☞ Mr. Edward Seely, of Saint George, in renewing his subscription for 1871, sends a dollar also for Foreign Missions, to help swell the sum to $27,000, which, he says, ought to be raised by the 27,000 Baptists of the Maritime Provinces for that object. He adds, in conclusion—I do not see how any Baptist family can do without the *Visitor*.

A Brief Review of the News of the Week.

UNION PRAYER MEETINGS

are in healthful action in the Eastern and Western sections of this city, on the plan of the "evangelical alliance." Representations of the several evangelical churches meet at 12 o'clock (noon), in the school room of the Germain Street Methodist Chapel, and in the old Union Chapel, King Street, Carleton. In the evening, union services are conducted in the different churches. This evening, (Wednesday), the meeting will be in Brussels Street Baptist Church; on Thursday evening, in Leinster Street Church; Friday, Union Street Church, (Congregational), and Saturday evening in St. David's, Sidney Street, (Presbyterian). So far the meetings have been well attended, and the presence of the Master has cheered many hearts.

THE QUEBEC AND NEW BRUNSWICK RAILROAD

is likely soon to become a settled fact. The Quebec grant of ten thousand acres of land on the line for every mile of railway built is a most encouraging feature in the programme, and will probably stimulate the Government of this Province to a like generous policy. Let us have the railroad—the sooner the better.

The *Telegraph* notes the drunkenness of several lads in the city on Monday, ranging from the age of 12 to 15. Who sold them the liquor? The law officers should ascertain, and inflict punishment upon the offenders. Any man guilty of such an outrage upon all the decencies of society should be favored with a home in the penitentiary until he is taught better manners.

SHIP BUILDING

is progressing on an encouraging scale at Bear River, N. S. Several large vessels are on the stocks, and in course of completion. Nova Scotia is going ahead in all departments of business life. Success to her onward march.

The Boston *Herald* furnishes an account of a terrible tragedy perpetrated recently in the west end of that city by a man in a fit of unbridled jealousy. He first attempted the murder of his wife with an axe; with this weapon he inflicted several gashes upon her head and neck, and then with a razor attempted to cut her throat. Having effected as he supposed his diabolical purpose, he drew the razor across his own throat, severing the jugular vein, and producing death in a few minutes. The screeches of the wife were finally heard by her neighbours, and they came to her relief. She was bleeding freely from the wounds inflicted by her brutal husband, but medical skill and kindness dressed the wounds, and at latest accounts she was in a fair way to recover, but the fiendish husband, by his own rash deed, ushered into the presence of his judge.

When winter sets in, the human constitution undergoes many trials, particularly diseases of the Lungs. A preparation which effectually controls these diseases, is Dr. Wilson's Pulmonary Cherry Balsam. Its importance can hardly be over estimated for preserving life itself. This preserving power is admirably displayed by the rapidity with which it subdues and controls all Coughs, Colds, &c. relieving the respiratory organs from undue congestion. With this balsam at hand, neither great judgment or much experience is required in keeping free from all the Pulmonary diseases through the trying time of winter.

No better Family Medicine can be had than Dr Wilson's Anti-Bilious and Preserving Pills. A box of these, used according to directions will not fail to cure. Most of the diseases to which all are liable are specially removed by the use of these Pills.

Rheumatism, Lumbago, and all pains which prevail so frequently during this inclement month, and annoy so much, can be speedily removed with Dr. Dow's Sturgeon Oil Liniment, the advantageous properties of which, over all pains of the muscles and cords, have been long established. Dr. Dow faithfully tried it in his own practice for sixteen years before advertising. For horse-flesh it is the best medicine in existence.

An extensive merchant at the North writes to agent of Clark's Derby Condition Powders, "we have sold all kinds of Condition Powders, but have never supplied our customers with any that gives as much satisfaction as the Derby Condition Powders. You will do well to replenish our stock immediately." Our readers will bear in mind that as a remedy these powders are not confined to horses alone; they are equally beneficial in diseases common to cattle and sheep.

HYPOCHONDRIASIS is one of the most difficult to treat successfully of all nervous disease. Reasoning with nervous or hypochondriacal and insane persons rarely proves serviceable. The mind cannot be overcome while the nervous system is irritable. In many instances, the derisive laugh at the unfortunate, or the more temperate appeal to the reason, is absolutely injurious, by exciting further irritation in the mind of the sufferer, who thinks his advisers either unfeeling or incredulous toward his complaint. Under the use of Fellows' Compound Syrup of Hypophosphites, there is no longer necessity of resorting to such treatment.

