### DR. TOWNSEND'S COMPOUND EXTRACT OF

### SARSAPARILLA.

Great Spring and Summer Medicine.

WONDER AND BLESSING OF THE AGE.

This Extract is put up in Quart Bottles; it is six times cheaper, pleasanter, and warranted superior to any sold.

It cures disease without vomiting, purging, sickening or debilitating the Patient.

The great beauty and superiority of this Sarsaparilla over all other medicines is, while it eradicates disease, it invigorates the body. It is one of the very best.

SPRING AND SUMMER MEDICINES

Ever known; it not only purifies the whole system and strengthens the person, but it creates new, pure and rich blood: a power possessed by no other medicine. And in this lies the grand secret of its wonderful success. It has performed within the last five years, more than 100,000 cures of severe cases of disease; at least 15,000 were considered incurable. It has saved the lives of more than 5,000 children the two past seasons.

10,000 cases of General Debility and want of Nervous Energy.

Dr. Townsend's Sarsaparilla invigorates the whole system permanently. To those who have lost their muscular energy by the effects of medicine or indiscretion committed in youth, or the excessive indulgence of the passions, and brought on by a physical prostration of the nervous system, lassitude, want of ambition, fainting sensations, premature decay and decline, hastening towards that fatal disease, Consumption, can be entirely restored by this pleasant remedy. This Sarsaparilla is far superior to any

### Invigorating Cordial.

As it renews and invigorates the system, gives activity to the limbs, and strength to the muscular system, in a most extraordinary degree.

### Consumption Cured.

Cleanse and Strengthen. Consumption can be cured. Bronchitis, Consumption, Liver Complaint, Colds, Catarrh, Coughs, Asthma, Spitting of Blood, Soreness in the Chest, Hoarse Cough, Night Sweats, Difficulty or Profuse Expectoration, Pain in the Side, &c., have been and can be cured.

### Spitting Blood.

New York, April 28, 1847.

DR. TOWNSEND—I verily believe your Sarsaparilla has been the means, through Providence, of saving my life. I have for several years had a bad Cough. It became worse and worse. At last I raised large quantities of blood, had night sweats, and was greatly debilitated and reduced, and did not expect to live. I have only used your Sarsaparilla a short time, and there has a wonderful change been wrought in me. I am now able to walk all over the city. I raise no blood and my cough has left me. You can well imagine that I am thankful for these results. Your obedient servant,

WM. RUSSELL, 65 Catharine-st.

### Female Medicine.

Dr. Townsend's Sarsaparilla is a sovereign and speedy cure for incipient Consumption, Barrenness, Protrusion Uteri or Falling of the Womb, Costiveness, Piles, Leucorrhoea, or Whites, obstructed or difficult Menstruation, Incontinence of Urine, or involuntary discharge thereof, and for the general prostration of the system—no matter whether the result of inherent cause or causes produced by irregularity, illness or accident. Nothing can be more surprising than its invigorating effects on the human frame. Persons of all weakness and lassitude, from taking it at once become robust and full of energy under its influence. It immediately counteracts the nervousness of the female frame, which is the great cause of Barrenness. It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed but we can assure the afflicted, that hundreds of cases have been reported to us. Thousands of cases where families have been without children, after using a few bottles of this invaluable medicine, have been blessed with fine, healthy offspring.

### To Mothers and Married Ladies.

This Extract of Sarsaparilla has been expressly prepared in reference to female complaints. No female who has reason to suppose she is approaching that critical period, "The turn of life," should neglect to take it, as it is a certain preventive for any of the numerous and horrible diseases to which females are subject at this time of life. This period may be delayed for several years by using this medicine. Nor is it less valuable for those who are approaching womanhood, as it is calculated to assist nature by quickening the blood and invigorating the system. Indeed, this medicine is invaluable for all the delicate diseases to which women are subject.

It braces the whole system, renews permanently the natural energies, by removing the impurities of the body, not so far stimulating as to produce subsequent relaxation, which is the case of most medicines taken for female weakness and disease. By using a few bottles of this medicine, many severe and painful surgical operations may be prevented.

### Great blessing to Mothers & Children.

It is the safest and most effectual medicine for purifying the system, and relieving the sufferings attendant upon child-birth ever discovered. It strengthens both the mother and child, prevents pain and disease, increases and enriches the food, those who have used it think it is indispensable. It is highly useful both before and after confinement, as it prevents diseases attendant upon child-birth—in Costiveness, Piles, Cramps, Swelling of the Feet, Dependancy, Heartburn, Vomiting, Pains in the Back and Loins, False Pains, Hemorrhage, and in regulating the secretions and equalizing the circulation it has no equal. The great beauty of this medicine is, it is always safe, and the most delicate use it most successfully, very few cases require any other medicine, in some a little Castor Oil, or Magnesia, is useful. Exercise in the open air, and light food with this medicine, will always ensure a safe and easy confinement.

