## A Law Regulating The Sale of Milk in the City of Fredericton.

1. No person shall sell or offer for  
sale milk in the City of Fredericton  
without having first procured a li-  
cense so to do, from the local Board  
of Health.

2. Every person applying for a li-  
cense to sell milk within the City of  
Fredericton shall, with the applica-  
tion therefor, furnish the Board with  
a declaration in writing that all  
cows belonging to him which supply  
milk for the purpose of sale have  
been tested with the Tuberculin with-  
in one month from the date of such  
application by a veterinary surgeon,  
recognized as such by the Board, for  
the diagnosis of tuberculosis and  
that he will not sell or offer for sale  
in the said City of Fredericton, any  
milk procured from any cow which  
has not been so tested.

3. Every person so applying as  
aforesaid shall also furnish along  
with the application and with said  
declaration, a certificate in writing  
from an accredited veterinary sur-  
geon, approved by the local Board of  
Health, certifying that all the cows  
from which the applicant procured  
any milk for the purpose of sale,  
have been tested within one month  
from the date of such application,

tuberculosis, and that the said cows  
and each and every one of them are  
entirely free from Tuberculosis, Cow  
Pox, Actinorhysis, Puerperal Fever,  
Retention of the Placenta or any  
other malignant or contagious dis-  
ease. All certificates from veterinary  
surgeons shall be on form approved  
of and supplied by the local Board  
of Health.

4. And every person owning or  
keeping herds from which milk is sold  
in the City of Fredericton, shall,  
upon making any additions to said  
herds, have each and every addition  
properly tested with Tuberculin for  
the diagnosis of tuberculosis and  
shall file a certificate from an accred-  
ited veterinary surgeon that said  
additions are free from tuberculosis.

5. And every person selling milk  
in the City of Fredericton shall have  
their entire herd of cows properly  
tested for tuberculosis as before pro-  
vided, at least once every year, be-  
tween the first of April and the first  
of May. Should the Board deem it  
necessary in the interest of the pub-  
lic health, they can order any or all  
herds from which milk is supplied to  
the City of Fredericton to be tested  
with Tuberculin as before described,  
twice during the year.

6. Every license to sell milk with-  
in the City of Fredericton shall be  
subject to the condition that the li-  
censee shall and will observe, abide by  
and perform all the restrictions, con-  
ditions and regulations from time to  
time adopted or enacted by the local  
Board of Health during the currency  
of said license or any renewal there-  
of, and upon the said licensee failing  
to observe, comply with or perform  
any of such restrictions, conditions  
or regulations, the license granted to  
such vendor of milk shall forth-  
with become null and void.

7. Every licensed vendor of milk  
offering milk for sale in the City of  
Fredericton shall at least once a  
year, deliver to the Board of Health  
a statement containing (1) His name  
and address; (2) The source or  
sources of his milk supply; (3) The  
number of cows in his possession;  
(4) The average quantity of milk dis-  
posed of either (a) to milk shops, (b)  
to milk vendors, (c) or to private  
consumers; (5) The situation of his  
dairy or dairies, and such other in-  
formation as the Board or its officers  
may deem necessary.

8. Every licensed vendor of milk  
shall comply with the various clau-  
ses of the Public Health Act by giv-  
ing notice to the local Board of any  
cases of contagious disease in his  
family or in his farm house or shop

milk is either sent or received, and  
he shall further carry out the rest-  
rictions laid upon him by the local  
Board under the Public Health Act.

