

UNION MEETING IN NEW ORLEANS.—*New Orleans, Nov. 28.*—A large and enthusiastic meeting of the friends of the Union, irrespective of party, was held last evening. Senators Downs of Louisiana and Foote of Mississippi, both, spoke and were very severe in their denunciations of agitators and all others, who would seek to disturb and break asunder this glorious Confederacy. Their remarks were received with loud and protracted cheering, and the meeting, taking it altogether, was the largest ever held in Louisiana.

Texas.—A despatch says:—There is a great emigration to Texas. It is estimated that 25,000 have arrived during the present season, many bringing large numbers of slaves.

News from Havana to the 22d has been received at Charleston by the Isabel, which arrived at Charleston on the 25th. There was a great celebration in the churches on the 20th ult. the Queen's birthday. His Excellency Don Jose Gutierrez de la Concha, the new Captain General, reviewed the military. The Count Alcey left on the morning of the 21st in the *Caledonia*, amid the kindest expressions of regret from the people at his leaving the Island. At eight o'clock he embarked on board of a splendid barge of twelve oars, and was rowed to the steamer. He was accompanied down the harbour by two other steamers, loaded with people, and attended by five bands of music. A letter from Havana correspondent says, that the Count d'Alcey "has administered the Government justly and mercifully, by as many who now may speak it forth" can testify. His administration has been one of difficulties, yet he has surmounted them all, with honor to himself and his country.

The Cape Verde Islands, were visited with a hurricane in September, which caused great destruction of property. In St. Antonio alone, more than 600 houses are stated to have been destroyed by the wind and rain combined. Several American vessels were either wrecked or damaged at Boa Vista and Sal. The English ship Sir Robert Peel was entirely lost, and the crew saved by taking to their boats, when distant more than 100 miles from St. Antonio. The African squadron is actively engaged in performing its duties. The slave trade is flourishing as briskly as ever. American ships and the American flag are still extensively used for the prosecution of this iniquitous traffic. This species of abuse has exposed our legitimate trade to many interruptions, and much embarrassment from British cruisers, which practically exercise the right of search as freely on our vessels as upon their own.—*Boston paper.*

JAMAICA.—News a week later from Jamaica has been received by the Merlin at New York. The Cholera was sweeping off 200 per day, and the dead were cast into pits, without the rites of sepulture.

About a dozen New Buildings have already been reared on the newly burnt District. They are not, to be sure, the very best, but we believe they are in every case somewhat better than those whose places they supply.—*Fred. Reporter.*

We had last week an opportunity of examining while in full operation, a beautiful specimen of the fine arts in the shape of a Power Printing Press recently imported by the Queen's Printer in this City. Notwithstanding this valuable piece of machinery is somewhat complicated in its movements, it is nevertheless so perfect in its operation that it is easily managed, and cannot fail in making a fine uniform impression. It is made for the application of steam; but with two men giving it motion it can strike off 1000 copies in an hour. Its cost is about £600.—*Id.*

The Scarlet Fever and putrid sore throat—that terrible scourge of our infant population—we are sorry to hear prevails very extensively just now in this City. Its ravages have already placed many families in mourning. In several instances adults have been attacked, although we have not heard of any fatal cases, except among children.—*Halifax Recorder.*

THE SABBATH.—It affords us unmingled satisfaction to be able to announce that His Excellency the Lieutenant-Governor Sir John Harvey, in compliance with a Memorial presented to him by the Committee of the Nova Scotia Sabbath Alliance, has put a stop to the playing of the Musical Bands on the marching of the Troops to the Garrison Chapel, on the Lord's-day.—*Halifax Witness.*

PROFESSOR OF AGRICULTURE.—we learn from the *Pilot*, that the Professorship of Agriculture in the University of Toronto, long since determined on, is about to be filled up, and a quantity of land is to be secured for the purpose of experiments and demonstrations.—*Montreal Transcript.*

F. Charman, Esq., altho' no Lawyer, but now privileged by Act of the Province, pleaded his own Cause in Court, during the present Term, and gained his suit.—*Halifax Church Times.*

EMIGRANTS TO NEW YORK.—The ship Washington, Captain Page, arrived at New York on Tuesday last, from Liverpool, with nine hundred and sixty steerage passengers—the largest number of passengers ever brought across the Atlantic in one vessel. All in good health.

There had arrived at New York from 1st Jan'y last up to the 1st of the present month, 205,964 emigrants, the largest proportion being from Ireland. The total emigration to New York in 1849 amounted to 220,791. It is expected that by the 1st of January the emigration of this year will reach that number.

