

MIRACULOUS CURE OF ASTHMA

Suffered Terribly for 15 Years Until He Tried "Fruit-a-lives"

D. A. WHITE, Esq.

21 WALLACE AVE., TORONTO,
Dec. 22nd, 1913.

"Having been a great sufferer from Asthma for a period of fifteen years (sometimes having to sit up at night for weeks at a time) I began the use of 'Fruit-a-lives'. These wonderful tablets relieved me of Indigestion, and through the continued use of same, I am no longer distressed with that terrible disease, Asthma, thanks to 'Fruit-a-lives' which are worth their weight in gold to anyone suffering as I did. I would heartily recommend them to all sufferers from Asthma, who believe is caused or aggravated by Indigestion".

THE NEW TAX IS NOT A WAR TAX

(Toronto Star)

Editor of the Star: I object most strongly to the headlines in this morning's paper, which are well calculated to make the public believe that the new taxes being imposed by the government are war taxes.

They are in no sense war taxes. Not one cent of moneys collected under the new tariff will go to pay of the interest—to say nothing of the principal—of the war expenditure. The government proposes to leave this to posterity; presumably because posterity has no vote. The new taxes imposed will not bring in enough to make up the deficit in ordinary expenditure alone, consequently we will continue to borrow and load the country with debt.

How different is the conduct of the British government, who have imposed taxes enough (and those chiefly on the rich) to pay not only their ordinary expenditure, but to pay the forty million pounds sterling a year of their war borrowings, so that the total debt incurred by the war will probably be paid off in the life time of the people now living.

The headlines in this morning's paper, entitling the new tariff as war taxes are all wrong and delusive. People ought to understand that they are not paying one copper toward the expenditure entailed by the war.

TAX ON MEDICINES WILL WORK HARSHLY

(Montreal Pharmaceutical Journal)

Two very important meetings have just taken place in Montreal—the Wholesale Drug Association of Canada and the Proprietary Trade Association of Canada. These meetings were both held for the purpose of considering the war taxes proposed, and which very seriously affect both the manufacturers of medicine and perfumes and the trade of the distributors—the Wholesale Druggists. A general meeting of the Retail Druggists has been called and will take place this week. A reconsideration has been asked of the government and a deputation will present the views of the trades interested at an early date.

The objections to the new measure of taxation as voiced in these meetings with unanimity are several in number. The tax proposed, it was shown, amounted to from fifteen to forty per cent. on the usual trade selling prices. The tax being imposed on the price of sale at retail to the public represented on that basis of calculation from ten per cent. to twenty per cent. No other business or industry was taxed to any such extent and many important lines would actually face ruin if the measure was persisted in by the government.

Instead of yielding for the war a large amount the prohibitory nature of the tax would defeat the object sought and ruin prosperous and legitimate business enterprise in manufacturing.

The minister of finance will be approached on the basis of asking investigation in detail, it being claimed that the treatment of the manufacturers and dealers as well in the branch affected, is unfair and unjust. The goods involved, it can be shown, cannot stand any such charge and also have already been taxed for the same purpose in respect to all the crude material employed in manufacturing and producing same.

The general tariff advance of seven and one-half per cent. applies to the ingredients used and as well also certain advances enacted last year at the "War Session" of parliament. Alcohol is one important item with many manufacturers who have to bear the inland revenue tax of 3.96 per gallon on spirits. In principle it cannot be held as just to tax one and the same article under several headings. It is a tax on the poor and the sick. The manufacturers cannot bear it on goods that can continue on sale. Medicines are the poor man's doctor. This attribute of proprietary medicine was recognized by the government of the United States only recently. Perfumes were taxed by stamp but medicines were struck from the proposed tax list in recent revenue measure brought about through the present war affecting the income of that government. It is hoped the government will reconsider and it is confidently expected this will be the case if the minister will look into the details available which demonstrate that an injustice is being done by the action proposed and which cannot have had mature or careful consideration by the officers of department recommending.

ITALIANS WANT TO ENTER THE WAR

Rome, Feb. 18.—Parliament re-opened today. There is no indication of any immediate debate of importance concerning the international situation. Members of various parties which favor Italy's participation in the war had decided to march from their club houses to the Chamber of Deputies today and make a demonstration, in an endeavor to influence the deputies to take their view of the situation. As a counter-move the parties favorable to Italy maintaining neutrality proposed to range themselves before the Chamber of Deputies, in order to prevent the work of parliament being interfered with. The government, however, posted troops, with orders to allow no crowds to gather and therefore there was no disorder.

Montreal, Feb. 16.—A letter from a private in the Princess Pats, written to a friend in Montreal, says that his shelter at — in the trenches is known as the Chateau Laurier, while alongside is the Chateau Frontenac, both warmed by electric heating and the very height of luxury under the circumstances, which are chiefly mud.

NOTHING CAN EQUAL BABY'S OWN TABLETS

Mrs. Alex. Butchard, Conn., Ont., writes:—"My daughter has used Baby's Own Tablets for her baby and thinks there is nothing to equal them for little ones. All mothers, who have used the Tablets, say the same thing. They break up colds, regulate the bowels and stomach and keep the little ones healthy and happy. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.
