A Brief Review of the News of the Week.

WESTERN EXTENSION.—The earnings on Western Extension for the month of July, 1871, were $11,312 61, being $5,432 71, in excess of the earnings of the same month in 1870.

DR. TUPPER AT ST. ANDREWS.—Hon. Dr. Tupper, M. P., has purchased Bellevue Cottage, the former residence of Col. Grey, at St. Andrews, and intends occupying it the summer season. It is situated about a mile and-a-half from the town on Hume's Hill, and commands one of the finest outlooks in the country, embracing Passamaquoddy Bay, a portion of the Bay of Fundy, and of the St. Croix River, with the numerous islands adjacent. There are thirteen acres of land surrounding the house, which is an old structure somewhat out of repair. The purchase was negotiated through Dr. A. T. Gove, and the price paid was $1,000 in hand. —*Telegraph*.

NOVA SCOTIA.

A friend from Cornwallis informs us that the crops in Nova Scotia are advancing on a most luxuriant scale. Prospects are unusually promising.

The sudden death of the Hon. M. B. Almon was occasioned by apoplexy. He was found dead in his bed in the morning. In his day he occupied a very high position in social, commercial and political life, and was an honor to the country that gave him birth.

THE LONDONDERRY IRON FOUNDRY

is supplying Birkenhead, England, with street car wheels. Five hundred have been ordered. Well done Nova Scotia.

SIGNS OF THE ZODIAC.—A philosopher in the West grown into admiration of the Cherry Pectoral, writes Dr. Ayer for instructions under which sign he shall be bled, which blistered, and which vomited, and under which he shall take Ayer's Pills for an affection of the liver; also under which sign his wife should commence to take the Sarsaparilla for her ailment. He adds that he already knows to wean his calves under Taurus, change his pigs in Scorpio, cut his hair in Arius, and soak his feet in Pisces or Aquarius as their condition requires.

Schoolmasters, start for Wisconsin, and visit Mr. Ham when you get there.—*Lowell Daily News.*

P. E. ISLAND ACCEPTS THE TREATY.

The following minute of Council dated July 25th has been published by the Government of P. E. Island, and may be regarded as an acceptance of the provisions of the Washington Treaty in advance, so far as that Province has any voice in the matter:—

"*Resolved*, That such relaxations and regulations as are in the power of the Government of Prince Edward Island to adopt be agreed to with a view to the admission of American fishermen for the present year to the liberty which it is proposed to secure them by the Treaty of Washington."

Newfoundland will be likely to follow in the wake of P. Edward's. It is not a little significant that the Provinces having the most fish are the most favorable to the treaty.

The P. E. Island Railway is to be built at £4035 P. E. I. Currncy per milee. It will be the cheapest Railway in America if not in the world. The contractors are J. & C. Walker, London.

Last week a company was formed in Charlottetown for starting a line of ocean steamers between that city and England. It is, we believe, to consist of two vessels, each of 2,000 tons burden. The first of these is to be ready, as proposed, to come out next spring. Since the Islanders have set about their Railway, matters like these have become but little things to them.

All the year round, *Sheridan's Calvary Condition Powders* should be given to horses that are "kept up." To horses and cattle that graze in Summer, they should only be given in Winter and Spring.

Officers and Soldiers who served in the army, physicians, surgeons, and eminent men and women everywhere, join in recommending *Johnson's Anodyne Liniment* to be the best internal and external family medicine ever invented. That's our experence.

The question is often asked us by sufferers from pulmonary disorders "what treatment of my complaints is safest and surest." The unsolicited testimony of thousands who have used Dr. Wilson's Pulmonary Cherry Balsam point it out as the most effectual of all curative means. The ingredients of which it is compounded are in the highest degree beneficial, very strengthening, and altogether uninjurious. Many of the worst forms of Lung complaint have been stopped in their course by this invaluable remedy, and many apparently hopeless cases of Consumption have been cured by it.

