LIBERALS OF HARVEY ARE OUT FOR REFORM

At a meeting of the Liberals of Harvey the following resolutions were passed unanimously.

(1) RESOLVED—That the meeting representing the Liberals and friends of the Liberal party in Harvey by a standing vote, signify our approval of the action of the Liberal opposition in our Provincial Legislature. And also our entire confidence in the ability, honesty and integrity of our Provincial leader Mr. A. B. Copp

(2) RESOLVED—That owing to the general dissatisfaction of a large majority of the rural population of this province, regarding the present telephone system, caused by the inability of so many of our people from enjoying the same, owing to the high rates charged by the chartered companies, and also by their inability to provide a service which so many of our people desire, and demand and would appreciate if provided. Now, believing and knowing, that a free telephone system built and operated by the people themselves would effect a remedy sure and simple, both in regard to cost, and efficiency and also prove a boon to the chartered companies. We therefore request at the next Liberal Government and Legislature to enact the necessary legislation, to empower the people in any or in all of the rural districts throughout this province to build and operate telephone lines wherever they wish. And would suggest that the authority to do so be granted an lines connecting church incorporation, or of our agricultural societies.

(3) RESOLVED—That where under the present and all past Road Laws of this province the roads running through wilderness lands and all sparsely settled districts, have been continually neglected, and never kept in an efficient state of repairs, to the great detriment of progress, and development of the country, causing hundreds of our farmers to sell, or abandon their farms and to seek a livelihood out side of our province

and in consequence of the depletion of our rural population, the schools in many of the districts, affected thereby have been forced to close their doors and stand vacant, thereby causing incalculable loss by depriving the children of what every child in the country is entitled to the blessings, and advantages of a good common school education. We suggest as a remedy which if adopted would in a very large measure effect a very great improvement of the existing aforesaid conditions. Be it further resolved, that the present Road Law be so amended by a substantial special grant of money given annually by the government to be expended on the aforesaid districts throughout this province by commissioners appointed by the Government for that purpose and having jurisdiction over several parishes and the said commissioners to be free and independent and in no way under the control of the Road Boards of the Parishes in their respective Districts

(4) RESOLVED—That we believe it to be wrong in principle for any Government to grant exemption to companies formed for the development of our mineral wealth for a longer period than twenty-five or thirty years.

(5) RESOLVED—That we believe a halt should be called in the granting to companies, control of our water powers for generating and transmitting electric power. We believe that our water powers should ever remain under the control of the government and that the government should encourage the people to utilize and develop the said powers for their own use by granting bounties or some other means of financial assistance.

(6) RESOLVED—That we request that the following principle be made permanent and strictly adhered to in the formation of a Liberal government, viz.—That the commissioner of agriculture be a practical farmer and the Surveyor General a practical lumberman.

REPUBLICAN CONVENTION

(Continued from page one)

The affirmative votes of 540 delegates whose seats are uncontested, and this resolution shall govern and be enforced during the temporary organization of this convention and until the permanent organization thereof shall have been effected.

Every possible effort was made by the Roosevelt managers to have the Taft leaders agree to accept and abide by this proposal. Illinois friends of Congressman William B. McKinley, President Taft's campaign manager, sought to have him agree to the plan. Governor Donegan Lawrence, Sherman State, Senator Dogan Hay of Springfield, and Thomas Healy of Chicago, were among those who threw their personal influence into the balance in attempts to have Mr. McKinley accept the arrangement.

Taft leaders pointed out that the plan was in direct opposition to the rules governing the National Committee and to long established procedure in the temporary organization of Republican national conventions.

The proposed innovation met with little encouragement at the hands of a majority of the members of the National Committee.

ELECTORS TIRED OF FLEMMING RULE

inquiry into the statement of a member of the legislature, who examined the endorsements upon the checks made payable to J. P. McAuley, that they do not resemble the business signature of that gentleman.

That is a feature of the transaction that must be investigated in the legislature, and in view of the statements made concerning payments to ten-year-old boys in Kent county, it would seem as if there was much else that needed inquiry.

MAXWELL NEARLY MIED

Windsfield, Charlotte Co., N. B., June 17—While telephone and telegraph messages being dispatched from St. George all along the line toward St. John tonight trying to locate the Hon. Robert Maxwell, who was booked to address a Conservative rally there, that gentleman was pacing the highway, near here, while more than a dozen farmers were exerting all their energy to dislodge his auto from the mire into which it had plunged.

The honorable gentleman was expected to arrive in St. George at 5 o'clock, but as the hours of 8, 9 and 10 passed and still no Maxwell appeared, there was grave danger that the meeting was going to lose one speaker whose stirring speech, upholding the Flemming administration and combating the strong protests from every quarter of the province against the disgraceful condition of the highways, was prophesied to start a reaction among the revolting Conservatives.

From soon after 6 o'clock till nearly 11 farmers near here were doing their best to get Maxwell's auto out of the mud. At 11.30 Mr. Maxwell's car arrived in St. George coated with mud and in a terrible condition. He went to the hall and was greeted with all the applause that the audience had the heart to extend him, when they were acquainted with the topic he was to deal with and the experience he had on his way to deliver his address.

MAY LOSE DEPOSITS IN

LEST JOUCHE.

Campbellton, N. B., June 17—The serious charges that were made or nomination day by a man of such political experience as Hon. C. H. LaBille against every department of the Flemming government has driven the Conservative candidates to despair.

Fearing the loss of their deposit, they have forced every official of theirs to take an active part in the contest. Besides their lumber scalers, game wardens, road superintendents, who are following the meetings and distributing liquor to get people to interrupt and prevent free speech, they have stumping the country such men as Wm. Murray, judge of probates; E. Rene Richard, clerk of the peace and clerk of the county and circuit courts; Peter M. Shannon, recently appointed justice of the peace; David Champoux, Wm. Montgomery, who was rejected on Sept. 21 last by the electors of Restigouche and who has so mismanaged the patronage from Ottawa that he has ruined the Conservative cause in this county for years to come.

The tide is strong against the Flemming-Morrissey combination here and commercial travelers report the certain defeat of the government.

FLEMMING UP AGAINST IT.

Woodstock, June 17—As election day draws nearer the anxiety of the Tories increases and the party is now verging on a panic. Premier Flemming is working the sympathy dodge by beseeching the electors to save him, as a defeat will mean his political extinction.

At Florenceville he grew desperate and said if Carleton threw him down he could get a seat from another county.

Tory leaders concede the Liberals two and a strong show for the whole ticket. It is said a huge campaign fund has been furnished by the C.P.R. who want to have Flemming eat any cost to carry out their plans to control the Valley Railway.

A special edition of the Sentinel says: Railway operations at Bull's Creek, four miles below town were suspended today on account of no funds to carry on the work. It is also rumored that Kennedy & McDonald will throw up their contract. At the Tory pow-wow Flemming told his audience that the C.P.R. was a good friend whom he did not wish to criticize. Conservatives are deserting the ranks of the party on the railway question and are fast losing faith in Flemming's sincerity.

The Liberal candidates are holding successful meetings all over the country and meeting with most enthusiastic receptions.

Recent details in regard to bridge expenditures show a rotten condition of affairs. W. Rideout who hauled four loads of stone for the Hartland bridge was paid \$2.50. He appears in the auditor general's report as being paid \$24.50.

The sum of \$800 sent to the highway board in the parish of Kent appears in the auditor general's report as \$1,088.96. The people are thoroughly aroused over the situation and will sneak in no uncertain way next Thursday.
