A CARD.

The Proprietors in introducing this establishment to the notice of the Clergy, Gentry, and the Public of Saint John and the Province of New Brunswick, feel that they have removed an inconvenience long and greatly felt in this part of America, namely, the want of a CLOTHING ESTABLISHMENT sufficiently extensive to meet the varied taste and wants of an opulent and respectable community. It has often been justly remarked that St. John, notwithstanding its increasing population and advancement in almost every branch of business, was far behind other cities and towns in America, in FASHIONABLE TAILORING, and Ready Made Clothing Establishments; and that to such an extent was this deficiency felt that a great number of Gentlemen, who, although anxious to encourage trade at home, were obliged to send to the Old Country in order to get fashionable well-made Clothes, which in Saint John were difficult to obtain. Under these circumstances, the Proprietors have been encouraged to commence this business, and have spared neither labour nor expense to make their establishment, in every department, commensurate with the want of the public, and worthy of their support, which shall be their constant study to merit.

The system upon which we conduct our business is exclusively, for Ready Money, being the only system upon which any establishment can offer decided advantages to the public, the truth of which is becoming more apparent every day.

See Advertisement in succeeding column.
