## THE NAVAL CONFERENCE RESUMED IN LONDON

Only one Session Will be Held Before the Parliamentary Recess which Begins Next Tuesday—A Possibility of the Negotiations Being Continued at Ottawa—Asquith and Churchill to be Invited—Carlton Tory Club to Banquet Premier Borden

(Canadian Press.)  
London, Aug. 1.—Naval defense negotiations will be resumed today with the Canadian ministers and will probably be the last meeting until after the parliamentary recess, which begins on Tuesday. It is not improbable, says The Morning Post, that negotiations may be continued at Ottawa next month, unofficial representations having been made to Mr. Asquith and Mr. Churchill to this effect, and if Mr. Borden, it adds, is assured that the proposal will be viewed with favor an official invitation will be extended. The Canadian ministers are experiencing difficulty in securing accommodations for the return journey owing to the rush of passengers and the admiralty may solve the difficulty by placing a warship at their disposal.  
Responding to the toast to the Worthy Company of Leather Sellers who entertained Mr. Borden and his colleagues at dinner last night, the premier, apropos of naval negotiations, declared the conference had been conducted in the best spirit of good will.  
The government had received them most cordially and the result of the negotiations would be found to advantage, not only Canada, but also the whole empire.  
R. L. Borden and his colleagues here will be entertained to dinner by the Carlton Club on Friday night. This is the first time in the history of the exclusive Carlton circle that a stranger had been entertained. Lord Claude Hamilton will preside. Tickets for the dinner are at a premium.  
Lord Blythe, president of the White City Exhibition, entertained Mrs. Borden, Mrs. Kingmill, Mrs. Edwatt and a number of other Canadian ladies to luncheon yesterday.

## ATHLETES ARE HOME

Canadians who Took Part in Olympic Games. Arrive in Montreal

All Express Themselves as well pleased With the Showing They made in Sweden

Montreal, Q., Aug. 1.—Bronzed with the sun and overflowing with good spirits, the major portion of the Canadian Olympic athletic teams arrived in Montreal on the Royal Edward, this morning.  
The city wall was not broken down to let them walk through, neither were they welcome by cheering throngs. Louis Rubenstein hustled their baggage through the customs, and there was present on the wharf, representing the M.A.A.A. Messrs. Bowie, Coates and Burchill.  
All expressed themselves as delighted with their trip, with the way the games were conducted by the Swedish officials, with the showing they made, with their small number against the greatest athletics in the world, in a competition in which previous record but one was broken.  
Montreal, Aug. 1.—That the Athletes had troubles with Coach Knox was indicated by remarks dropped by some of the returning contingent. The trouble with regard to Knox, of which little has been said up to the present, but of which more, it is said it is likely to be heard, appears to have been that while admittedly a good all round athlete himself and probably one of the most experienced obtainable he did not know how to handle men nor how to adapt himself to their differences.  
"He tried to coach everybody the same way," "He is a hard worker himself and thought he could work everybody else just as hard," were some of the criticisms. That he did not use the best judgment in the world was indicated in the same case of Fabre who finished eleventh in the marathon at Stockholm. The opinion is that Fabre ran a marvelous race considering his condition. He was so lame he had been unable to walk a few days before, and he was advised by the directors not to start, he ran everybody prophesied that he would drop out at the end of a few miles, but to their amazement he finished well up in front. What he would have done had he been in proper condition is difficult to say but it is said by many he would have stood a chance to win. As to the reason for his leg being out of shape, it was said that as soon as the boat left Montreal, Knox started them men running about the deck. Fabre was then in splendid shape but had never run on boards before having always trained on the road. A slight soreness appeared and when the boat got to sea the pounding of his feet on the rising and the falling deck developed the soreness rapidly. He told Knox about it two or three times, but the trainer told him to go ahead and run.

## DOMINION COAL CO. HAS RECORD OUTPUT

Sydney, N. S., Aug. 1.—The Dominion Coal Company has made a big record in their coal output during the month of July, the total of the month being 410,000 tons, this being an increase over the best previous month's output of 391,000 tons of coal. The output shows that an average of 15,700 tons daily output, was maintained during the month. The total output for the first seven months for the year to the end of July was over 2,551,000 tons. This is 300,000 tons better than the seven months of last year and 230,000 tons better than in 1908, which was the best previous record.

