

## LOCAL NEWS

## SPECIAL SERVICE

Revival service at the Adventist Church St. Mary's every night this week, except Saturday. Everybody invited.

## ANOTHER SCHOONER HERE

The schooner Harry Miller laden with American hard coal for S. L. Morrison is berthed at the wharf in rear of the City Hall where she will discharge cargo.

## DRY SWEEPING NOT SUCCESS

An attempt was made Saturday evening to use the street sweeper on Queen Street without wetting the pavement first but proved unsuccessful. Such clouds of dust were raised that merchants protested and a watering cart was put into service.

## GOING TO EUROPE

A large party of teachers from all parts of Canada is being organized for a trip to Europe during the coming summer. It will probably number about three hundred persons. Mr. and Mrs. G. A. Inch of the city will be among the number.

## GREAT SHOW AT UNIQUE

The Unique today offers a bill the most attractive kind: Ward Calhane in comedy singing and dancing and a very strong picture programme: Von Webber's last Waltz (Edison), Getting a Hired Girl (Essanay), A String of Pearls (Biograph).

## ENTERED LEGAL FIRM

Mr. E. R. Golding of this city who was acting city treasurer here for some time during the illness and after the death of his father the late I. R. Golding has located in Edmonton where he has joined the legal firm found by Messrs. G. P. D. Fenwick and George W. Massie. All three members are U. N. B. graduates.

## COMPLAINT ABOUT WHARFAGE

There are loud complaints about lack of wharfage accommodation at the present time on the part of those using both schooners and steamers. The latter have been compelled to use the high water wharf below the Highway Bridge at considerable inconvenience and at the foot of Regent Street schooners and steamers interfere with one another.

## GOING TO EUROPE

Prof. Frank Allen of the University of the University of Manitoba, Winnipeg, passed through Moncton Friday to Shediac, where Mrs. Allen and family have been for some days. Prof. Allen spent three days in Ottawa en route east. He expects to leave shortly with Mrs. Allen on a trip to Europe. Prof. Allen is a graduate of the University of New Brunswick and is well known here.

## CIVIC ELECTION

Ex-Ald. W. E. Farrell has been nominated to fill the vacancy in Queen's Ward caused by the resignation of Ald. H. C. Jewett on his appointment as road commissioner. A petition was circulated on Saturday for the purpose of bringing Ex-Ald. David Crowe into the field to oppose the candidate named but it is doubtful if the opposition will materialize. Today is the last for film nomination papers.

## FIRE AT NEW MARYLAND

The dwelling of Mr. John Kirk at New Maryland was totally destroyed by fire Saturday afternoon. The fire originated in the upper part of the building. The greater part of the furniture was removed. Sometime after two o'clock Sunday morning fire was observed in the barns where it evidently had been smoldering for some time and they were destroyed. Only two small outbuildings are now standing. The loss was about one thousand dollars.

## A LOBSTER TRAP

The schooner Nettie Shipman now discharging hard coal here, has on board a fishermen's lobster trap, something which is not often seen in this section. It is made of laths, is four feet long and looks very much like a chicken coop. The ends are covered with coarse netting, bagged inwards and there is a hole about seven inches in diameter in centre. The lobster crawls in for the bait, drops to the floor and is apparently unable to find his way out again. The crew of the Nettie Shipman picked up the trap at sea and brought it along with them.

## WOULDN'T CHEER HIM

Provincial Secretary McLeod was among those who attended the encyclical exercises at the U. N. B. last week. At the conclusion of the program he rushed down stairs where a body of student had assembled and urged them to "give three cheers for Hon. J. D. Hazen and Hon. George E. Foster." Some of the boys acted on the "tip" and as the two cabinet ministers passed out gave them a half hearted sort of a cheer. "Now boys," yelled a burly student, "give three cheers for Harry McLeod—Excuse me." The Provincial Secretary turned and doffed his hat to the boys, but alas the cheer he looked for failed to materialize.

MUCH PRODUCE  
BEING FORWARDED  
TO U.S. MARKET

In Six Days Last Month Mr. Walter W. Boyce Distributed \$20,000 in Cash among Farmers of this Neighborhood

PRICES ARE THE HIGHEST  
SINCE THE CIVIL WAR

Not since the reciprocity treaty was abrogated in 1866 have the Counties of York and Sunbury enjoyed such an enormous trade in farm produce with the United States as has been the case during the past six months. Despite a hostile tariff thousands upon thousands of dollars worth of hay, potatoes, and turnips have found their way to the markets of the New England States and the farmers for once have reaped a genuine harvest. Many of them have been able to dispose of two seasons crops of hay, while others got rid of their potatoes and turnips at prices which must have given them a pretty fancy profit over the cost of production.

## LARGEST SHIPPER

Ex-Ald. Walter Boyce, is the largest individual shipper in this locality and he does not conceal the fact that it has been his banner year. In the month of February he shipped no less than eight thousand barrels of turnips to the United States, and he has since disposed of four thousand additional barrels, making a total of twelve thousand. The duty on turnips is 25 cents a barrel, so that on the entire shipment he was obliged to pay tribute to Uncle Sam to the tune of \$3000.

