BRONCHITIS

If Neglected Will Surely
Turn Into PNEUMONIA.

Bronchitis comes from a neglected
cold. It starts with a short, painful,
dry cough, accompanied with rapid
wheezing, and a feeling of oppression or
tightness through the chest. At first
the expectoration is of a light color, but
soon becomes copious and of purulent
character.

You have, no doubt, awakened up in
the morning and have had to cough half
a dozen times before you could raise the
phlegm from your bronchial tubes, and
when you do succeed in doing so you find
that it is of yellowish or greenish color,
and you get some relief right away.
When this happens to you, you may
rest assured that you have a touch of
bronchitis, and if not cured immediately
it will sooner or later develop into pneu-
monia or some other more serious trouble.
Cure the cold, and thereby prevent
bronchitis and pneumonia taking a hold
on your system.

This can be quickly done by the use of
DR. WOOD'S NORWAY PINE SYRUP.

Mrs. Rebecca Hove, Mahone Bay,
N.S., writes: "My little boy, aged six,
was always troubled with bronchitis,
and when he had whooping cough he was
worse. Doctors advised me to use
Dr. Wood's Norway Pine Syrup. It
gave him instant relief, and positively
cured him."

Price, 25c and 50c.
Manufactured only by The T. Milburn
Co., Limited, Toronto, Ont.

**HEADACHY, COSTIVE,
BILIOUS,—“CASCARETS”**

To-night! Clean Your Stomach Your
Bowels and End Headaches, Colds
and Sour Stomach.

Get a 10-cent box.
Sick headache, biliousness, dizziness,
coated tongue, foul taste and foul
breath—always trace them to torpid
liver; delayed, fermenting food in the
bowels, or sour, gassy stomach.

Poisonous matter clogged in the in-
testines, instead of being cast out of
the system is re-absorbed in the blood.
When the poison reaches the delicate
brain tissue it causes congestion and
that dull, throbbing, sickening head-
ache.

Cascarets immediately cleanse the
stomach, remove the sour, undigested
food and foul gases, take the excess
bile from the liver and carry out all
the constipated waste matter and poi-
sons in the bowels.

A Cascaret to-night will surely
straighten you out by morning. The
work while you sleep—a 10-cent box
from your druggist means your head
clear, stomach sweet and your liver
and bowels regular for months.

FADS AND FANCIES

The high Russian boot is the latest
fad in footwear. It may have a
vamp and heel of patent leather or
it may be just a plain leather boot
these boots are laced in the side
at the top.

There are a few turbans with vel-
vet crowns.

Very wide belts are still favored
on loose coats.

There is a waist line to suit
every type—the for the slight youth-
ful figure, the natural waist line for
the conservatives and straight
ones for the stout figure.

Line your spring suit with flower-
ed crepe de chine.

Now it is white petticoats with
circular flounces.

PARSONS' PILLS relieve
Constipation and Headache

The Standard appears to be get-
ting a lot of free advertising in con-
nection with the yarn about Mr. O.
Turgeon, M. P. for Gloucester, which
it published a few days ago. It was
the Fredericton graft organ of one
thousand dollar fame, which first
gave currency to the yarn, and it
is unfair for the Standard to steal
its clothes. The matter was brought
up in Parliament and only the Stan-
dard was mentioned. This is dec-
idedly unfair to "the largest evening
paper" in the maritime provinces.
In future it should let the Standard
do all the lying.

Sir Wilfrid Laurier created much
merriment in the House of Commons
on Monday by his pointed criticism
of the changes in the Borden cabi-
net. Sir Wilfrid remarked that he not-
iced that Sir George E. Foster, the
arch imperialist, had limped a little
when he was introducing Hon. P. E.
Blondin, the arch nationalist. It was
a heavy load for Sir George to car-
ry, and it is not much wonder that
he staggered under it. Hon. Mr.
Blondin is the gentleman who a few
years ago found it necessary to shoot
the British flag full of holes in or-
der to breathe the air of liberty.
Sir Wilfrid suggested that he now
breathes the air of office, holes or no
holes.

The Fredericton boogie organ of
one thousand dollar fame, says that
Hon. Dr. Pugsley's action in asking
for information about the purchase
of submarines was "unpatriotic and
disloyal." Nuff sed.

Strange to say at the Tory love
feasts at St. John and Andover the
name of Mr. Willard H. Berry, the
former Superintendent of Seals was
not once mentioned. It looks as if
Willard had joined the great army
of has-beens.

**UNITED STATES MORE
ALARMED THAN BEFORE**

Washington, Feb. 18—Germany's
reply to the American note of warn-
ing against any attacks on American
vessels or lives in the new sea zones
of war served to increase, rather than
to diminish, the concern of officials
of the United States government over
possible complications, though the
friendly tone of the communication
made a favorable impression and gave
some hope that an understanding for
the protection of neutrals might yet
be obtained.

Officials were apprehensive over the
formal statement in the note that
Germany disclaimed all responsibility
for what might happen to neutral
vessels venturing in the danger area.
The additional warning, too, that
mines would be laid by Germany in
the waters surrounding Great Britain
and Ireland was regarded by them
not only as menacing to ships carry-
ing legitimate cargoes but as likely
to add further to the interruptions
which American commerce has suffered
since the outbreak of the war.

President Wilson and Secretary
Bryan read the Associated Press
copy of the German note, the official
text, delayed in transit, from Ambas-
sador Gerard, being expected to-
morrow. While no comment was made
at either the White House or the state
department, the feeling of grave con-
cern was manifest.

Secretary Bryan refused to reveal
today what steps the United States
would take if American vessels or
lives were lost and while at the state,
war and navy departments the Ger-
man note was the subject of discus-
sion, details of the policy being formu-
lated by the American government
were not disclosed.

HOUSEHOLD COLUMN

To make apple snowballs, peel and
core several apples and sand in
basin or jar with sufficient water
to cover, and cook until just done.
Be careful the apples do not break
in taking out of basin; drain and
brush well over them a little molas-
ses, then roll carefully in des-
cated cocoanut.

Bulbs grown in fiber in the house
should be kept moist, but not wet.

Oil, lemon juice and salt are the
ideal dressing for the every-day
salad.

Make enough cornmeal mush one
day to serve for three or four
fried.

Winter fruits which need cooking
are most wholesome cooked without
sugar.

A good fruit filling for a cake is
made of one orange peeled and cut
fine a can of vineapples and three
bananas sliced thin. Drain and put
between two layers of cake.

Thin cold beef served with potato
salad and brown bread is a good
luncheon.

OBSERVE THE LAW.

Under the provisions of an act
passed by the dominion parlia-
ment, all butter exposed for sale
in bricks must be covered with
a printed wrapper. Bring your
butter paper to The Mail Office
and have it neatly printed. Or
if you prefer, we will supply the
paper. One thousand wrappers,
neatly printed, will cost you
\$3.00, or for \$1.75 we will print
five hundred. Send in your or-
der and save a fine.

ANTICIPATORY PEOPLE.

(From Beck's Weekly, Montreal.)
"I really dislike to talk to her; she
has such a habit of finishing one's sen-
tences for one. You know the kind?"
"Yes; they listen faster than you
can talk to them."

Made of British Steel

The Tweed Sanitary Closet is made of heavy, best
sheet British Steel throughout.

It has a double seamed steel top on the cabinet (un-
derneath wooden seat) which makes it much superior
to anything on the market. This improvement is a
very great advantage. The upper lid of the seat is
fitted with wooden section that fits into hole exactly,
leaving no dead air space and nothing to get out of order.

To see a "Tweed" is to want one. You will wonder how you managed
without one so long.
