IMPORTANT ANNI- VERSARIES THIS MONTH

The Editor, The Fredericton Mail, Sir,—I am requested by the President Officer and members of The St. George's Society of this city to call the attention of the press and the public to two important anniversaries which occur next month, viz: on the 15th of June, the seven-hundredth anniversary of the signing of the Magna Charta in 1215, and on the 18th of June the centenary of the Battle of Waterloo fought in 1815; the former established the liberty and freedom of our great English race, while the latter was one of the highest importance not only to the British Nation but to the whole world.

The St. George's Society are of the opinion that on account of the war, in which this nation is now engaged with our gallant Allies the French, it is not expedient to hold any public gatherings in celebration of these events, but it is suggested that the days named should be marked throughout Canada by special articles in the newspapers descriptive of such historical matters, and the display of flags on public and private buildings, and also that the pupils in all our schools should have their attention directed to those mighty events.

Hoping that you will kindly assist in carrying out the ideas of our Society.

Yours truly,
REGINALD G. SCHOFIELD
Secretary.

PICKERERS DELAYED.

A picnic party of young people who went up river on Tuesday evening, were delayed by a wind storm and did not get home until a late hour. The parents of some of them became anxious and had prepared to start out in a motor boat to investigate. Before they got started, however, the picknickers put in an appearance.