9. No licensed milk vendor shall  
sell or offer for sale in the city of  
Fredericton any milk which is un-

fed upon garbage or the like sub-  
stance, or milk from diseased ani-  
mals; but skimmed milk may be sold  
as such if contained in cans or  
vessels bearing upon their exterior

supply such skimmed milk unless  
such quality of milk is asked for by  
purchaser.

permit all his milk cows and cow  
pyres, and all dairies and other places  
in which milk is sold or kept, to be  
inspected by the Health Officers, or  
person or persons appointed for that  
purpose by the Board of Health  
whenever any such officers may desire  
to do so, and no licensed vendor of  
milk shall keep any milk intended for  
sale, or which may be afterwards sold  
or offered for sale in the said city,  
in any place where such milk is likely  
to become unwholesome or liable to  
produce disease, either by reason of  
adulteration, contamination with  
sewage, absorption of disease germs  
infection of cows, uncleanness, or  
any other unrecognized cause, nor

in any place condemned by the Board  
or its authorized official, nor carry  
it in any wagon of vehicle used for  
the conveyance of swill, manure, or  
any other offensive material.

11. Every licensed vendor of milk  
shall have the number of his license  
conspicuously placed on the wagon  
or vehicle from which the milk is  
sold, and every can or vessel from  
which it is sold when no vehicle is  
used.

12. Every dairyman and vendor of  
milk and every driver of milk wagons  
or vehicles having in his possession  
in the city of Fredericton milk for  
sale in the said city at the time,  
shall, whenever so requested, furnish  
the Inspector of the Board with such  
samples of milk as he may require  
from time to time and at such places  
as the samples may be demanded.

13. Every sample of milk shall have  
a label attached to the vessel con-  
taining it, which shall have written  
thereon at the time of collecting it,

lection and the initials of the officer  
or inspector receiving the same, who  
shall at once enter in a book (carried  
for that purpose) for further refer-  
ence, a corresponding number with  
the name of the owner or driver from  
whom the said sample was obtained.

14. Each sample shall be examined  
separately according to its number,  
by the medical health officer or per-  
son appointed for the purpose, who  
shall register the specific gravity, tem-  
perature and percentage of butter  
fat, opposite a corresponding number  
in a book kept for that purpose, the  
names of the owners to be subse-  
quently inserted.

15. The Health Officers and San-  
itary Inspectors are authorized and  
required to inspect, as often as to  
them or any of them seem necessary,  
all Milk offered for sale whether on  
any of the streets, public places or  
shops of the said City, and to seize

## EXPECT 25,000 IN SUFFRAGE PARADE

New York, May 3—The women iden-  
tified with the suffrage movement in  
this city are in a flutter of excite-  
ment over the great suffrage parade  
which is scheduled to be held here  
tomorrow. For many weeks the  
great event had been planned and a  
great amount of work had to be  
done to put everything in proper  
shape and to arrange every detail,  
so as to avoid everything that might  
be construed into confusion. The or-  
ganizers of the parade were in  
honor bound to prove to the world  
that they knew how to arrange a  
parade as well as men could do it.

There was a parade last year, but  
there were only about 3,000 men and  
women in line. Tomorrow, however,  
it is expected that fully 25,000 suf-  
frage sympathizers will take part.  
The parade was planned by the Wo-  
men's Political Union of New York  
City, and it was decided to make it  
as grand and cosmopolitan in char-  
acter as it could be made. The appeals  
of the organizing committee to  
various organizations of men and  
women favoring women's suffrage met  
with gratifying responses and it is  
pointed out as a significant fact that  
delegations of women from ten or  
twelve states will take part in the  
parade.

## NATIONAL REUNION OF CONFEDERATE VETS

Macon, Ga., May 3—Fifty thousand  
visitors are expected in Macon next  
week for the annual national reunion  
of the United Confederate Veterans.  
Realizing that, by the very force of  
nature, they will probably never  
again have the opportunity to en-  
tertain the soldiers of the "lost  
cause," the citizens of Macon are  
bending every energy to make the ap-  
proaching gathering an event long to  
be remembered. Never in the history  
of the city have such elaborate pre-  
parations been made for the reception  
and entertainment of people from  
abroad as are being made for this  
occasion.