THAT IRON IS VALUABLE AS A MEDICINE has long been known, but it is only since its preparation, in the particular form of Peruvian Syrup that its full power over disease has been brough to light. Its effect it cases of dyspepsia and debility is msot salutary.

MR. MARSTERS, Photograph Artist, greets his patrons with a *Merry Christmas and a Happy New Year*. Be assured he appreciates the general partiality you have manifested in almost over-loading him with your favors. He feels nerved thereby to renewed endeavors to please you in the future.

He is now prepared to supply all the new styles of photo-portraiture; as the *Berlin Carte-Mezzotints, Photo-Crayon, Porcelain Miniature, Daphanotype* or imitation Porcelain, for frames, from old negatives or new. Of Frames he has a large variety of all sizes, in *Gilt, Rosewood* and *Walnut*, oval and square; also a choice variety of miniature cases and frames.

Please call early in the day. Corner King and Germain streets, over Hanington Bros.

ENGLISH AND FOREIGN.

THE DEATH OF GENERAL PRIM,

by assassins, has taken the world by surprise, and occasions a profound sensation in all government circles. He was the most prominent man in the Government of Spain; and seemed thoroughly qualified by nature and education, for the discharge of the responsible functions of his high position.

THE CONTEMPLATED EUROPEAN CONFERENCE

in London, was reported by telegram, as indefinitely postponed, but later news informs us, that it will probably meet in a few weeks. We hope this is true, and that the meeting will be successful in adjusting all serious difficulties, on a satisfactory basis.

VICTOR EMMANUEL

has marched successfully into Rome without molestation from the infallible Pope, and has taken possession of the Imperial City, as the Metropolis of a united Italy. A few years ago, he was expelled from the holy mother Church by the same infallible Pope. Now his Holiness is at the mercy of his excommunicated son. Will Emmanuel retaliate by expelling the Pope? We shall see.

LONDON, Dec. 30.—Conference of powers on the Eastern question has been indefinitely postponed, as France refused to take part in it and the absence of one of the signatures of the treaty of Paris would render meeting useless.

The conspiracy at Madrid has been found to be a very deep one, implicating a great man persons and there are fears that the same attempt may be made against the new king.

A despatch from King William states the bombardment of Fort Avron silenced the enemy's guns.

The railway Station at Noisy was shelled and the French artillery at Bondy dislodged—Prussian loss was three men. Garrison of Fort Avron fled into Paris, and a dozen shells were thrown on Tuesday into Belleville.

LONDON, Dec. 31.—The instantly cold weather causes fearful mortality among the German wounded. Nearly all the occupants of fifty six carriages filled with soldiers wounded at the assault on Belfort, on the 21st of December, were frozen to death before the trains reached Chatenuis.

Another unsuccessful atttempt has been made on the fortifications of Belfort, in which the German besiegers lost 1400 killed and wounded.

The Germans captured and sunk another English collier at Rouen.

A despatch from Paris of the 29th says shells have been thrown into the north part of the city from the neighborhood of Strains, at a range of 7000 yards.

MADRID, Dec. 30.—General Prim died at 9 o'clock last night. His death produced a profound sensation of grief, and everywhere great indignation is manifested against his assassins.

The Republican Militia of Madrid has been disarmed.

LONDON, Jan 1.—The British Government has ordered that no more fishermen shall be seized by Canadian authorities, and ordered an agent to proceed to Washington to settle the difficulties.

Later despatches say that the Conference on the Black Sea question is only postponed a few days.

Bismarck allows Favre to attend the Conference.

Victor Emmanuel entered Rome on Saturday and met with an enthusiastic reception.

The day before King Amadeus reached Carthagena.

LONDON, Jan. 2.—The Forts around Paris remain silent. Intense cold continues.

Troops are concentrating in Southwester Russia.

The Marquis of Huntington has been appointed Chief Secretary of Ireland, and Mr. Fortescue President of the Board of Trade.

The report that a Commissioner was to be sent to the United States to settle dispute about the Fisheries is untrue.

The Prussian Government explains the sinking of the British colliers in the Seine by stating that they were fired at to bring them to.

The Sultan and Khedive are again on angry terms.

Sereno Mercadante, the composer, is dead.

Field Marshal Moering, of Austria died yesterday.

Victor Emmanuel has left Rome.

LONDON, Jan. 3.—A petition has been numerously signed at Greenwich, requesting Gladstone to resign; charging suicidal apathy amidst terrible complication of European questions and aggressions of Prussia.

A severe engagement, in which the French were successful, preceded the evacuation of the town of Gray by the Germans.

