**REV. DR. CAMPBELL'S
INSPIRING MESSAGE**

(Continued from Page One.)

any influence and all our nations stands for and our great race would pass to the limbo of the things forgotten and have its record only on the pages of history.

THE CALL FOR MEN.

But Germany must not win and Germany shall not win, if Britons to themselves are true; therefore the call that comes from over the ocean to us today, from the lips of Earl Kitchener, the call is for men, for more men, for three hundred thousand men, to form a new army. The call is for men, men, three hundred thousand wanted now in this critical hour in the great campaign, therefore my message to this magnificent assembly today, to every man in it who is within the age limit and physically fit, is to enlist, is to give his life to his country. The most precious thing a young man possesses is his life and what would not a man give for his life and your sons and your brothers have heard the call and they have placed their most precious possession upon the altar of their country and they are offering their lives. The hour is not coming, but now is, when your duty is to enlist.

"To every man upon the earth,
Death cometh soon or late,
How can a man die better,
Than in facing fearful odds,
For the ashes of his fathers,
For the altars of his gods?"

Then against the wrong that needs resistance, for the right that needs assistance, strike.

Some of us cannot enlist but duty comes to us, as well as to the men who go. Lord Kitchener has said that the men who keep the wheels of commerce moving and cultivate the fields, who make it possible to feed and clothe and equip the troops are doing as vital a service as the men on the firing line.

IN ITS INFANCY.

Men and women of Canada, your empire is in its infancy and your history has only begun and the dominion that has produced the men of the past, the men of South Africa, the men in the trenches of Belgium and France today, may be hopeful of the coming time, hopeful of the coming men. The young men of this country, asking only a fair field and no favor, will make for themselves games and make for Canada a history.

Then go forth with that loyalty that will stoop to nothing mean, forward under that old flag which, notwithstanding Britain's faults and Britain's failures, has ever stood for liberty of the oppressed and the opening of the prison to them that are bound. Oh, the glory that comes to you today, the Home calls, the Empire calls. Righteousness calls and God is sounding on a trumpet, that has never called retreat. He is summoning the hosts of men around His judgment seat.

"Against the wrongs that need resistance
And for the rights that need assistance,
Strike till the last armed foe expires,
Strike for your altars and your fires,
Strike for the green graves of your sires,
God and your native land."**COLICKY CHILDREN**

Colicky children can be promptly cured by Baby's Own Tablets because these Tablets act directly on the stomach and bowels and cleanse them of all impurities. Concerning them Mrs. Jas. C. Slater, Summerville, N. S., writes: "I have used Baby's Own Tablets and I am glad to say I have found them an excellent medicine for colic and loss of sleep." The Tablets are sold by medicine dealers or by mail at 2 cents a box from the Dr. Williams Medicine Co., Brockville, Ont.

ON LEGAL BUSINESS

J. J. Hayes Doone of St Stephen is registered at the Queen today. He is in the city on legal business. Mr. Doone belongs to St. Mary's but now is practising law in the Border Town.

LATE DAVID PICKARD

The funeral of the late David Pickard of the Mouth of Keswick took place this afternoon at 2.30 at that place and was largely attended.

FIRE CHIEFS' CONVENTION

The Fire Chiefs' Convention for the Maritime Provinces will be held at Moncton on Wednesday next. Chief H. C. Rutter of the Fredericton Fire Department will attend.

POLICE COURT

One drunk forfeited a deposit of eight dollars by non-appearance in the police court this morning. A drunk who was remanded yesterday to give him an opportunity of becoming sober was sent to goal for twenty days.

CALIFORNIA VISITORS.

Dr. Frank H. Patterson and wife of San Jose, California, are registered at the Barker House. Dr. Patterson is a native of Fredericton. He left this city about thirty years ago, when aged eight years, with his father, also a physician, and went to California, where they took up their residence. Dr. Patterson has been looking up some of the friends of his boyhood.

**GERMANS POISON WELLS
ON THE WEST FRONT**

London, May 20.—The Morning Post has the following from the north of France: So confident were the Germans of breaking through at Ypres that they had massed some hundred thousand cavalry between Poel-Cappelle and Roulers with which they hoped to dash through Steenstraete by the main road and go on to Dunkirk and possibly Calais. I am informed that there was terrific fighting around the railway triangle east of Cuinchy. Here, too, the Germans have been using every species of foul device. There is every reason to believe that the water in the district has been poisoned, curd doctors suspect, with arsenic, and careful analyses are now being made to establish the point.

**ANOTHER NATIONALIST
TO QUIT THE GOVERNMENT**

Ottawa, May 21.—Sir Robert Borden is expected back in Ottawa early next week and all the cabinet will be here except Hon. Mr. Hazen, who has gone to the Adirondacks for rest and quiet after his operation in Montreal.

It is believed that one of the first things to be dealt with by the prime minister will be the resignation of the secretary of state, and popular members for Hochelaga. It is understood that Hon. Louis Coderre is likely to succeed Mr. Justice Tellier on the bench in Montreal. The latter has served for many years and is qualified to retire on full salary.

The question of the new French-Canadian members of the House of Commons will doubtless be allowed to offer suggestions on the matter after discussion among themselves.

PARTINGTON CO. DRIVE

(Continued from page eight.)

Rafting at the Mitchell Boom will not begin for a fortnight or three weeks. The crew which will work there was engaged on the drift drive and now is sacking the shores of the lower river and doing other work there.

The water in the river is at a stand still, the rains of the past few days aiding in checking the fall. The drives on the upper St. John are having a hard time but it is thought that the greater part of the lumber will come out all right.

PERSONALS