Today the work of decorating the  
city was begun in earnest. By Mon-  
day morning the downtown section  
will be a mass of flags and bunting.  
The Confederate colors naturally will  
predominate, but the national colors  
will be liberally intertwined with the  
emblems of "the storm-cradled na-  
tion that fell." The survivors of the  
mighty legions of Lee and Jackson,  
and the valorous followers of For-  
rest, Hill, Johnston and others too  
numerous to mention will be enthused  
by the pictures of their leaders—the  
leaders who won imperishable fame  
on many a hard-fought field.

The reunion of this year will be the  
twenty-second annual session, and  
will be presided over by Lieut. Gen.  
C. Irvine Walker of Charleston, S.C.,  
the commander-in-chief. Tuesday and  
Wednesday will be devoted to the  
business of the organization, and  
Thursday the parade of the old guard  
in gray will take place. The parade  
will be the climax of the celebration.  
Because of the advanced age of a  
great majority of the marchers the  
route will be short. The old soldiers  
will be given the most conspicuous  
place in the line. The sponsors will  
ride in automobiles and carriages.

The commander-in-chief and his  
staff, the governor of Georgia and  
his staff and many distinguished visi-  
tors will review the parade from a  
grandstand at the intersection of the  
Third and Cherry streets. In numer-  
ous cities and towns within a radius  
of one hundred miles, the public  
schools will give a holiday and hun-  
dreds of school children will come to  
Macon to witness what they may  
never have a chance to see again—the  
veterans who are left of the armies  
of Virginia and Tennessee, led by  
Lee, Jackson, Johnson and Hood, the  
old flag, the old uniform, and to  
hear "Dixie" and the old Confederate  
yell for the last time.

The old veterans will be the reci-  
pients of every attention during their  
stay in Macon. Food in abundance  
are healthful lodgings are gratuitously  
awaiting those who come and pro-  
perly register. Thousands will find  
accommodations in the great tented  
city that is being erected in Macon  
City Park, where many of the Sons  
of Confederate Veterans will also be  
quartered. Scores of homes will be  
thrown open for the accommodation  
and entertainment of the ladies who  
will attend the reunion. The general  
executive committee having in charge  
all arrangements, announce that no  
extortionate fees will be exacted from  
visitors by the hotels and boarding  
houses.

In addition to the business of the  
United Confederate Veterans and of  
the kindred organizations which meet  
here—the Sons of Confederate Veter-  
ans, the United Daughters of the  
Confederacy and the Women's Confed-  
erate Memorial Association—there  
will be an elaborate program of  
amusement and entertainment. Of  
late years the social side of the re-  
unions has become one of the most  
pleasing and prominent features of  
the annual gatherings. The custom  
of appointing young women, gener-  
ally daughters of Confederate soldiers,  
to act as sponsors for the several  
states, has so spread that not every  
state, but every division, brigade,  
regiment—in fact, every one of the  
1,770 camps appoints a sponsor and  
one or two maids of honor. The  
sponsors have proved one of the most  
interesting features of the reunion  
and have given youth and brightness  
to the gathering.

## FOREST CITY.

Forest City, April 29—The work of  
repairing the Baptist Church is going  
forward rapidly under the manage-  
ment of Burns Smith of Houlton,  
Me. They are putting steel finish on  
the interior.

A number of the men around here  
have gone to the drive, some to  
work for C. H. Veysey on Prate  
Brook, and others to work for S. A.  
Collier, who starts in on Monument  
Stream and finishes with his drive  
just below Mud Lake Falls. A boat  
from Vanceboro, Me., comes up that  
far for the booms.

Miss Marjorie Gould who has been  
at Island Falls, Me., studying music  
since last November has returned  
home.

The series of meetings held in the  
Baptist Church closed Friday evening.  
The meetings were well attended and  
all enjoyed listening to Miss Gwynn  
who is an able preacher of the Gos-  
pel. She went back to her work in  
Passadumkeag on Saturday.
