Saturday—Outplayed in
All Departments.INTER-SCHOLASTIC RUGBY
STANDINGSt. John High 2 0 1,000
Fredericton High 0 1 .000
Roth's Collegiate 0 1 .000In its first game in the Inter-scholastic
Rugby Series Fredericton High School
received Saturday the worst
beating a team from that school
ever got. The score was eighteen to
nothing with St. John High on the
big end. The visiting team had the
Yellow and Black outclassed in all
departments. They were heavier and
also played with much better foot-
ball particularly in the back division.
With one win over Rothsay and
another over Fredericton High it
looks as if St. John High would
have little difficulty in winning the
championship.From the start of Saturday's
game the St. John team had the
home team on the defensive. In the
first half three tries were scored,
the first by Capt. Bill Donnelly,
the second by Russell Donnelly and
the third by Capt. Donnelly. In the
second half the same number of
tries was scored the Donnelly's again
figuring R. Donnelly with two and
W. Donnelly with one. Bill Donnelly
attempted to convert all the six
tries but showed that place-kicking
was the one department in which
he was decidedly weak."Hump" Campbell the U.N.B. coach
was the referee. In the early stages
he was rather lax with regard to
offside play and St. John High's
half was quick to take advantage
of the fact. Later he was more
strict in that regard.
The teams were as follows:

FOR MORE MENNew York, Oct. 16—A cable to
the New York Times from London,
dated Saturday, says—"The Birmingham Post has re-
ceived the following from Lord Kit-
chener, to the people of Birmingham,
with reference to the recruiting
campaign in that city:—"I need more men, and still
more if the armies in the field and
armies which will in turn proceed
abroad, are to be kept at proper
strength. I appeal earnestly to all
men who are able-bodied and can
be spared to respond to the call,
unless they are satisfied to allow
the many lives given by their gallant
fellow townsmen to have been
given in vain. I can only do my
duty by the country if you do
yours by me. We must have more
men at once."Suede shoes that are spotted from
rain can be renewed by the simple
method of rubbing with an emery
board the spots matted together by
the water.

DiggerGet one now and you will not need to worry about the possibility
of a wet fall.The Hoover has been in use for nearly 30 years and, although hun-
dreds of other styles of diggers have been introduced, it still holds
first place in the estimation of the large potato growers all over the
continent.The steel sides, steel sprockets and complete equipment of roller bear-
ings and high quality of material puts the Hoover ahead of any of
the imitations.Chain drive in a digger, is superior to gear drive in that a broken
link can be replaced without delay and at trifling cost, the broken
gear means considerable delay and expense.

We offer these machines on wonderfully easy terms.
