegiate debate with the University of New Brunswick here to-night. The subject was:

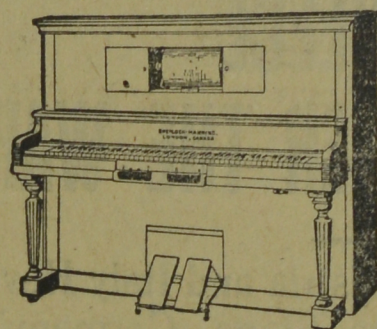

"Resolved that the Canadian tariff be altered by the reduction of the protective feature."

Dalhousie supported the negative and U.N.B. the affirmative. Dalhousie won on presentation.

of Coffee, Madam!

Here's Your 100 Grains
of Caffeine, Doctor!

Same Drug—Different Form

More and more, it is becoming common knowledge that an ordinary cup of coffee or tea contains from 1 1-2 to 3 grains of caffeine, an irritating drug.

Because of this drug, tea and coffee drinking frequently races the heart, interferes with indigestion, upsets the nerves, and leaves one weakened and depressed. As a drug, caffeine has medicinal value, but only when administered by a competent physician.

If constant use of tea or coffee, with its drug content, agrees with you, why—keep right on—no one should object.

But—thousands of people have rid themselves of tea and coffee troubles, and experienced wonderful improvement in health by changing to