No other formula combines, in so compact and concentrated a form, the active and essential properties of medicine, and is so well adapted to family use, as Dr. Wilson's Anti-Bilious and Preserving Pills. Devoid of Mineral and Vegetable Poisons, simple but efficacious in operation, they may be administered with equal safety to the infant as to the adult. No family should be without a box.

We are not in the habit of puffing patent medicines, but believe in this case we are justified in calling attention to Dr. Dow's Sturgeon Oil Liniment. This Liniment is invaluable for the complaints for which it is recommended.

If your horse is dull and languid, and shows a disinclination to eat so freely as usual, Clark's Derby Condition Powders are just the remedy required.

PRICE & SON'S STANDARD MEDICINES.—Pain curemata," "Compound Elder and Alder Salve." Vegetable Pills, Columbia Bitters, are on sale by all dealers in Medicines as also is PRICE & SON'S MAGIC CEMENT.

ANIMAL MAGNETISM.—There is no longer reason to doubt that the mind of one person may commune with, and be influenced by that of another, and experiments by Professor Stone and others, demonstrate that distant separation does not interfere with such communion. Not only does one mind exert a powerful effect on another, but plays an important part in restoring the body over which it presides, when wasted by disease. At this influence is more forcibly exerted by those possessed of a vigorous system and a faculty of mental concentration, so it becomes futile in proportion as the mind loses its vigor, bodily decay soon follows a debilitated brain, and the subjects perish. These facts point to the necessity of toning the mind in case of debility, in order that the muscles of the various *vital* organs may have strength imparted to them. Fellows' Compound Syrup of Hypophosphites imparts tone directly to the nervous system, including the brain, and builds up the Lungs, Heart, Stomach, and other organs on which our happiness and life itself depends.

ENGLISH AND FOREIGN.

LONDON, Aug. 4.—In the Commons this evening Sir Charles Adderly spoke at length in denunciation of the Washington treaty, and vigorously condemned the form of arbitration. Sir Roundell Palmer followed in defence of the Treaty.

The Emperor Napoleon declares that France will not allow free trade principles to be torn in pieces.

The Count and Countess of Thiers have gone to Paris.

In the Assembly Thiers, amid much excitement, opposed a report of Committee that the Government assume the burthens of the Provinces invaded by the Germans.

The committee reported unfavorably for the transfer of the Chamber to Paris.

The ironclad *Warrior* ashore near Leghorn, has been got off and towed to Spezzia for repairs.

The Duke of Argyle will preside at the Glasgow Contennial celebration of the birth of Walter Scott.

The schooner yatch *Aline*, belonging to Mr. Salton, beat the *Livonia* easily yesterday, in the race for the Prince of Wales' cup.

The French Government will soon introduce in the Assembly bills against the International Society.

A despatch sent by the Czar to Eugenie after Sedan, now made public says he would intervene on the basis of the integrity of the French Empire, but was prevented by the treaty of September 4th.

DUBLIN, Aug 6.—In spite of the prohibition of the authorities the friends of amnesty attempted to hold a meeting in Phœnix Park. Mr. Smith, member of Parliament, Sullivan, editor of the *Nation*, and John Sullivan Bryn, Irishmen, entered the Park with a large crowd. Police Superintendent Howe, standing on Wellington monument, ordered them to desist, when he was hurled to the bottom of the monument and barbarously maltreated. A fearful riot ensued. The police charged upon the mob and the fight lasted half an hour, when the police being reinforced dispersed the rioters. Smyth and Sullivan and a man named Nolan were badly wounded. Over one hundred were injured. The leaders in the attempt to-day will be prosecuted.

LONDON, Aug 7.—One despatch from Dublin states that the Vice-Regal Lodge in which the Royal party were stopping had the windows smashed and the building badly damaged, but the occupants received no injury.

Several places visited by the Royal party were gutted on Sunday by the mob. Sullivan, the editor of the *Nation*, is seriously injured, and his death is probable.

In London great apprehension was felt for the safety of the Royal party, as it was feared that the rioters might overpower the authorities.

It is understood that the most stringent measures will be adopted against the arrested rioters.