## HEAVY EXPORTS OF POTATOES

Mr. Boyce has shipped to the American market so far this season, about 4,500 barrels of potatoes, which were purchased from farmers in the Counties of York and Sunbury. The duty on the shipment amounted to \$3,000. Mr. Boyce has also shipped 1,600 tons of pressed hay to the United States this season on which he paid duty at the rate of \$4 per ton or a total of \$6,400.

The statement may seem surprising but nevertheless it is true that Mr. Boyce in a period of six days this spring dispersed among the farmers of this section the sum of \$20,000, in exchange for produce. At Cardigan station in one week a representative of his paid out for produce the sum of \$6,000.

Mr. Thomas Gray, a leading farmer of Kingsclear raised two acres of potatoes last year. He kept sufficient for his own use and for seed and disposed of the balance to Mr. Boyce, for the tidy sum of \$397.

## OTHER EXPORTERS

Mr. Boyce is only one of a number of people who are making large shipments of farm produce to the United States this season. Mr. W. H. Allen of Penniac has already sent forward one thousand tons of hay and he has five hundred tons yet to go. Canadian hay is now quoted in the Boston market at \$31 per ton. It sells here for \$11 and \$12, but duty, freight and other charges eat up a good share of the shippers' profits.

NORMAL SCHOOL CADETS  
DID GOOD SHOOTING

Corps was at St. Mary's Rifle Range Saturday—Little Previous Experience with Rifles

The scores of the Cadet Team from the Provincial Normal School in the Canadian Rifle League shot on St. Mary's Rifle Range Saturday morning follow. There were seven shots at the 200 yards range and seven shots at the 500 yards range with a possible score of 70.

J. A. Draper	29	30	59
J. C. Knollin	30	28	58
L. J. Steeves	30	27	57
T. K. Copp	30	27	57
R. J. Murray	33	24	57
R. J. McKenzie	31	24	55
A. S. Merritt	25	28	53
H. S. Murray	28	26	54
H. L. Patterson	31	22	53
D. W. Clarkson	27	25	52

Total ..... 294 261 555

Considering the fact that few members of the team have had previous experience at rifle practice their work was remarkable. They came within a fraction of making an average of inners. Forty one cadets took part and the scores of the ten highest were selected.

Mr. Archie Fraser of Cabano, P. Q. spent Sunday at his home here.

NINETY-FIFTH  
ANNIVERSARY  
OBSERVED

Appropriate Sermons Preached at the Methodist Church—Reference to Richeson Case—Morning Service for Children

SUNDAY SCHOOL HELD  
SPECIAL OPEN SESSION

Yesterday morning the Methodist Sunday School celebrated its ninety-fifth anniversary. Fifty of the members of the smaller classes in the school occupied the choir and led in the singing. The pastor preached the anniversary sermon, taking for his text Jeremiah 18:4, "And the vessel that he made of clay was marred in the hands of the potter; and so he made it another vessel as seemed good to the potter to make it." He showed that the potter in moulding the clay illustrates God in giving shape to human life. As in the mind of the potter there is a plan or image of the vessel he intends to make so in the mind of God there is a plan or image of the character He desires to produce. But as there is sometimes some inherent quality in the clay to mar the production or to thwart the purpose of the potter, so there is inherent evil in man that may mar or thwart the purpose of the Almighty.

The unfortunate Richeson serves as an illustration. He is a man of fine intellect, striking presence, magnificent voice, good physique. The Almighty intended him to develop a character in harmony with the nobler qualities He gave. But notwithstanding the fact that he stood well with his denomination and with the important congregation to whom he preached there was within him, an element of evil that gained the ascendancy. He was selfish and indulged that selfishness. He was fond of pleasure and gratified himself unduly until one day all the baser animal propensities of his nature arose and swept away every moral and spiritual restraint and finally he imbrued his hands in the blood of a beautiful young woman whose chief crime was that of having loved him too well.

## AFTERNOON SESSION

In the afternoon an open session of the school was held and an anniversary

LARGE ATTENDANCE  
EXPECTED TONIGHT  
AT PUBLIC MEETING

Permanent Chairman and Committee for Old Home Week Celebration to be Appointed—Program may be Drafted

DETAILS OF INTEREST  
PROPOSED ALREADY

Tonight's public meeting in the City Council chamber for the purpose of arranging for Old Home Week promises to be largely attended as it is expected that a permanent chairman and permanent committee will be appointed to take charge of the celebration. Practically all local societies and organizations have been invited to have representatives present at the meeting tonight and it is probable that the majority will be represented the meeting having been called by the Mayor the latter will occupy the chair. A program may be partially drafted.

## COUNTY DAYS PROPOSED

It has been proposed that two of the days of the week beginning August 5th be county days, one York County day and the other Sanbury County day.

Various organizations in Sunbury County including the bands at French Lake, Oromocto, and Fredericton Junction have been communicated with by Publicity Agent McDade with a view toward having them organize excursions to Fredericton on the day allotted to Sunbury County. The City Cornet Band of St. John has also been asked to bring an excursion from that city upon some day of Old Home Week.

## MILITARY FEATURES

It is probable that an effort will be made to have military features for the Old Home Week and the officers of the 71st York Regt and the 38th New Brunswick Dragoons are to be communicated with in connection with this. The 71st Regt., as the county corps it is thought would take a prominent part in the celebration. The two squadrons of the Dragoons which are raised in York and Sunbury Counties may also be available.

## FIREWORKS DISPLAYS

Displays of fireworks are also to