MEETING OF THE LEGISLATURE.—A Royal Gazette Extra, of Saturday last, contains the Proclamation of His Excellency the Lieutenant Governor, summoning the Legislature to meet at Fredericton, for the dispatch of business, on Thursday the sixth day of February next.

Last year the Legislature met on the 7th of February, and the Session of 1849 commenced on the 31st January.

We understand that Messrs. Hatheway and Small, the enterprising owners of the steamers *Forest Queen* and *Anna Augusta*, have purchased at New York, the steamer *Creole*, for about \$11,000, to run between this place and Boston next season. The *Creole* was built in New York in 1841. She is 306 tons burthen, 165 feet on deck, 22 feet beam, 8½ feet hold, 10 feet stroke, and 34 inch cylinders. She is registered A 1½, and is said to be a superior sea boat; can accommodate 120 passengers with berths. We wish them success in their new enterprise. The *Creole* is expected to arrive here in a few days.—*New Bruns.*

DESTRUCTIVE FIRE AT HALIFAX.—A despatch from Halifax, states that a destructive fire broke out in that City yesterday morning, which consumed the North Barracks, an old but extensive building occupied by the troops, and the houses on two entire streets. The loss is not stated, but as the fire did not break out in the business part of the City, it cannot be so heavy as it otherwise would have been; but a great deal of suffering must be experienced by the poor people who have been turned out of house and home at this inclement season of the year.

A telegraph despatch received at the News Room, states that the fire broke out at 2 o'clock in the morning, in the Barracks, which were soon consumed. The square opposite the Barracks, bounded by Jacob, Duke's and Alhermalde-streets, was entirely destroyed, including about one hundred houses!

The section of the City burnt was mostly occupied by poor families, and the houses destroyed were of an inferior description.—*Id.*

TRACT MEETING AT TREMONT TEMPLE.—A meeting to promote Tract and Colporteur operation, was holden in Tremont Temple on Sabbath evening, the 24th ult. Bishop Eastburn presided, Dr. Babcock offered prayer, and addresses followed from Rev. Messrs. Bliss, Kirk and Holmes. Mr. Bliss, says a contemporary, displayed a chart, representing an outline of the entire nation, which now embraces three and a quarter millions of square miles, and would make 448 States of the size of Massachusetts. This exhibition and his closing appeal were fitted to impress upon the minds of the assembly the vastness of the country, and of the work, present and prospective, to be done in its evangelization. The exercises of the meeting, throughout, were of unusual interest.—*Puritan Recorder.*

The Great Cough Remedy.

BLISS'S COMPOUND

COD LIVER OIL CANDY,

(The Original and Only Genuine.)

Prepared only by B. K. BLISS, (Sole Proprietor,) Drug gist and Apothecary, Springfield, Mass.

A New and Effectual Remedy for Coughs, Common Colds, Cold in the Head, Hoarseness, Bronchitis, Asthma, Tickling in the Throat, and all Diseases of the Lungs, and Bronchial Affections.

THE wonderful curative powers of Cod Liver Oil, in all cases of COUGHS, COLDS, and CONSUMPTION, have been clearly demonstrated by the experience of the most distinguished physicians of Europe and America, during the last two or three years. It has been used in all parts of this country with great success, by the advice of our most eminent physicians. Dr. Williams, an eminent English Physician, asserts, that during the last two and a half years, he has preserved notes of 234 cases of consumption, where the Cod Liver Oil was used, and that, in 206 of these, the use of the Oil was followed by marked and unequivocal improvement, ranging in degree from the mitigation of the symptoms up to a complete restoration to apparent health. Some of these cases were persons in an advanced stage of this dire disease, and the cures were almost miraculous.

Since the introduction of Cod Liver Oil into general use, a great desideratum has been to furnish an article with the same medicinal virtue, but free from its disagreeable odor and taste, which have rendered it a "sealed book" to thousands of persons who are suffering under severe affections of the throat and lungs. After a series of experiments, the proprietor has succeeded in so combining the pure Oil with other celebrated curatives, in the form of a most AGREEABLE CANDY, possessing and preserving all the medicinal virtues of Pure Cod Liver Oil, without its nauseous and repulsive taste, presenting it in a form by which it can be administered to the most delicate invalid without inconvenience. So pleasant is the taste, that it may be administered to an infant without difficulty.

In Packages, 1s. 3d. each, sold by S. L. TILLEY, King-street, St. John. Dec. 3.
