

copies, containing 520,100 Chinese pages. The portions of Scripture have been principally given to those who have attended the meetings, each individual being furnished with a copy of the book from which the subject was selected which, at the close of the service, he was allowed to take away with him. There have been printed for the Baptist mission in Hongkong, several thousand copies of tracts, and an edition of three thousand copies of Dean's Commentary on Matthew's gospel.

REV. BAPTIST W. NOEL.—Mr. Noel has baptized 156 persons since he has been the pastor of the John street church, London. Among them has been one barrister-at-law, one lieutenant of the Navy, one cripple, one half deaf and dumb, and five Sabbath School teachers. Others are now waiting for immersion. I think, I may say, that half this number is from the Church of England. Mr. Noel is a thorough Baptist, always setting forth baptism where there is mention of it in the subject of his sermon.—*Baptist Reporter, Eng.*

PAPAL BULLS.—As the meaning of the word "bull," when used in this sense, may not be generally known, the following explanation of it may be acceptable. In ancient times a seal inclosed in a case was attached to these documents by a string. This case, commonly of lead, was called *bulla*, a Latin word which originally signified a bubble of water, and afterwards anything which had the circular shape of a bubble of water; such as amulets made of gold or silver, which were worn by the free-born children of ancient Rome. In process of time the name of the case was transferred to the document, and Papal ordinances were called *bulla*, i. e. "bulls." They were written on parchment in the Gothic character.—*N. Y. Recorder.*

The potato crop of the Islands is very fine. A severe gale passed over these Islands on Friday. It commenced from about S. W., and went round gradually to N. W., when it abated.

The Americans manifest a growing disposition to possess the fastest, finest ships afloat. We notice that the *White Cloud*, of 1,200 tons, lately left New York for the Pacific with a freight list of \$79,000. Her cost was but \$90,000; and it is remarked that if she have luck she will proceed from California to Canton, there take a cargo for London, and clear herself to her owners in one year. Another vessel of this class, called the *Oriental*, has obtained in Canton a freight for London at £6 per ton, when the going rate was £3 or thereabouts. The capacity for carriage of these vessels is less by one fifth than ordinary vessels. They are expected to clear themselves in a year or two. The *Sea Witch* has gone twice round the world, via San Francisco and Canton, performing each voyage in less than a twelvemonth, inclusive of detention.—We are indebted for these facts chiefly to the New York correspondent of the London Times.—*Halifax Rec.*

OBITUARY NOTICE.

Died, in Cornwallis, on the 28th ult., Amelia, daughter of the late Rev. William Elder, of Cape Breton, in the thirty sixth year of her age. A large circle of relatives and friends will deeply deplore the premature departure of this amiable, talented, and deservedly esteemed young lady. For several months a rapidly wasting consumption plainly indicated her lamented dissolution; and Miss Elder herself was among the first to anticipate an early

death as the certain issue; and she now directed the whole strength of her well cultivated mind to a preparation to meet the last enemy in the triumph of faith. Though it afforded Miss E. much pleasure to refer to an early period of her life for her first religious impressions and enjoyments, and she could turn with satisfaction to other periods when she enjoyed profitable communion with God, even amidst life's unsatisfying pastimes, yet nothing but the present intimation of a Saviour's love could afford the peace she desired, and a daily supply of spiritual food could alone satisfy her soul's hungering after righteousness. In the latter part of her illness especially, Miss E. enjoyed a calm and peaceful assurance of a happy immortality; and with that perfect "love which casteth out fear" awaited her Lord's coming. She died as all Christians desire to die, as a poor sinner resting on the Saviour. "Tell my friends," said she "that I die a monument of grace, a poor sinner, but Jesus died for sinners. He is all my trust."

Miss E. was a young lady whose talents and education well adapted her to fill a large sphere of usefulness and influence, hence in her death society has sustained an irreparable loss.—*Communicated to Christian Messenger.*

The Great Cough Remedy.

BLISS'S COMPOUND COD LIVER OIL CANDY,

(The Original and Only Genuine.)

Prepared only by B. K. BLISS, (Sole Proprietor,) Drug gist and Apothecary, Springfield, Mass.

A New and Effectual Remedy for Coughs, Common Colds, Croup in the Head, Hoarseness, Bronchitis, Asthma, Tickling in the Throat, and all Diseases of the Lungs and Bronchial Affections.

THE wonderful curative powers of Cod Liver Oil, in all cases of COUGHS, COLDS, and CONSUMPTION, have been clearly demonstrated by the experience of the most distinguished physicians of Europe and America, during the last two or three years. It has been used in all parts of this country with great success, by the advice of our most eminent physicians. Dr. Williams, an eminent English Physician, asserts, that during the last two and a half years, he has preserved notes of 234 cases of consumption, where the Cod Liver Oil was used, and that, in 206 of these, the use of the Oil was followed by marked and unequivocal improvement, ranging in degree from the mitigation of the symptoms up to a complete restoration to apparent health. Some of these cases were persons in an advanced stage of this dire disease, and the cures were almost miraculous.

Since the introduction of Cod Liver Oil into general use, a great desideratum has been to furnish an article with the same medicinal virtue, but free from its disagreeable odor and taste, which have rendered it a "sealed book" to thousands of persons who are suffering under severe affections of the throat and lungs. After a series of experiments, the proprietor has succeeded in so combining the pure Oil with other celebrated curatives, in the form of a most AGREEABLE CANDY, possessing and preserving all the medicinal virtues of Pure Cod Liver Oil, without its nauseous and repulsive taste, presenting it in a form by which it can be administered to the most delicate invalid without inconvenience. So pleasant is the taste, that it may be administered to an infant without difficulty.
