

WOMAN'S BEST MEDICINE

Mrs. Kelly Advises all Women to Take "Fruit-a-Tives"

HAGERSVILLE, ONT., AUG. 26th. 1913.
"I can highly recommend 'Fruit-a-Tives' because they did me an awful lot of good and I cannot speak too highly about them. About four years ago, I commenced taking 'Fruit-a-Tives' for a general break-down and they did me a world of good. We thought a good many dollars' worth, but it was money well spent because they did all that you claim for them. Their action is so pleasant, compared with other laxatives, that I found only pleasure, as well as health, in taking them. They seemed to me to be particularly suited to women, on account of their mild and gentle action, and I trust that some other women may start taking 'Fruit-a-Tives' after reading my letter, and if they do, I am satisfied the results will be the same as in my own case."

MRS. W. N. KELLY

"Fruit-a-Tives" are sold by all dealers at 50c. a box, 6 for \$2.50, trial size, 25c, or sent postpaid on receipt of price by Fruit-a-Tives Limited, Ottawa.

STRIKE OUT HYPHEN, IS OFFICIAL COURSE

(Toronto Globe.)

"There is no such man as a German Canadian, at least there should be none such at the present time. He is either a Canadian or a German—either a citizen or an enemy. He cannot be both just now," declared Superintendent J. E. Rogers of the Provincial Police, when interviewed by The Globe shortly before his departure for Northern Ontario on matters he declined to discuss for publication.

The Ontario Provincial Police are acting at the request of the Chief Commissioner, Col. Sherwood, head of the Dominion Police at Ottawa, in investigating and dealing with certain acts of alleged alien enemies in this province and particularly in the unorganized districts.

PROTEST OF "GERMAN-CANADIANS."

According to information which had reached The Globe, certain residents of Teutonic origin in two districts of Northern Ontario had been under surveillance by reason of acts alleged to have been suspicious and had entered protest on the ground that they were naturalized and were German-Canadians.

Supt. Rogers declined in any way to discuss or comment upon the report, but stated that the "defence of many alleged aliens with which the provincial officers had been called on to deal was that they were 'German-Canadians.'"

WITH US—OR AGAINST US.

"We know no German-Canadians," reiterated the official, "and we do not propose to recognize any such impossibility hyphenated individual at this time. He is either one thing or the other. He must be either a Canadian out-and-out, or not at all. He must be with us or against us in the struggle for liberty and civilization."

"Yes," said the superintendent in response to further questions, "we have met with many cases of self-styled 'German-Canadians' but we cannot and do not let it go at that. We know only one kind of Canadian—the Canadian, whatever his ancestry or birth, who is a Canadian. That is sufficient for us and it is the only kind of thing that is sufficient."

Supt. Rogers adhered to his determination not to discuss the purpose of the official trip that took him north but it is understood that it has to do with certain serious reports which have reached the military authorities.

DR. MONTAGUE ADMITS LACK OF PROTECTION

Winnipeg, May 31.—When Dr. Montague became Minister of Public Works for Manitoba on November 4, 1913, he issued special instructions to his department that no important business was to be transacted in his department without his personal supervision. Yet he testified before the Royal Commission today that he put O.K.'s on the applications of Thomas Kelly & Sons for payment of money purely as a matter of form. He declared that he took Horwood's word for it. In extenuation of his conduct the ex-Minister said that until the short war session of last year he had no idea that the caissons were not included in the original contract.

Looking in rather poor health Dr. Montague took the stand and was examined by C.P. Wilson, counsel for the Liberals. The substance of his evidence was that owing to illness and consequent absence from office and to other causes he never thoroughly became familiar with the affairs of his department.

Asked why he had taken no steps to investigate the ground on which Kelly & Sons based their numerous applications for payments, he said that he had to depend on his trusted lieutenants. "What protection was there to the Province?" Mr. Wilson asked. "I am afraid there was none," was the reply.

U.S. STEEL CHAIRMAN'S INSTRUCTIVE SPEECH

New York, May 29.—In his address as president of the American Iron and Steel Institute at its general meeting, Judge E. H. Gary, chairman of the United States Steel Corporation, said in part:

"In times gone by there have been reasons for hesitancy of the business man in boldly proclaiming his rights. The conduct of business by many men, though small in number compared with the total, has not always been up to the standard of propriety. This is not a new subject, it has been frequently adverted to by many of us during the last ten years. As a consequence there has been considerable prejudice against business interests particularly the larger ones, and it has been worse than useless to speak in favor of the protection and growth of business for the words would be ineffective. So it is not difficult to understand why for a period of years business men in this country suffered in silence."

"Now the time is come when the business man, even if he represents large interests, may speak frankly and freely about any of the important questions which affect him or those whom he represents. When and while our attitude and conduct are above reproach, others will be willing to heed what we may say concerning any question in which they or we may be interested."

"The time seems to be opportune, first, to reiterate that business men throughout the country must give no cause for complaint in the management of their affairs, but must continue to live up to the standards of propriety, and second, to insist that on those conditions the government with all their agencies and influences shall co-operate with business interests and aid them in the establishing of credit in extending commerce, in increasing capacity, in the development of natural resources, in adding to the comfort of themselves and those with whom they may be connected, and for whose welfare they are more or less responsible."

"I will add a few words in regard to the present business conditions. Assuredly we may build our hopes and expectations on opportunities which this country offers. It seems to me at the moment the outlook for improvement in our lines of activity are better than they have been for more than a year. This is undoubtedly in part the result of increased exportations at fair prices, due to the European war, but in my opinion also because of a change in the sentiment towards business which now seems apparent. The captain of industry is again to be popular in the United States and this has been brought about by the efforts of business men to satisfy the public in regard to their reasonable demands. The clouds of distress, suspicion and hostility are breaking. In the rift we may see the sunlight of better things and better conditions."

Was Troubled With Choking Spells and Shortness of Breath.

When the heart becomes affected, there ensues a feeling of a choking sensation, a shortness of breath, palpitation, throbbing, irregular beating, smothering sensation, and dizziness and a weak, sinking, all-gone feeling of oppression and anxiety.

Many men and women drag along with weary step, and become worn out and haggard, when otherwise they could be strong and healthy if they would only pay some attention to the first signs of heart or nerve trouble. On the first sign of the heart becoming weakened or the nerves unstrung Milburn's Heart and Nerve Pills should be given a fair trial and you will find that they will soon correct both these organs.

Mr. James Leard, Tryon, P.E.I., writes: "Just a few lines to let you know what Milburn's Heart and Nerve Pills have done for me. I had choking spells, and was troubled with weakness of the heart and shortness of breath. I tried three doctors but they all failed. A neighbor recommended me to try your pills, so I got a box and they helped me so much I have taken six boxes. I highly recommend them to all who are troubled with their heart and nerves. I was not able to do any work for over two years; now I can do quite a bit."

Milburn's Heart and Nerve Pills are 50 cents per box, 3 boxes for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.