The reports that the German army of the Loire has retreated on Grin are apparently confirmed.

The Government at Bordeaux has designated Favre to represent France at the Conference.

It has been determined at Versailles to continue the bombardment until peace has been declared or Paris capitulates.

UNITED STATES.

THE RICHMOND CALAMITY.

Christmas morning witnessed the burning of the Spotswood Hotel of Richmond, Va.; and in one short hour, a number of its inmates were hurried in a sheet of flame from time into eternity. A correspondent of the New York *Standard*, thus describes the graphic scene:—

WHEN THE FIRE FIRST BROKE OUT.

and the wild cry rang through the house, repeated from mouth to mouth with frantic and despairing energy, your correspondent, whose room was in the left wing of the building, in the third story, woke up, and, after getting on some clothes, rushed into the long passage, now filled with smoke. A terrible scene met the eye through the smoky atmosphere. The forms of half dressed males and females could be seen running, they knew not whither, and shrieking with despair. Proceeding further to the head of a staircase all egress was blocked up with an indiscriminate mass of luggage and people trying to escape. Rushing then to the right wing of the building another staircase was reached which brought one to the second floor, and here the long corridors but served as flues to conduct the flames through the building. Continuing on the ground floor is reached at last and then cold icy air strikes the face.

A PITEOUS SCENE.

Here I saw the wife of Captain McPhail in her bare feet, with a blanket wrapped around her, while her husband, half-dressed, carried their infant child, whose pitcous cries could be heard above the din of the falling timbers and cracking floors. But here was

AN ACT OF CHIVALRY

worthy of mention. A young man named Towers sprang forward, pulled off his shoes and gave them to the lady, and, divesting himself of his overcoat, wrapped the child in it and carried it a distance of several squares to the house of a friend of McPhail's Again there was another cry.

"A MAN AT A FIFTH STORY WINDOW!"

I looked up, and there was C. A. Schaffter, the State Superintendent of Public Printing, clinging to the sill of the fifth story window. His feet reached the upper row of glass in the fourth story window, and he kicks out the panes. He places his feet on the sash, moves his hands cautiously to the cap of the window, and then descends to the sill of that window. In this way the gallant Schaffter came from story to story, amid the plaudits of the crowd, by whom he was seized and carried out of danger when he reached the ground.

The following was intended for last week, but unfortunately got mislaid:

REQUEST.

In consequence of the "Week of Prayer" coming on the same week as that appointed by the York County Quarterly Meeting for their sessions to be held, and as such an arrangement, if carried out, would greatly affect the attendance, and also prevent some of our Pastors from being present, the Baptist Church in Fredericton request that the Quarterly Meeting be postponed from the first Wednesday in January to the *second Friday in January*. R. H. PHILLIPS, Clerk.

Dec. 24, 1870.

P. S. Since the above "Request" was written, the Secretary of the York County Quarterly Meeting, Rev. J. R. Strang, has been consulted, and the postponement has his concurrence.

Received for the support of Miss Noris:—$102.25, (N.S. cy.,) from Treasurer of Central Board Female Missionary Aid Society, St. John, N. B. A. T. BAKER, Treas. For. Mis.

The propriety of giving condition medicine to horses, cattle, and sheep, was discussed and admitted by many of the Agricultural Societies throughout the State last fall, and we believe that in every case but one, they decided in favor of *Sheridan's Cavalry Condition Powders*. Good judgment.

PRICE & SON'S STANDARD MEDICINES.—Pain curemata," "Compound Elder and Alder Salve.' Vegetable Pills, Columbia Bitters, are on sale by all dealers in Medicines as also is PRICE & SON'S MAGIC CEMENT.

This meeting will be held (D.V.) Jan. 13th, at 7½ P. M., in Leinster Street Church. The Sister Societies through this Province are requested to report to the Secretary as early as possible concerning their doings, number of members, amount that may be raised yearly, &c., &c. H. H. HUMPHREY,
Jan. 3, 1871. Sec. Cen. Com.

There is, probably, no way in which we can benefit our Readers more, than by recommending to them for general use *Johnson's Anodyne Liniment.* It is adapted to almost all the purposes of a Family Medicine; and as a species for coughs, colds, whooping cough, soreness of the chest, lame stomach, rheumatism, spitting of blood, and all lung difficulties, it has no equal that ever we saw or heard of.

"The angels bear them one by one,
To join the eternal throng,
Who round the great white throne
Await the conqueror's song;
Their harps of gold we hear not now,
But soon the day will rise,
When veiled no more we all shall know
The glories of the skies."
