SCHOOL BOARD CONSIDERS MORE PRACTICAL TRAINING

Will Seek Information From Experts--- New Heating System to be Installed in York Street School.

The regular monthly meeting of the School Board was held yesterday when considerable business was disposed of. Dr. Vanwart was in the chair and other members in attendance included Mrs. Clark, Mrs. Cox, Mr. Sterling, Mr. Weddall, Mr. Spurdin, Mr. Lemont and Mr. Hughes.

Some time was devoted to consideration of the amount required to keep the schools running in a fairly successful manner during the year and it was finally decided to ask the City Council for the sum of thirty thousand dollars, which with \$1,000 due on former expenditures, it is hoped the efficiency of the schools can be maintained.

Ald. Lemont reported respecting legislation now in progress and the chairman gave particulars respecting other necessary work.

When the routine business had been pretty well completed the Board devoted much time to the consideration of enlarged work along more practical lines as urged by the Board of Trade, and looked for by the citizens generally. With the view of making arrangements for advanced mechanical work and probably for practical work for a class of pupils who cannot take advantage of a regular school course, further enquiries will be made from practical parties. The question was then deferred until a further meeting.

It has been found necessary to install a new system of heating in the York Street School building, and the building committee has been (Continued on page four)

DELEGATION WILL INTERVIEW GUTELIUS RE TRAIN-SERVICE

Mayor Mitchell and Ald. McKnight to Represent City Council---Will Leave Tonight For Moncton.

His Worship, Mayor Mitchell and Ald. George McKnight will leave tonight for Moncton as a delegation representing the City Council and will wait upon F. P. Gutelius, general manager of the Intercolonial Railway tomorrow morning to protest against the proposed change in train-service upon the Canada Eastern Branch of the I.R.C. This matter was before the City Council last night and a communication from Mr. Gutelius was read. This letter dealt with the proposed change on the Canada Eastern and stated that it was contemplated because it was considered an improvement in the train-service that would "put Fredericton on the railway map."

Ald. Burnett was strongly favorable toward the proposed change, saying that it would be an improvement and would benefit Fredericton in the end. He thought Mr. Gutelius knew what he was talking about. The rest of the Council was of another opinion, however, and the delegation named was appointed to go to Moncton to protest.

WILL PRESENT PETITION.

Publicity Commissioner Simonds has been circulating a petition protesting against the proposed change and up to this afternoon had secured eighty-six signatures among the merchants and business men of the city. This petition will be presented to Mr. Gutelius by President J. D. Palmer of the Board of Trade, who, with J. T. (Continued on page five.)
