Judgeship, as a reward for his opposition to Confederation.

The Kentville *Star* reports ravages by fire in different parts of the country. Fourteen buildings were destroyed by fire in one day, together with a good deal of personal property.

Have you a cough or any Lung complaint? Have you a weakness of the chest, or a tendency to consumption? If you have, you will find in Dr. Wilson's Pulmonary Cherry Balsam a preparation that will perfectly and permanently eradicate all such complaints. This Balsam has never been administered for any of the above disorders without producing the desired result. In short, the uniform success of Dr. Wilson's preparations in overcoming all such disorders is now so universally admitted that any further proof is needless from us.

HEARTBURN.—When overflow of bile occurs, and the functions of the stomach become deranged, a burning sensation is felt in the region of the stomach, and is popularly termed Heartburn. Dr. Wilson's Family AntiBilious Pills, by their immediate action on the Liver, purify its secretions, cleanse the solvent fluids, and expel all acrid, irritating matter from the stomach.

Dr. Dow's Sturgeon Oil Liniment, as soon as it is applied, almost miraculously kills all pain. This preparation is not the mere adaptation of an old recipe, but is the result of long experience, derived from a large medical practice, and is only submitted to the public after testing its wonderful medical capacity in thousands of cases.

Extensive experience has confirmed the high character awarded by all owners of horses to Clark's Derby Condition Powders, and we have no hesitation in recommending *these* as perfectly safe. Cold and changeable weather is very apt to cause your horse to be troubled with a slight cough, which, if left to the careless and inattentive groom, will end in heaves. Many a valuable animal has been rendered worthless, when a few doses of these Powders would have prevented all such evil.

SOUTH AMERICA.—Intelligence from Carracis of date of April 24th informs us that the revolution has suddenly increased. The insurgent army, under the command of General Guzman, surrounds the city, and an attack was soon expected. The Government is determined to defend itself to the last, though the enemy is in superior force. The revolutionary troops have captured the town of Barcelona. The Government only holds the ports of Coro, Maracribo, Laguayra, and Puerto Cabello. The rebels occupy the rest of the country. President Monagas was in the vacinity of Puerto Cabello.

ENGLISH AND FOREIGN.

LONDON, May 13.—The disabled steamship Siberia arrived at Queenstown to-day in company with the Batavia, which sailed hence for New York last Tuesday.

The Pope threatens extreme measures against the American Bishops who quit their posts at Rome.

An insurrection has broken out in the Argentine Republic.

The Brazilian volunteers who took part in the war in Paraguay are returning to Rio Janeiro, where they are received with great rejoicing.

May 14.—The Reichstag ratified the supplementary postal treaty between the United States and the North German Confederation.

A formidable insurrection has broken out in the Island of Madeira, and troops have been sent there.

LONDON, May 15.—The second of the series of races between the yachts Cambria and Sappho resulted in the victory of the American craft.

The Cambria raised some question about the conditions and refused to sail over the course.

The French Legislature will reassemble on Tuesday. Political disturbances have taken place in Florence.

LONDON, May 16.—The *Morning Post* says the Naturalization Treaty has been signed by the Earl of Clarendon and Mr. Motley, the American Minister.

A Paris despatch to-day says the Emperor's health is excellent. Yesterday he attended the races, and walked among the people for a long time. He was very furiously cheered.

LONDON, May 17.—The Earl of Gray and Ripon has been installed as Grand Master of the Order of Freemasons in England.

Leopold, King of the Belgians, is on a visit to London. Extensive preparations are being made for a series of grand complimentary entertainments in his honor.

The new French Cabinet has been announced. The Duke de Grammont is Foreign Minister.

In the Spanish Cortes Saturday a republican criticized the official news from Cuba as untrustworthy. The Minister for the Colonies, however, insisted that the insurrection was virtually over.

UNITED STATES.

The Senate Pacific Railroad Committee, at their meeting on May 6th, had under consideration the subject of building a railroad don the thirty-second parallel to the Pacific. There are three schemes for a railroad on this line—the Memphis and El Paso, represented by General Fremont; the Chattanooga and Alabama Company, and a Louisiana Company, whose bill was introduced some days ago by Senator Kellogg. The Committee are desirous that an arrangement shall be made to consolidate all the interest into one road, and that a bill to that end may be speedily reported and passed.

The Senate Committee on the District of Columbia decided against female suffrage in the District of Columbia, and so reported to the Senate. It is not probable that this subject will be formally introduced in the Senate again during its present session.

