FREE PEWS.—Rev. J. B. Logan's congregation, Cornwallis, have adopted the system of "Free Pews," and Sabbath day collections for the support of the Gospel. The same system has been adopted by Chalmer's Church, Halifax.—*Witness.*

SUICIDE IN P. E. ISLAND.—The Charlottetown *Patriot* says a respectable young woman named Smith, 22 years of age, committed suicide at Crapand, by hanging herself in her room with two skeins of thread. She had been suffering from mental derangement for some time, but it was thought she was getting better.

CUBA.—The more we hear of the late hurricane in Cuba the more terrible it appears. From one to two thousand people were killed or drowned; twelve hundred head of cattle were lost; several vessels wrecked, and in Matanzas alone over four hundred houses were destroyed. Among the most horrible features of this calamity, was the uprooting and sweeping away of a cemetery and the scattering of the corpses through the adjacent country. Numerous coffins and more or less decomposed bodies, were scattered for several hundred yards by the wind and water, and presented most shocking sights—after the waters were gone filling the air with an insupportable stench.

WINTERLY DRAWBACKS.—Cold and damp winds are noted for producing great disturbance in the circulation, whence proceed bronchitis, asthma, and pulmonary disorders, generally resulting from our variable temperature. A chill, cold, or cough should have instant attention, before serious consequences spring from neglect. All may use, with perfect confidence, Dr. Wilson's Pulmonary Cherry Balsam, with the certainty of curing their ailment, and averting all future danger. This Balsam will soothe your irritable membranes, and give indescribable relief from that torturing cough. If taken at bedtime it will give sound, unbroken, and refreshing rest.

The quickest and surest remedy for subduing pains, taking soreness out of harness galls, sore shoulder, is Dr. Dow's Sturgeon Oil Liniment. If you want to relieve the pain successfully you must use the doctor's preparation.

Dr. Wilson's Antibilious and Preserving Pills relieve constipation, correct acidity of the stomach, increase the appetite, so that the coarsest food is relished. When this is accomplished, all other complaints must yield to the restoring influence of these Pills; and returning strength of the vital functions will prevent the nervous and other distressing symptoms which none but sufferers can describe.

Hear this from one of our most intelligent farmers. "Seeing a notice of Clark's Derby Condition Powders in your paper that they were equally good for stock, and having already lost a number of cows this spring from red water, I determined to try them. I had previously used other kinds of Condition Powders without the desired effect. I had not given them more than one or two doses when they began to mend, and they are now entirely over it. As this is a disorder generally considered, among us, difficult to cure, I think you should make the fact known that a remedy so simple and effective is so easily obtained.—FREDERICTON FARMER.

CAUTION! In our changeable climate, coughs, colds, and diseases of the throat, lungs and chest, will always prevail. Cruel consumption will claim its victims. These diseases, if attended to in time, can be arrested and cured. The remedy is *Dr. Wistar's Balsam of Wild Cherry.*

The involuntary muscles are those which control the Stomach, Liver, Lungs, Heart, etc.; they are influenced directly by the mind, so that close study, anxiety, grief, irritation, secret excesses, and a host of other excitants, acting directly on the brain, disturb the nervous system, and prevent due muscular action in those organs necessary to sustain life. Here lies the great cause of Dyspepsia, Headache, Jaundice, Impoverished Blood, Irregularities, Languor, Debility, Bronchitis, Consumption, &c., &c., FELLOWS' COMPOUND SYRUP OF HYPOPHOSPHITES, by its potent and salutary effects on the nervous system, seems the best adapted to cure weakness or debility of those organs.

ENGLISH AND FOREIGN

LONDON, Nov. 4.—The text of Granville's proposal to Prussia is published. He deplores the continuance of the war, and calls attention to the present state of affairs, and the misery it has entailed. He admits the reduction of Paris to be authorized by war usages, and urges an armistice, enabling the convocation of a Constituent Assembly and the establishment of peace, and believes that representations to France would not be without effect.

The armistice commences on the 4th November and ends on the 28th.

A decree ordering the elections will be issued tomorrow.

The constituent Assembly is convoked to meet on the 11th inst.

The elections in Paris on the question of maintaining the powers of the Government of the National defence resulted in an overwhelming majority in favor of the Government.