## BERESFORD BELIEVES IT

Take Seriously Report That Germany is Building 9 Battleships

Says the Position of Great Britain is More Serious Than the First Lord Dare Confess

(Canadian Press.)  
New York, Aug. 1.—A London cable says:  
The article printed in the London Daily Express yesterday affirming that Germany is secretly building nine new battleships is regarded seriously by Admiral Charles Beresford, as is evidenced by a letter to the editor of that paper printed this morning. He says: "Our position is much more serious than the first Lord of the Admiralty (Winston Churchill) dare confess. He cannot find crews for eight additional battleships there are not enough men for active service in the fleet alone. The first Lord's statements on the subject are inconsistent with one another."  
"On June 11th last, he informed me in answer to a question that there was a deficiency in the navy's personnel on March 31st of 2400 men. On July 22nd following he told the House of Commons that we started 2000 short. He is now trying to recruit 5000 men this year. It is exceedingly doubtful if he can do it even if he does and if he is speaking the truth on July 22 and another thing on June 11th the actual increase would be only 3000 and these cannot be sent to the fleet until they are trained."  
"It is useless to build ships without entering men, but that is exactly what has been done for the past seven years. The results are colossal expenditures, a large collection of empty ships and the immediate menace of great and increasing danger, present organization and by using all the men available, and that is to man the fleet and to do it now."

## RECIPROCIITY AGREEMENT WAS RATEFIED

Port of Spain, Trinidad, Aug. 1.—The first reciprocity agreement with Canada was carried today in the legislative council by 13 votes against 5 and in the chamber of commerce by one vote. The opponents of the agreement say it would be of no benefit to the colony outside of the sugar industry and would probably be harmful to the coconut industry. The supporters of the agreement urged that its acceptance would show the imperial sentiment of Trinidad and that it would be the first step towards general trade with all the British Empire.

## WONDERFUL OPERATION

New York Physician Operates on the Heart of a Patient

Thirty-six Feet of Gold Wire Wrapped Around a Large Artery—Will Prolong Patient's Life

New York, Aug. 1.—An operation on the heart was performed yesterday in Bellevue Hospital by Dr. Wm. C. Lusk, in which thirty-six feet of gold wire was wrapped around the aorta, the great artery leading from the heart and a current of electricity passed through the wire which reduced the swelling of the artery sufficiently to allow it to perform its natural functions. No anesthetic was used during the operation but the incision, which was made in the back of the patient between the fifth and sixth rib, was sprayed with cocaine. At the close of the operation, which lasted about four hours, Dr. Lusk expressed himself as satisfied and while the operation is not expected to entirely cure the patient, it is expected to prolong his life. The patient who underwent the operation is Oscar Nielson, fifty years old, a cabinet maker whose case had been pronounced hopeless.

## TO COMPLETE WORK WITHIN TWO MONTHS

Southampton Railway will extend to within half mile of St John river  
--Work being pressed

Messrs. MacDonald who have been engaged in the construction of the Southampton Railway expect to have operations completed in the course of a couple of months when the full length of the line, thirteen miles, will be finished and will extend from a point on the Gibson Branch of the C.P.R. near Millville to within half a mile of the St. John River.

At the present time trains are running to Temperance Vale. The balance of the road is rapidly nearing completion although grading, ballasting and laying of rails remains to be done. The weather of the past few weeks has seriously interfered with the work on the Southampton Railway as on the others.

## MONCTONIANS IN ROMANTIC MARRIAGE

Montreal, Aug. 1.—A romance, which began in the provinces by the sea, will have its culmination here this afternoon, in the marriage of Miss Mildred A. McLeod, daughter of Mr. and Mrs. C. N. McLeod, to Charles Peters, son of Mr. J. Peters of Moncton, N.B. The service will be performed by Rev. J. Cooper Antiliff. The bride will be given away by her father and will wear white satin crepe metier gown trimmed with silk shadow lace. Miss Marjorie Anderton of Winthrop, Mass. will act as flower girl. Both bride and groom formerly lived in Moncton.

