Palmer McLellan Concern
Have Sent One Shipment
and Booked More.

Fredericton, April 11.—(Special)—Fredericton is now supplying footwear for the allied armies in Europe. A large consignment of oil-tanned footwear manufactured by the Palmer-McLellan Shoe Company at its factory in this city, was shipped last week from St. John by steamer Metagama. Other shipments are to follow. The Canadian militia department has repeatedly been urged to adopt footwear of this type but so far has not consented.—Daily Telegraph.

SUFFERED FROM BILIOUS HEADACHE.

At Times Thought She Would Go Mad.

Headaches are one of the most aggravating troubles a person can have. They are many and varying, but when the headache starts you may be sure that there is some other chief cause of this most painful difficulty. The stomach may go wrong, the bowels become constipated, the blood may not circulate properly, but the presence of the headache clearly shows that there is some other baneful disease which is liable to assert itself unless the cause of the headache is removed. Get rid of the headache and thus perhaps save yourself many years of trial and suffering.

Burdock Blood Bitters has, for the past forty years, been curing all kinds of headaches, and has also proved itself to be a remedy that cures where all others fail. It does this by removing the cause of the trouble.

Miss Mary A. Roberts, Hampton, N.B., writes: "For about two years I have suffered from bilious headache. At times I thought I would really go mad. Not long ago a friend advised me to try Burdock Blood Bitters, which I did, and after taking three bottles I have never been troubled with any kind of a headache. I think that B.B.B. is one of the wonders of the world. I can safely recommend it to all who suffer from bilious headache."

Burdock Blood Bitters is the oldest and the best known blood medicine on the market to-day, and is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

WOULD LIKE TO SELL ALL THE RAILWAYS

In the House on Thursday, Hon. Mr. Clarke, when the bill relating to the International Railway was taken up, said that his bill gave the company authority to dispose of this railway to His Majesty the King. Honorable gentlemen were all aware, no doubt, that an arrangement had been made for the dominion government to take over the railway, in fact, the road was now leased to and operated by the government as part of the Intercolonial Railway, the lease providing that the government could purchase the road within five years.

Mr. Tilley asked if the International Railway had not been granted provincial subsidies and if so, if there was not a provision for the government to have a lien on the railway to the amount of such subsidies. If there was any opportunity for the province to get out any monies which it had put into the road, this should be done at this time.

Mr. Young, chairman of the committee, then read the provision of the bill, which stated that sales should be subject to any existing mortgages.

Mr. Stewart, Northumberland, said that he believed the House would be unanimous in supporting the selling of the railway and any other railway in which the province had an interest and might get back some of the money which it had put into them. He would be glad if the St. John Valley could be added.

Hon. Mr. Clarke said that he would be glad to place any offer which the honorable member would make for the railway before the government.

Mr. Dugal asked when papers in connection with the report of the royal commission in the changes which he had made regarding timber lands and St. John Valley construction would be brought in.

Hon. Mr. Clarke said that papers unfortunately had been somewhat delayed but he would keep his promise that he had made to the honorable member and would bring them down before prorogation.

A WONDER TRIP

"Now, hubby, we positively must go to the Panama-Pacific exposition. They say it's a wonder trip."

"It will be if we go—a constant wonder where the daily expenses are coming from."

WHAT WILL BE DONE WITH FLEMMING

(Montreal Herald.)

Bishop Farthing has been giving an interview to a Gazette reporter in which he eulogizes Sir Robert Borden for having censured two members of parliament in connection with the sale of military supplies to the government. Bishops nowadays do not usually dip into politics, but now that Dr. Farthing has done so, it will be quite fair to ask him if he knows that the two M.P.'s, so gently reprimanded by the prime minister, still remained M.P.'s when their leader had all the power necessary to make them vacate their seats? It is true that Mr. Foster, after considerable delay, has at length resigned on his own account, but does Dr. Farthing know that Mr. Garland, M.P., has been re-nominated as party standard bearer in Carleton county. Without any audible protest from Sir Robert? We scarcely dare contemplate the enthusiasm which the Bishop would have thrown into that interview if Sir Robert had done his whole duty and read William Foster Garland and Arthur Dewitt Foster out of the Conservative party.

We would also ask whether the Bishop knows that in New Brunswick, Mr. Flemming, who occupied the position of premier of the province, came under the condemnation of a royal commission appointed to inquire into certain matters connected with the administration of public affairs, and in consequence of the revelations, was forced to retire. Mr. Flemming has now been appointed the Conservative candidate for the Liberal house of parliament for Carleton and Victoria counties, N.B. A word from Sir Robert would have prevented his presuming to be the Conservative standard bearer. That word has not been made.

It is not without significance that the present member—whom Mr. Flemming will try to oust—on behalf of the premier who has given "a grand lead" in the cause of purity in public life—is Mr. Carvell, who happens to have been one of the most active of the public-spirited gentlemen who revealed the cold-blooded and appalling hoodluming of the war grafters. Does this look as though the premier invites the co-operation of all political parties in driving out unrighteousness from public affairs? Mr. Carvell, who revealed what was going on at Ottawa, is to be punished, if possible, by being thrown out of parliament. And the man selected as the representative of Sir Robert Borden, to replace him is one so discredited in provincial politics that he was forced to resign public office. Can the Bishop be aware of this?

Might we ask one more question, which we never dreamed of asking until Dr. Farthing re-entered politics, "Does the Bishop favor a general election under present conditions in Canada?" His Gazette interview will make splendid campaign literature.

PROBABLY THEY ARE

"You can reach more flies with honey than with vinegar."

"How about a glucose as a substitute for honey? Are the flies all wised up on pure food products like everybody else?"

NEW STRENGTH

IN THE SPRING

Nature Needs Aid in Making New
Health Giving Blood

In the spring the system needs a tonic. To be healthy you must have new blood, just as the trees must have new sap to renew their vitality. Nature demands it and without this new blood you will feel weak and languid. You may have twinges of rheumatism or the sharp stabbing pains of neuralgia. Often there are disfiguring pimples or eruptions on the skin. In other cases there is merely a feeling of tiredness and a variable appetite. Any of these are signs that the blood is out of order—that the indoor life of winter has lessened your vitality. What you need in spring is a tonic medicine to put you right, and in all the world of medicine there is no tonic can equal Dr. Williams' Pink Pills. These pills actually make new rich, red blood—your greatest need in spring. This new blood drives out the seeds of disease and makes easily tired men, women and children bright, active and strong. Miss Edith Brousseau, Savona, B.C., says:—"I was as pale as a ghost, suffered from headaches, severe palpitation of the heart at the slightest exertion. I had little or no appetite and seemed to be drifting into a decline. I was attending High School in Vancouver at the time and the doctor advised me to stop. I did so and took his treatment for some time but it did not help me in the least. Upon the advice of a friend I began taking Dr. Williams' Pink Pills and in a very short time they gave me back complete health and enabled me to resume my studies. I have enjoyed the best of health since and owe it all to Dr. Williams' Pink Pills."

These Pills are sold by all medicine dealers or can be had by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Toronto Star—It would be much better for Mr. Rogers and his friends to bring on an election without any excuse at all than to put forward the absurd plea that Mr. Rogers must be allowed to appoint a few more of his friends as Senators for the West. The West will not be benefited by the new Senators and nobody in the West cares except the few who are looking for the jobs, and Mr. Rogers, who wants to strengthen himself as a party leader by this addition to his patronage list. His attitude is quite natural from the partizan point of view. But it is no reason for plunging the country into a partizan conflict at a time when all its energies are required for the common cause. Surely the Government has patronage enough at its disposal. A war graft is a direct consequence of patronage.
