MONTHLY BULLETIN, No. 5.

The Season of the year has come when extreme care should be taken of the health. Nearly all the dis-eases of summer are trace-able to exposure in the spring, or to the neglect of those medical means which should have been resorted to. It is not surprising that the human system should be powerfully af-fected at this time.

The whole realm of nature shows that wonderful influences are abroad. The outer world awakes to new life, and man and beast, and all animated existence are affected. Now is the time, therefore, to use such medical preparations as experience has shown to be infallible in the preven-tion and cure of disease. As

SPRING MEDICINES,
the GRAEFENBERG VEGETABLE PILLS, the GRAEF-ENBERG HEALTH BITTERS, and the GRAEF-ENBERG SANSAPARILLA COMPOUND should super-cede all others. For universal use the Pills and Bitters are of incalculable value. Those who take them need not fear the enervating effects of the summer which is at hand. The object of the pre-sent Bulletin is to apprise the public of the acknow-ledged superiority of the.

GRAEFENBERG SANSAPARILLA COMPOUND.
Sarsaparilla is of vast efficacy in cleansing the system from its fondest taints, but it must be pre-pared on the most scientific principles and in the most faithful manner. It is not enough that we put in large vessels or vats to steep or boil, mixing it with great quantities of molasses and water. An article thus manufactured must injure the tone of the stomach, and be comparatively inert. The Sar-saparilla Compound Manufactured by the Graefen-berge Co. is a most powerful concentration. It is to Sarsaparilla what Quinine is to Peruvian bark; one bottle containing more virtue than ten of any other ever before manufactured.

The dose is HALF A TEA-SPOONFUL ONLY; so that there are more doses in a bottle than there is in the largest bottle in market of any other manufacture. It is almost literally a

SULPHATE OF SANSAPARILLA.
The public are well advised of the uses of Sar-saparilla, by means of the numerous advertisements which crowd the press. It is unnecessary for us, therefore, to trouble the reader with a recapitula-tion of the matter. We would simply add that all persons who have made up their minds to use the article should purchase no other than that made by this Company. IT IS WARRANTED TO BE TEN TIMES MORE EFFICACIOUS THAN ANY OTHER KNOWN; no matter how large the bottle, or extrava-gent the advertisements, because it contains in ad-dition to Sarsaparilla, a powerful concentration of Mandrake, Burdock, Queen's Delight, Elder, Yellow Dock, Quacum, and other important medicaments which are not found in any other preparation. It has performed cures of a kind surpassing belief; and is recommended by the Faculty.

The General Agent for the Province of New Brunswick is HENRY HAWKINS, to whom appli-cations for Agencies may be addressed.

EDWARD BARTON, Secretary.
New York, March, 1848.

The above Medicines can be procured from the following parties:—

HENRY S. BEEK, Fredericton,
S. HALLETT, Esq., Hampton,
GEORGE BOND, Esq., Carleton,

JOSEPH ALLISON, Sackville.

Agents will be appointed throughout the Province Persons purchasing the above Medicines will be supplied with the "Western World" for one year gratis.
