

News Summary.

NEW BRUNSWICK

The cranberry crop is reported a failure this season.

Work on the new Academy at Sackville is progressing rapidly.

A large freight shed has been erected at Jacquet River, on the I. C. Railway.

Next annual poultry and pet stock show will be held in St. John in January next.

Owing to rough weather the herding fishing will prove a failure up North this season.

Search by the police for the Campbellton Post Office robbers has thus far proved fruitless.

The vote on the light question in Carleton, St. John, resulted in a majority against the lamps.

Two hundred and thirty tons of iron pipes for the Fredericton water-works are being shipped from Glasgow.

Messrs. James Harris & Co. have a contract of building twenty-five freight cars for the New Brunswick Railway.

During the last twelve months fifteen new Methodist churches have been built or commenced in this Province.

In the recent election in Kings Co., Messrs. Morton and Flewelling, Government candidates, were elected with large majorities.

During the past week the weather has been very favorable to farmers, and they have succeeded in housing their grain, the crop being scarcely up to an average.

NOVA SCOTIA AND P. E. ISLAND.

The potato crop on P. E. Island is reported good.

The schooner "Haro" has been abandoned off P. E. Island; crew saved.

A sailor was recently shot by a colored woman at North Sydney, C. B. It is thought he cannot recover.

In the recent rifle match at Bedford range between P. E. Island and Nova Scotia the latter won by 30 points.

Pictou Academy has 123 students, of whom 18 are not residents of the county; 12 are preparing for matriculation at Dalhousie.

It is said there are still forty thousand pounds worth of supplies on board the "Phoenix," a great part of course badly damaged.

A copper mine has been discovered at St. Ann's which is likely to turn out to be the finest yet found in Nova Scotia. The copper is a gray ore with a large percentage of silver in it.

KIDNEY DISEASE.

Pain, Irritation, Retention, Incontinence, Deposits, Gravel, &c., cured by "Buchu-Phos." \$1.

OTHER PROVINCES.

A new Axe Factory is building at Drummondville, Que.

Typoid fever is prevalent in some of the townships of Ontario.

Two men were killed by lightning in East Garafraxa, Ont., last week.

A paper-bag factory in Montreal recently lost a large sum of money by a dishonest cashier.

The Hudson's Bay Railway Company have appointed Gen. Rosser as their chief engineer.

Lightning deprived one man and two horses of life and injured another man at Erin, Ont., recently.

An alum mine, which is believed to be inexhaustible, has been discovered on the shore of Thunder Bay.

The inquest on the victims of the steamer "Richlieu" explosion, so far, throws no light on the cause of the tragedy.

The Jesuits of Quebec are endeavoring to recover possession of land confiscated during the reign of Henry IV. of France.

The Bank of Montreal has appointed W. W. Robertson, Q. C., its solicitor in the stead of the late T. W. Ritchie, Q. C.

Mora, Lesser & Co., organ manufacturers, Montreal, assigned on Monday, 25th ult.; liabilities from \$15,000 to \$20,000.

The return of Messrs. Baker and Shakespeare as the representatives of Victoria, B. C., in the House of Commons, is gazetted.

A volunteer at camp Niagara committed suicide on the 28th ult., by hanging. He was killed by his father's death, is supposed to be the cause of the act.

Wm. Richards, an English emigrant, is sentenced to be hung on Nov. 24th for the murder of a fellow emigrant named Joseph Jackson, at Sweetburg, P. Q.

The Dominion Government have decided to rescind the charters of all Colonization Companies, which have

not strictly fulfilled the conditions of the Dominion Lands Regulations by the 15th October.

Sixty witnesses, including Sir John A. Macdonald, Sir Alex. Campbell, Sir Francis Hincks, ex-Minister, and other statesmen are summoned to take part in the libel case of McNamee against the Montreal Evening Post, which case has already begun.

FLIES AND BUGS

Flies, roaches, ants, bed-bugs, rats, mice, gophers, chipmunks, cleared out by "Rough on rats." 15c.

BRITISH AND FOREIGN

The Anglo-American cable of 1869 has been restored.

Oregon's wool clip this year will exceed 10,000,000 pounds.

Writs have been issued for a general election in Newfoundland.

Small-pox is raging in Cape Town and of 2000 cases 600 proved fatal.

During the past six months 3,085 horses have been used for food in Berlin.

The last of the suspects have recently been released from Kilmaham gaol, Ireland.

A recent gale in Enfala, Ala., uprooted 5,000 trees; some of which were very valuable.

The English harvest has turned out much better than was anticipated, and the root crops are good.

There is a real estate boom in the city of Mexico, where it is said there are 3,000 houses in the course of construction.

The Sultan has ordered the immediate surrender to Greece of the whole frontier fixed by the international commission.

Discouraging reports have been received of the fishery on the coast of Labrador, the catch being the smallest for many years.

It is stated that Jay Gould is building a large yacht and intends to start in July next on a two years voyage around the world.

The death is announced of the Right Hon. Charles Stuart Aubrey Abbot, Under Secretary of State for Foreign Affairs of Great Britain. He was born in the year 1834.

Henry M. Stanley, the African explorer, has arrived in Europe. He has penetrated 300 miles beyond Vivi, and has established fifteen trading stations between Vivi and Roki.

Ex-Empress Eugenie has been very much displeased at the kindness shown Cetewayo in England, and has bought a chateau in Styria where it is said she will reside hereafter. It will be remembered she lost a noble young son in the Zulu War.