## TO REPLACE STOCK LOST ON TITANIC

New York, Aug. 1.—The first application for the issuance of new stock for shares lost in the Titanic has just been passed upon by the state court here on application by a firm of brokers for an order compelling the New York Central Railroad to issue a new certificate for 100 shares sent from London by registered mail on that steamship. The court granted the order.

August 12th and 28th are announced by the C. P. R. as dates of the departure of farm laborers' excursions from New Brunswick for the west.

## BECKER EXPECTED TO SQUEAL ON OFFICIALS HIGHER UP

"Bald" Jack Rose adds Another Chapter to His Already Amazing Allegations--Declares That Rosenthal was to Have Been Killed ten Days Sooner but the Thugs Selected to do the Job Lost Their Nerve--District Attorney Whitman is Making a Thorough Investigation

New York, July 31.—Police Lieutenant Charles Becker, head of the "Strong Arm Squad" of gambling raiders, who is charged with instigating the murder of Herman Rosenthal was tonight further implicated in the plot to get rid of the gambler, when "Bald Jack" Rose and "Bridge" Webber add another chapter to their already amazing allegations.  
They told District Attorney Whitman that Rosenthal was to have been killed at the instigation of Becker ten days before he actually met his fate, and that the plot failed because the underworld thugs selected to do the murder lost their nerve at the last moment.  
The district attorney spent the greater part of the afternoon with Rose and Webber in their cells at the west side police station and under the promise of leniency which the prosecutor has given them, they gave little additional information regarding the \$2,400,000 which they alleged illegal resorts paid for police protection in the city every year, but their story of the alleged anxiety of Lieutenant Becker because of Gambler Rosenthal's threatened exposure was amplified to the district attorney and in the prosecutor's opinion, he strengthened his evidence against Becker.  
AFTER MEN "HIGHER UP."  
Every trail and lead is to be followed persistently, no matter where it ends, by District Attorney Whitman, to learn to whom \$2,400,000 graft money was finally distributed.  
Bald Jack Rose whose confession put Police Lieutenant Becker behind the bars for the murder of the gambler Herman Rosenthal, has told the public prosecutor that this huge sum of money was obtained by police blackmail from gambling and disorderly houses, and that Lieutenant Becker told him the money went to four police officials.  
The public prosecutor has arranged to keep the grand jury in session all summer to investigate the relations between the gamblers and the police, which is, in the opinion of District Attorney Whitman, a matter of more public importance than the Rosenthal case.  
District Attorney Whitman proposes to break up the relations between the gamblers and the police, and he has indicated that he will do so if he has to protect every man involved in the murder of Rosenthal, except the gun men who fired the shots.  
Big Jack Zelig gun man and gang leader, to whom Rose says he sent word to get the gun men to slay Rosenthal will appear when wanted. His counsel has told the public prosecutor that Zelig would tell everything he knew of the case. Zelig is now out on \$10,000 bail for carrying concealed weapons.  
The arrest of Becker and the confession of Rose and Webber have completely demoralized the gamblers and pool rooms and gambling houses are shut up tight. The gamblers say they don't know when they will be able to open again.  
The actual assassins of Rosenthal—Harry Florowitz or "Gib the Blood" Lefty Louis and "Whitey" Lewis—are still at large "Dago Frank" Cirofici is in custody.  
Attorney James Sullivan attorney for Rose says that Becker will break down and tell his story after he has been in the Toombs forty-eight hours.  
"Becker realizes now that he is squarely up against it," said Mr. Sullivan. "He is deserted and he must know it. Several men are hanging up on the wind that blows from the Toombs now harkening for the first whisper from the lips of Becker."

## TWO MEN WERE DROWNED AT MAGOG P. Q.

Sherbrooke, Q., Aug. 1.—A double drowning fatality occurred at Little Lake, Magog, a summer resort about 8 miles from Sherbrooke, last night, three men Louis Brousseau, J. Massey and F. Horton, went out in a boat. In changing seats, they upset the craft and the three men went in to the water. Brousseau endeavored to save one man but the latter struggled so, that he had to give up the attempt. Brousseau hung onto the boat and was rescued.