### Beauty and Health.

Cosmetics, Chalk, and a variety of preparations generally in use, when applied to the face, very soon spoil it of its beauty. They close the pores of the skin and check the circulation, which when nature is not thwarted by disease or powder, or the skin inflamed by the alkalies used in soaps, beautifies its own production in the "human face Divine," as well as in the garden of rich and delicately tinted and variegated flowers. A free, active and healthy circulation of the fluids or the coursing of the pure, rich blood to the extremities, is that which paints the countenance in the most exquisite beauty. It is that which imparts the indescribable shades and flashes of loveliness that all admire, but none can describe. This beauty is the offspring of nature—not of powder or soap. If there is not a free and healthy circulation, there is no beauty. If the lady is fair as driven snow, if she paint, and use cosmetics, and the blood is thick, cold and impure, she is not beautiful. If she be brown or yellow, and there is pure and active blood, it gives a rich bloom to the cheeks, and a brilliancy to their eyes that is fascinating.

This is why the southern, and especially the Spanish ladies, are so much admired. Ladies in the north who take

but little exercise or are confined in close rooms, or have spoiled their complexion by the application of deleterious mixtures, if they wish to regain elasticity of step, buoyant spirits, sparkling eyes and beautiful complexions, they should use Dr. Townsend's Sarsaparilla. Thousands who have tried it are more than satisfied, are delighted. Ladies of every station crowd our office daily.

### Notice to the Ladies.

Those that imitate Dr. Townsend's Sarsaparilla, have invariably called their stuff a great Remedy for Females, &c., &c., and have copied our bills and circulars which relate to the complaints of women, word for word—other men who put up medicine, have, since the great success of Dr. Townsend's Sarsaparilla in complaints incident to females, recommended theirs although previously they did not. A number of these mixtures, Pills, &c., are injurious to females, as they aggravate disease, and undermine the constitution. Dr. Townsend's is the only and best remedy for the numerous female complaints—it rarely, if ever fails of effecting a permanent cure. It can be taken by the most delicate females, in any case, or by those expecting to become mothers, with the greatest advantages, as it prepares the system and prevents pain or danger, and strengthens both mother and child. Be careful to get the genuine.

### Scrofula Cured.

This certificate conclusively proves that this Sarsaparilla has perfect control over the most obstinate diseases of the Blood. Three persons cured in one house is unprecedented.

### Three Children.

Dr. Townsend—Dear Sir: I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine. They were afflicted very severely with bad sores; have taken four bottles; it took them away for which I feel myself under great obligation.

Yours, respectfully,  
ISAAC W. ORAIN, 106 Wooster-st.

### Opinions of Physicians.

Dr. Townsend is almost daily receiving orders from Physicians in different parts of the Union.

This is to certify that we, the undersigned, Physicians of the City of Albany, have in numerous cases prescribed Dr. Townsend's Sarsaparilla, and believe it to be one of the most valuable preparations in the market.

### CAUTION.

Owing to the great success and immense sale of Dr. Townsend's Sarsaparilla, a number of men who were formerly our Agents, have commenced making Sarsaparilla Extracts, Elixirs, Bitters, Extracts of Yellow Dock, &c. They generally put it up in the same shaped bottles, and some of them have stolen and copied our advertisements, they are only worthless imitations, and should be avoided.

### History of the Baptist Denomination in America and other parts of the World.

BY DAVID BENEDICT.

This Work, the result of twenty-five years' labor on the part of the author, is the only complete history of the Denomination ever published. It consists of three general divisions, viz:

1. FOREIGN BAPTIST.
2. BAPTIST AUTHORS.
3. AMERICAN BAPTISTS.

It contains about 1,000 royal octavo pages of closely printed matter, and is embellished with fine steel Engravings.

RECOMMENDATIONS.—From William R. Williams, D. D. The new edition of the history of the Baptists, by the Rev. Mr. Benedict, is, to a great extent, independent of his earlier volumes, and seems to the subscriber a work of much value. He has made large extracts from the history of the Mennonite Martyrs. From the great variety of the work which furnished these, the extracts will, to our churches, have, besides their own great intrinsic interest, the additional charm of novelty. As to the Baptists of the United States, he has with laborious fidelity compiled a mass of historical and statistic intelligence, no where else to be found; and which would, in the judgment of the subscriber, make his volume almost indispensable to every one of our Pastors, and abundantly deserving of the patronage and study of our churches.

WILLIAM R. WILLIAMS.
