KEPT BUSY.

Miss Yellowleaf—I frankly admit I am looking for a husband.

Mrs. Guzzler—So am I.

Miss Yellowleaf—But I thought you had one.

Mrs. Guzzler—So I have and I spend most of my time looking for him.—Judge.

When Harry Atwood was aeroplaneing from St. Louis to New York city he alighted to adjust his machine in a field near Fort Plain, N. Y. Atwood wasn't sure what state he was in, and wanted to know. A crowd of villagers rushed toward him and he called to them: "Where am I?"

"You're in Charlie Knoll's cow pasture," shouted the nearest man.—Everybody's.

Some people are so busy criticizing creeds that they have no time left for practical religion.

If a young man is unable to win a girl's affections any other way, he should bribe her mother to oppose the match.

There's no objection to a man's taking up his residence almost anywhere, but when it comes to shoplifting—that is different.

While there are numerous women inventors, not one of them has been able to devise a bridge that will successfully curb the gossiping tongue.

Sold in Fredericton by A. J. Ryan.

MADE-IN-CANADA SUBMARINES AN ACCOMPLISHED FACT

Much Superior to the McBride Boats Assembled in Seattle
and Bought at an Extravagant Price—Too Much Profit in War Munitions

(By H. F. Gadsby.)

Ottawa, Nov. 25—The irony of fate has ironed out pretty smooth some of the objections raised by the Borden government to the free trade policy advocated by the Liberals, in 1911. In fact, for a timid flock of well-enough-aloners the Borden government has indulged rather freely in that truck or trade with the Yankees which was the object of their reproaches only four years ago. Of course they can urge that it was the Mother Country showed them the way, but that only proves that the Mother Country has a lot of common sense—simply that and nothing more.

It took a war to jolt things loose, but once a start was made events moved quickly enough. For instance, Major General Sir Sam Hughes, at the request of the Borden government, organized a Purchasing Committee in New York which trucked and traded with the Yankees to the extent of hundreds of millions of dollars for guns, cartridges, rifles, shells and things like that. This wholesale truck and trade with the Yankees on behalf of the British empire was not only countenanced but actually encouraged and materially assisted by the Canadian minister of militia who took the deepest interest in the transactions of the committee until it, like the Canadian Shell Committee, was disbanded by Lloyd George's special commissioner, Mr. D. A. Thomas.

MADE BIG PROFITS.

Mr. Thomas' chief discovery was that the truck or trade in war munitions whether it was carried on with the Yankees or with our own Canadian manufacturers involved too great an element of private profit for even John Bull's purse to stand. So he reorganized the whole business on the basis of ten per cent net which, as prices used to go, is a minimum saving of ninety per cent. This is the brief explanation of what Mr. Thomas did. To go into all the details of extortion and plunder which he unearthed would be too long a story. The main point is that Mr. Thomas made a clean up of the trucking and trading, as supervised by members of the Borden government, and now manufacturers of munitions must be content with a modest profit instead of the wealth of Ormus and of India, which they were piling up before. Mr. Thomas is said to have done his work so well that some manufacturers will be ahead nothing more than their plants for making shells which they got British assistance to build and which will be their own after the war is over.

Passing from the army to the navy we again see the Borden government trucking and trading with the Yankees to a considerable extent. At all events, Mr. Charles M. Schwab, a rather well known Yankee in these parts, was invited to Montreal to make submarines for the British navy and he has been making them there ever since the war started, although it was a Conservative slogan in 1910, when Laurier's Naval Service Act was being discussed, that such a feat was impossible in Canada. However, made-in-Canada submarines are now an accomplished fact and nothing more will probably be said along that line.

REAL SUBMARINES.

Incidentally, these made-in-Canada submarines are much better submarines than those made in the United States by the Electric Boat Company of New York, and handled by the Seattle Construction and Dry Dock Company. The Canadian-made submarines do what they are told, but the Seattle submarines for which Sir Richard McBride trucked and traded with the Yankees to the extent of \$1,150,000—two cheques by return mail from Ottawa—Sir Richard's submarines which were originally priced at about \$800,000, but were bought by him in a moment of patriotic frenzy for \$350,000 more than they were worth, are said to be as fond of the bottom as an oyster is of its bed. Some day they will stay down too.

Could Not Stand The Least Excitement.

Was So Weak and Run Down.

Many women become run down and worn out by their household cares and duties never ending, and sooner or later find themselves with shattered nerves and weak hearts.

When the heart becomes weak, and the nerves unstrung, it is impossible for a woman to look after her household or social duties. The least little exertion, or excitement leaves her in an exhausted condition, and not fit to do anything.

On the first sign of any weakness of the heart or nerves, you will be wise if you start to take Milburn's Heart and Nerve Pills.

This remedy will act directly on the disordered heart making it beat strong and regular, and will also invigorate and strengthen the nerves so as to make them steady and firm.

Mrs. J. A. Williams, Tillsonburg, Ont., writes: "I cannot speak too highly of Milburn's Heart and Nerve Pills. I suffered greatly with my nerves. I was weak and run down, I could not stand the least excitement of any kind. I believe your Heart and Nerve Pills to be a valuable remedy for all suffering from nervous trouble."

Milburn's Heart and Nerve Pills are the original remedy for all heart and nerve troubles. Price 50 cents per box, 3 boxes for \$1.25, at all dealers. Mailed direct on receipt of price by The C. Milburn Co., Limited, Toronto, Ont.

BORROWED FROM YANKEES.

In his trucking and trading with Yankee gold Mr. White is more than England's agent. He does a good stroke of business for Canada, too, as witness his borrowing \$40,000,000 at five per cent., which loan might better have been contributed by Canadians who would be keen enough to show their confidence in their country—es— (Continued on page three)

THE VICTROLA AND THE COMMUNITY—NO. 5

Mrs. Doctor

says: "Really, since we got our Victrola, our home seems a different place.

"A doctor's life is so hurried and busy that regular hours are impossible and no plans can be made.

"The Victrola, however, is always ready and we spend many delightful hours as opportunity affords. My favorite artist is Alma Gluck and I simply adore her record of 'My Old Kentucky Home'.

"When other ladies begin to talk about their musical evenings or dances now, I do not feel 'out of it'—we have them ourselves. It's wonderful what excellent ten-inch, double-sided Victor Records you can get at 90 cents each."

Victrola XVI \$255
In Mahogany or oak Circassian Walnut \$330
The instrument by which all musical instruments are judged.

Other Victrolas from \$21 to \$400 (on easy payments, if desired), at any "His Master's Voice" dealer in any town or city in Canada. Write for free copy of our 450-page Musical Encyclopedia listing over 6000 Victor Records.
