

NERVOUS DYSPESIA, GAS OR INDIGESTION

"Pape's Diapepsin" Settles Sour,
Upset Stomach in Five
Minutes

Time it! Pape's Diapepsin will digest anything you eat and overcome a sour, gassy or out-of-order stomach surely within five minutes.

If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a fifty-cent case of Pape's Diapepsin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness, or intestinal griping. This will all go and besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large fifty-cent cases contain enough "Pape's Diapepsin" to keep the entire family free from stomach disorders and indigestion for many months. It belongs in your home.

CONCRETE WORK

According to the Auditor General's report the cost of laying the concrete pavement at the parliament building last year was \$1249.85. The contractor was Mr. J. Mal Chappell and he was paid for 319 square yards at the rate of \$2.65; for 71 yards at the rate of \$2.30, and 83 yards at the rate of \$2.25. Mr. Chappell was also paid \$18 for putting a concrete floor in stoke hole pit in front of boiler in Legislative building.

DOES INDIA HOARD HER YELLOW GOLD?

Many Millions of Precious Metal is Unaccounted For

From time immemorial India has absorbed gold as a sponge absorbs water. The flow of gold to India has always continued. In the last twelve years she has received \$680,000,000 in gold, partly in sovereigns and partly in bullion, in addition to enormous quantities of silver. It all goes into the country, but very little ever comes out. Lord Rothschild observed some years ago that he had noticed that none of the smooth gold bars sent to India from England ever came back. What happens to this great stream of precious metal, which continuously disappears like those rivers in desert lands which lose themselves underground?

The testimony of experts is most conflicting. Some say it is hoarded, while a few are ready to prove by a formidable array of statistics that it cannot be extensively hoarded. Those who believe that India possesses a vast store of hoarded treasure make the wildest guesses at its probable total. The most popular estimate of the hoarded wealth of India puts the total at \$1,500,000,000, which would amount to five dollars per head of the population; but some credible estimates are far higher. The experts quarrel, again, about the probable effect of India's absorption of gold upon the world's money markets and the prices of commodities. Some say that all gold-using countries benefit thereby, while others, such as Sir Edward Holden, appear to hold that "the drain of gold to India" is a potential menace. The commission, while declining to endorse either of these mutually destructive contentions has declared in effect that an increased use of gold in India should not in future be encouraged by the Government, but India already seems disposed to resent this recommendation.

India has been subjected to repeated invasions and innumerable internecine wars, and her people have never completely lost their hereditary sense of insecurity. Banking facilities are still sparse, and it would be surprising if Indians did not hoard.

Hoarding does not necessarily mean burying in the ground or concealment in the roofs of houses, though those practices are doubtless extensive. Mr. J. M. Keynes, a member of the commission tells a story of a Brahmin in Eastern Bengal who even hoards currency notes in his roof. Once a week he retires privily and spreads them out in the sun to remove the damp. A very large proportion of the hoarded wealth of India is however, in the form of gold and silver ornaments. It is into these ornaments that the bulk of the bullion and sovereigns, as well as much of the silver disappears.

Viscountess
De Villelume Sombreuil

The Viscountess De Villelume Sombreuil has two children—a son and a daughter. The son loves Paris and will not leave it. The daughter lives in New York and refuses to go back to Paris. So the Viscountess is obliged to travel first to one country and then to the other in order to visit her two children. She crosses the Atlantic several times each year.

Rhyming Caretaker

Writing to the Loughrea District Council to ask for his quarters' salary, and stating that he had received no reply to previous letters, Mr. T. Colman, caretaker of Athenry Sewerage Works, sent postcard bearing a picture of a suffragette firing a letter box, with the lines:

"If a body write a body,
Getting no reply;
May a body ask a body,
What's the reason why?"

"What," said the chairman (Mr. P. Riordan) "is this body going to do with that body?" "I suppose," said Mr. O'Loughlin, "pay him the same as any other body." (Laughter.) "This body would have paid him before if we had a financial meeting," explained the assistant clerk. "He will be paid to-day."