The National Guards marched in battalions to the polls and deposited their votes. They were all yes.

Seventy thousand Prussians from before Metz are halfway to Paris. Fifty thousand others are marching on Garibaldi at Besancours.

Garibaldi has 25,000 men in his command.

LONDON, Nov. 5.—The attempted revolution in Paris appears to be effectually suppressed.

The National guards, in immense numbers, had felicitated Trochu on his escape from the rioters and the personal bravery he exhibited at that trying time.

The General made a short speech in replying in which he said "the Republic alone can save us.—if it is lost we shall all be lost." The election in Paris on the question of maintaining the power of the Government of National defence has resulted in an overwhelming majority in favor of the Government.

The returns of the City are nearly complete, with the exception of three rondissmens.

The results is as follows, in round numbers:—Ayes: 442,000. Noes:—49,000—a majority of 393,000.

Perfect tranquility existed in Paris. According to the latest despatches, there has been no military movement since Sunday.

A despatch from a special correspondent of the *Tribune* at Berlin to-day says: that the negotiations for an armistice were broken off by Thiers under instructions from Paris. The reason has not been yet made public. Thiers is to leave for headquarters.

VERSAILLES, Nov. 6.—Thiers has received orders from Paris to break off the negotiations for an armistice, and to leave the royal headquarters.

The cause of the rupture is believed to be the persistence of Bismarck in insisting on guarantees for the cession of territory.

The war goes on.

The Prussian ambassador at London says that the struggle will continue all winter.

The Council of Cork has passed resolutions in favor of the release of all political prisoners and against the Italian occupation of Roman territory.

Rochefort has resigned his position on the Committee of defence in consequence of a misunderstanding with the Government on the question of Communal Elections. He has not been seen since.

NEW YORK, Nov. 7.—A despatch to the Associated and a special despatch to one of the New York papers both declare that the negotiations for an armistice have been abruptly broken off by order of the Paris Government, which will not assent to the conditions required by Bismarck.

LONDON, Nov. 7.—The *Times* this morning says the armistice turned on the question of free ingress and egress at Paris during the twenty-five days, Thiers insisting and Bismarck refusing.

During the conference between Thiers and Favre at Sevres the Paris forts maintained a steady fire on the place of interview. The conference lasted over eight hours.

The general feeling is spreading all over France in favour of calling the Duc d'Aumale to the Presidency of the Republic.

Everything is quiet around Paris. There has been no fighting for some days.

LONDON, Nov. 7.—It is rumored that Mr. Gladstone will stand for London in the next parliamentary election in the place of Baron Lional Rothschild.

The Barings have withheld the Prussian loan which they intended to introduce to-day.

Sir George Jenkinson, reported lost among the passengers of the steamship *Varuna* from New York for New Orleans, is at home in Gloucestershire.

TOURS, Nov. 7.—The *Moniteur* says: Prussia, as she would neither consent to the revictualling of Paris nor allow Alasce and Lorraine to vote in the election for delegates to the continuance of the war, Prussia and not France has refused the armistice.

All the journals here express the bitterest resentment at the duplicity of Bismarck, who, pretending to negotiate for the suspension of hostilities, thus gained time for the approach of reinforcements and warded off the attack of the army of the Loire which could have taken the offensive with advantage.

LONDON, Nov. 8.—Metz has been made the capital of German Lorraine.

The *Times* this morning has reason to believe that the bombardment of Paris will not begin for two weeks. King Willian is reluctant to destroy so grand a city, and is giving the French every opportunity to negotiate for peace.

It is said that Baron Haussman has been arrested.

The French fortress of Betfort was invested on Thursday, the 3d inst.

General Changanier says it was the incompetency of Bazine, rather than treachery, that caused the disasters to the French army at Metz. In his opinion Bazine could easily have cut his way out of the city, but he had not the courage nor the enterprise to make the attempt.

TOURS, Nov. 8.—All quiet at Marseilles. The press of that city published a proclamation from the new Administrator, recommending moderation and setting aside all purposes, save that of the country's defence.

The Prussian Governor-General at Lorraine announces: Families and all male citizens, absent from their homes after a certain date, will be fined fifty francs per day, as long as such absence continues.

The Prussians continue to force the most eminent citizens, living on the railway lines, to ride upon the locomotives; the object being to prevent accidents to the trains.