Four accomplices in the assassination of Marshal Prim, one of them aid-de-camp of the Duke de Montpensier, have been summoned to trial, and the Duke as a witness.

DUBLIN, Aug. 7.—The Royal Visitors left the city to-day.

Crowds lined the streets through which they passed, but not a cheer was raised.

The people preserved a dead silence, broken only by a few hisses.

The conduct of the police yesterday, which is denounced as inexcusably brutal, has embittered the population.

The newspapers demand an immediate investigation.

The Amnesty Committee has issued an address. They declare that a meeting to make a holiday for Royalty would have been allowed, but because the people met to plead for a captive, they were stricken down, and the sword was reddened with their blood.

The discovery of valuable gold fields in the South Pacific has caused much excitement in London.

DUBLIN, Aug. 8.—Everything is quiet. All persons arrested for obstructing the thoroughfares on Sunday, have been discharged from custody on payment of small fines.

Smith, the member of Parliament, who was among those beaten by police, has written a letter to the authorities, demanding an immediate inquiry of all the facts of the case.

The French war budget has been increased two hundred and seventy-one millions of francs.

THE BEST MANUFACTURED,—WARRANTED FOR SIX YEARS

A GREAT OFFER!—HORACE WATERS, 481 Broadway, N. Y., will dispose of ONE HUNDRED PIANOS, MELODEONS and ORGANS of six first-class makers, including Waters', at extremely low prices, for cash, during this month, or will take from $4 to $20 monthly until paid; the same to let, and rent applied if purchased. A new kind of PARLOR ORGAN, the most beautiful style and perfect tone ever made, now on exhibition at 481 Broadway, New York. Illustrated catalogues mailed.

Warerooms 481 Broadway, New York, HORACE WATERS.

TESTIMONIALS.

The Waters' Pianos are known as among the very best. We are enabled to speak of these instruments with confidence from personal knowledge.—*N. Y. Evangelist.*

We can speak of the merits of the Waters' Pianos from personal knowledge as being of the very best quality.—*Christian Intelligencer.*

Our friends will find at Mr. Waters' Store the very best assortment of Pianos, Melodeons and Organs to be found in the United States.—*Graham's Magazine.*

Many people of the present day, who are attracted, if not confused, with the flaming advertisements of rival piano houses, probably overlook a modest manufacturer like Mr. Waters; but we happen to know that his instruments earned him a good reputation long before Expositions and 'honors' connected therewith were ever thought of; indeed, we have one of Mr. Waters' Piano Fortes now in our residence, where it has stood for years, of which any manufacturer in the world might well be proud. We have always been delighted with it as a sweet toned and powerful instrument, and there is no doubt of its durability; more than this, some of the best amateur players in the city, as well as several celebrated pianists, have performed on the said piano, and all pronounce it a superior and first class instrument. Stronger endorsement we could not give.—*Home Journal.*

Horace Waters, 481 Broadway, is famed for the excellence of his Pianos and Organs.—*Evening Post.*

The Waters' Piano ranks with the best manufactured in America.—*The Independent, N. Y.*

The Melodeon you sent me is highly satisfactory. J. L. SMITH, Tioga, N. Y.

This I do know, that a melodeon used here in the Baptist Church for the past eight years at least, without any repairs, and purchased from you, is still used, and has remained a first-rate instrument, in spite of the weather and the hard usage it has been subject to. This is certainly good evidence of the superiority of your instruments over many of other makers. J. HENDRICKS, Jr., Piermont, N. Y.

I have given the Melodeon a fair trial, and think it the best instrument of the kind I have ever heard. Nothing could induce me to part with it. G. B. DOUGLASS, Medina, N. Y.

I am much pleased with the Waters' Organ you sent me. D. O. BAACOCK, Millport, N. Y.

The $200 Organ we had of you is powerful enough to fill the Church. The different combinations with sub bass give a reasonable variety, and the tones are rich and sweet. Any Church having such an instrument as this has a treasure. C. A. BUCKBEE,

aug 10 Pastor of Baptist Church, San Francisco, Cal.