The Egyptian trouble is drawing to an end. One day last week a large explosion of ammunition occurred on the cars near Cairo. Large quantities of stores were destroyed, and several persons injured. The people are paying homage to the Khedive—and it is thought soon that peace and harmony will be restored.

REWARD TO ENTERPRISE.

Four years ago, James Pyle of New York, first introduced his celebrated Pearl line to the public, and now the name of Pearl line is everywhere a household word, and millions upon millions of packages are annually consumed by our intelligent housekeepers.

One of the most singular mechanical operations imaginable is the making of gold wire for what is known as gold lace. The refiner first prepares a solid rod of silver about an inch in thickness; he beats the rod, applies upon the surface a sheet of gold leaf, burnishes this down, and so on, until the gold is about 100th part the thickness of the silver. The rod is then subjected to a train of processes which brings it down to the state of fine wire, when it is passed through holes in a steel plate lessening step by step in diameter. The gold never deserts the silver, but adheres closely to it, and shares all its mutations; it is 100th part the thickness of the silver at the beginning, and it maintains the same ratio to the end. As to the thinness to which the gold-coated rod of silver can be brought, the limit depends on the delicacy of human skill. It has been calculated, however, that the gold actually placed on the very finest silver wire for gold lace is not more than one-third of one-millionth of an inch in thickness; that is not above one-tenth the thickness of ordinary gold leaf.—*Ex.*

"Skill and patience succeed where force fails." The quiet skill and patient research which brought forth Kidney-Wort illustrates the truth of the fable. Its grand success everywhere is admitted. Disease never comes to us without a cause. Ask any good physician the reason and he will tell you something interferes with the working of the great organs. Kidney-Wort enables them to perform all their functions and preserve perfect health. Try a box or bottle at once.

Marriages.

(Notices for subscribers, or sent by a minister promoting the circulation of the Visitor are inserted free. For others, the fee is 25 cents. In sending notices of marriages, please do not state the date at the same time and place, or "By the same," and the like. Make such notice complete, so that any single one can be quoted or that the order can be changed, without destroying the sense.)

USE

GATES' CERTAIN CHECK.

This is to certify that Isaac Thomas of Middleton, in the County of Annapolis, maketh oath and saith, that in the summer of 1868, he was very much reduced by

diarrhea and had tried different remedies, and found no benefit or relief; and knowing Dr. C. Gates' medicine, resolved to apply to him for aid; and, with considerable difficulty, reached the doctor's residence, obtained and took some of his celebrated

CERTAIN CHECK, and experienced immediate relief, and was at once restored to his usual good health.

Sworn to at Middleton, this 6th day of January, 1870. Sold everywhere.

LOOKLEY'S SULPHUR HAIR RESTORER.—SULPHUR being highly prized for its stimulating, cleansing, healthy action on the hair glands, LOOKLEY'S RESTORER is in use, and never fails to give satisfaction. It is a most agreeable and safe remedy for itching humors, dandruff, and all other scalp diseases, and is the only hair dressing which has been found to preserve the hair from falling out, and to restore it to its natural color and growth.

Sold by Chemists, Druggists, and Grocers in London, the Country and through the world.

Lookley's is equal to any of the hair-restoring preparations.

CHEAPEST COLORED

PUTTNER'S HYPOPHOSPHITES OR SYRUP.

NOTED MEN.

DR. J. F. CHURCHILL, who was the first to introduce the Hypophosphites, says: "What I am anxious for is that the Hypophosphites should be used as speedily as possible into universal use, as I know that they will prove not only as a sure remedy in CONSUMPTION as Quinine in Intermittent Fever, but also as effectually a preventer as vaccination in small-pox."

PUTTNER'S

Hypophosphites

OR SYRUP.

Ask your Druggist for it.

DR. J. C. BROWN, Lecturer on Mental Diseases to the Leeds School of Medicine, says: "We owe a debt of gratitude to Dr. Radcliff for pointing out the value of the HYPOPHOSPHITES in Debility and Nervous Diseases."

Puttners Syrup

is the best TONIC for toning up, and curing all diseases of the Nervous system. With the HYPOPHOSPHITES says Dr. Aschutzi there is almost always a decrease of Cough, Fever and Night Sweats, and increase of Strength and Appetite with a feeling of comfort which impresses both the patient and physician."

are used in our largest Hospitals with good results. It contains no Cod Liver Oil, and can be taken without nauseating or deranging the stomach.

SEE YOU GET

Puttners Syrup.

EARS FOR THE MILLION!

Foo Choo's Balsam of Shark's Oil

Positively Restores the Hearing, and is the only Absolute Cure for Deafness known.

This Oil is abstracted from peculiar species of small White Shark, caught in the Yellow Sea, known as *Carchodon Rondeletii*. Every Chinese fisherman knows it. Its virtues as a restorative of hearing were discovered by a Buddhist priest about 100 years ago. Its cures were so numerous and many so seemingly miraculous, that the remedy was officially proclaimed over the entire Empire. Its use became so universal that for over 500 years no Deafness has existed among the Chinese people. Sent, charges prepaid, to any address at \$1 per bottle.

HEAR WHAT THE DEAF SAY.

It has performed a miracle in my case. I have no unearthly noises in my head, and hear much better than I did before.

I have been greatly benefited.

My deafness helped a great deal—think another bottle will cure me.