Barbarity of the invaders increases in proportion to the resistance of the population.—*Tel. to Jour.*

NEW YORK, 8th.—Election to-day is progressing quietly, and gold little fluctuation. Money easy.

PRICE & SON'S STANDARD MEDICINES.—Paincuremata," "Compound Elder and Alder Salve." Vegetable Pills, Columbia Bitters, are on sale by all dealers in Medicines as also is PRICE & SON'S MAGIC CEMENT.

A case of chronic rheumatism of unusual severity, cured by "Johnson's Anodyne Liniment," is noticed by one of our exchanges. A large bunch came out upon the breast of the sufferer, and appeared like part of the breast bone.

The sweetest word in our language is health. At the first indication of disease, use well-known and approved remedies. For dyspepsia or indigestion, use "Parson's Purgative Pills" For coughs, colds, sore or lame stomach, use Johnson's Anodyne Liniment.

WHAT IS THE

AMERICAN

Baptist Publication Society?

IT IS AT ONCE THE

BIBLE, BOOK, TRACT, SUNDAY-SCHOOL,

AND

COLPORTEUR SOCIETY OF BAPTISTS.

AS A BIBLE SOCIETY,

It is supplying the destitute,—white and colored,—all over our land, with the WORD OF GOD.

AS THE BAPTIST BOOK SOCIETY,

It publishes a list of *nearly a thousand* different books, embracing, in due proportions, those distinctive principles of our New Testament belief, which are excluded from the publications of other denominational and Union Societies. About *seventy* publications are strictly DENOMINATIONAL TREATISES.

AS THE BAPTIST TRACT SOCIETY,

It publishes about *three hundred* different Tracts. About one-half of the whole number do not exceed eight pages in length. ☞ 1,000 pages will be sent anywhere, postage paid, for one dollar.

As the Colporteur Society of Baptists,

It has, in the last seventeen years, circulated 500,00 volumes, established 1,220 Sunday-schools, constitute 303 Churches, and Baptized 10,021 Persons.

As the Baptist Sunday-school Society,

It seeks to plant a BAPTIST SUNDAY-SCHOOL wherever one is needed, and can be sustained.

IT ALSO PROVIDES A STOCK OF

SUNDAY-SCHOOL LIBRARY BOOKS,

THE YOUNG REAPER,

THE BAPTIST TEACHER,

MONTHLY LESSON PAPERS,

HYMN AND TUNE BOOKS,

AND ALL

SUNDAY and INFANT-SCHOOL REQUISITES.

THE SCHOOLS PROTECTED.

In addition to our own large and increasing List of Publications, we are receiving at our five Depositories the very latest and freshest books from about *thirty* other Sunday-school Publishers.

A DANGER.

It is no uncommon thing for Schools to find in their selections, made at private book stores, many books that teach *Pedo-Baptism and kindred errors.* This comes from the fact, that it is impossible for Committees to spend sufficient time, in selecting a library, to detect such books; for often the error does not occupy more than a single paragraph,—frequently only a line. Thousands of such are now in Baptist Sunday-schools. Are there none in yours?

THE DANGER AVOIDED.

By sending to either of the Society's Depositories, Schools are certainly guarded against the liability of getting Pedo-Baptist Books; for the Society have all the books of other Sunday-school Publishers *carefully examined.*

SELECTING LIBRARIES.

We give special attention to the Selection of Libraries. Sunday-school workers of large experience devote their entire time to this work. They are better prepared to make a good selection than is a Committee from catalogues, or even from a hasty examination of the books at the Rooms.

In buying Library Books at the Depositories of the Publication Society, Schools will secure a three-fold advantage:

1. *A Large Discount.*

2. *Saving of Time and Expense.*

3. *Protection.*

No books conflicting with our principles as Baptists will be received by Schools entrusting the Society with the selection of their Libraries.

This Protection is worth more than Money.

These selections will be made with equal care at either of the Society's Depositories.

Remittances can be sent at our risk when made in Drafts or Post Office Orders. TERMS CASH, in all cases.

GIVE US A TRIAL.

WE WILL DO OUR BEST TO PLEASE.

Catalogue gratis. Send a stamp to prepay postage.

NO CREDIT CAN BE GIVEN.

The Society pays cash for all its work. We sell at small profits,