CHICAGO, May 14.—The report relative to the concentration of Fenians at Duluth is confirmed by the newspapers published at that point.

The St. Paul *Press* has news of mustering of men from various parts of Minnesota, and that one party is now en route to Red River overland.

There is now at St. Paul a Fenian force of about three hundred, awaiting arrangements for transportation and subsistence before commencing to march to Red River. They will probably proceed by the usual mail route, but may possibly go to Fort William to oppose the landing of the Canadian expedition.

NEW YORK, May 16.—It is reported that an American line of steamers will soon be established between New York city and Bremen, employing the steamers formerly on the California and Aspinwall line.

NEW YORK, May 16.—Fire in Lacrosse, Wisconsin, yesterday, caused the death of four persons by drowning, and one by burning; also destroying three hundred thousand dollars worth of property, including a train of six freight, two passenger and one express car, the latter containing the mail matter, with 200 tons of freight.

An Ottawa despatch says Mr. Kenny, Receiver General and President of the Council has been appointed Lieutenant Governor of Nova Scotia during the temporary absence of Governor Doyle.

WASHINGTON, D. C., May 17.—The statement which reaches here that the Canadian authorities have despatched a supply expedition for the Winnipeg region, and that it is of a peaceful character, naturally attracts renewed attention and comment.

These supplies must, of course, pass through the Sault Ste. Marie Canal, and they can only do so when this Government is assured that the intention of the British authorities is one of peace.

The report that a peaceful settlement has been reached between the authorities and the Winnipeg malcontents, is credited, and it is possible that in view of this a request will be made, if it has not been already, by the English Minister here, for the passage of the supply vessels through the canal.

It is reported that the special Cabinet meeting was for the purpose of considering such an application. However this may be, it seems reasonable to predict that, if a settlement has really been concluded, and the English Government gives satisfactory assurance of its non-belligerent purposes, permission will be accorded to its supply vessels to pass through the canal.—*Telegraph.*

NEW YORK, May 17.—Gold 114⅞. Money easy. Exchange firm.

There are several kinds of worms which trouble horses; the pin-worms, (pointed at both ends,) are the most common and most dangerous. *Sheridan's Cavalry Condition Powders* will in a few days eject the worms, and the horse will begin to thrive.

Factories and machine shops should not be allowed to run a day without *Johnson's Anodyne Liniment.* —In case of sudden accident, an immediate use of it may save weeks of suffering, and perhaps a limb, or even life.

ANOTHER CASE OF BRONCHITIS CURED.

BRIDGEWATER, N. S., 2nd March, 1869.

MR. JAMES I. FELLOWS

DEAR SIR,—While in Windsor on a visit in December last, I fell in with an old friend—Capt. H. Coffill—and finding him loooking so hearty and robust, was led to enqire what had produced the great change, for when I last saw him two years previous he was a mere skeleton. He informed me that your very valuable Syrup of Hypophosphites had effected a *perfect cure.* He persuadeed me to try the Syrup for Bronchitis, from which I had suffered much during several years. I purchased one dozen of this Syrup, and have used only three bottles, and my health is now better than it has been for years. Not requiring the balance of the dozen, I sold it to different parties, and now there is a general demand for it from all parts.

Yours respectfully,

W. J. NELSON.

Capt. H. Coffill is the person who was cured of Consumption in 1866 by Fellows' Compound Syrup of Hypophosphites, and whose letter was published some time ago.

Sold by Apothecaries. Price $1.50 per bottle, or six for $7.50. James I. Fellows, Chemist, Manufacturer, Saint John, N. B.

TO THE ELECTORS OF QUEEN'S COUNTY.

GENTLEMEN,—As the General Election of Members to represent the interest of the Province is approaching, I feel it my duty to my friends to say I shall be a candidate for your suffrages at the coming Election.

I withdrew from the contest at the last Election for reasons that I think I can explain to the satisfaction of the public at the hustings.

I thankfully acknowledge the receipt of the several requisitions handed me at the last Election, with about eight hundred signatures to them. And am now ready to renew the pledge made to my friends who consented for me to withdraw from the contest at that time, under a promise that I would be in the field at the coming Election.

Should you favor me with a majority of your votes at the coming struggle, I pledge myself to represent your interests to the best of my ability.

I have the honor to be, Gentlemen,

Your obedient servant,
