RICHARD LRAYCRAFT, Esq., of this city, died on Tuesday last, aged upwards of ninety years. He was the oldest member of the M. E. Church in this city, and perhaps in the United States. He was also one of the few who worshipped in the "old Sail Loft" in Horse and Cart, now William street, the first place found for stated preaching in New York by the followers of John Wesley.—*N. Y. Recorder*.

MISSIONARY MARTYRS.—Seven persons sent out as missionaries from England to Terra del Fuego, in 1850, to civilize and Christianize the natives, have been recently discovered to have died there of starvation, the natives being hostile to them, and no supplies arriving from England.

THE N. Y. ART UNION.—It is said the District Attorney, Mr. Blunt, has brought a process against the Art Union lottery, for the purpose of confiscating all their property to the State. The Managers have employed Mr. Charles O'Conner as their Counsel.

WHAT STATE RELIGION DOES FOR SOCIETY.—In the Surrey County Gaol, Horse-monger Lane, London, there are no less than 944 persons who, according to the Chaplain's report, are ignorant of the first principles of religion, and could not repeat the Lord's Prayer!

The Bishop of this Diocese is supposed to be in receipt of an annual income of about \$200,000, and the 944 prisoners "ignorant of the first principles" are members of "the Church" of the State—perhaps all of them "regenerated by Baptism," made "members of Christ, children of God, and inheritors of the kingdom of heaven."

The following recipe for a cold we can say is truly worth the price of this paper for many years. It was prescribed for us when we were suffering from a cough that seemed as if we were on the brink of Consumption, no cessation nor rest day nor night. We took it, and were cured in three days.

The woman who gave the recipe has reared a large family in Oneida county—has seen hundreds suffering from colds and consumption, and she assures us, that in thirty years' experience, with the prescriptions of the ablest physicians, and the experience of her friends before her, she has never heard of nor used any other remedy better than this for colds of every condition, even when on the borders of that scourge of man, consumption.

RECIPE.—One table-spoonful of molasses; two tea-spoonfuls castor oil; one do. paregoric; one do. spirits camphor. Mix and take often.—*Northern Farmer*.

One hundred and nineteen of the most respectable clergymen of various denominations in Philadelphia, have signed a petition to the Legislature of Pennsylvania for the enactment of the Maine Law.

One hundred Clergymen in Pittsburgh have signed a petition to the Legislature, praying for the enactment of a prohibitory Liquor Law.

One of the papers in the rum interest says that the "remonstrance" to the Maine law in New York, has been signed by 60,000 persons, "none of whom are women or children." This is certainly very significant.

Women are on the other side.—*Ed. C. V.*

LEGISLATIVE SUMMARY.

FRIDAY, March 26.

The bill to reduce the Fees of Clerk of the Peace one half, was committed. Mr. Johnson explained. Messrs. Partelow and Street argued that this ought not to be a source of revenue; thought the Fees were fixed, and the Clerk put on those Fees. Mr. Needham opposed; said if the Liquor Bill passed, litigation would decrease, and would not afford the reduction; thought the salary should be £350, to enable him to keep a clerk. Mr. Gray supported the bill. Progress reported.

The Temperance Bill occupied all the rest of the day. There was much warm discussion. Mr. Robinson's amendment, excepting Malt Liquors and Cider, after repeated divisions, finally passed. The division showing the largest numbers on this question was thus:—For the amendment, the Speaker, Messrs. Street, Partelow, Gray, Wilnot, Reed, Johnson, Harding, Williston, Gordon, Rice, Stiles, Macpherson, M'Leod, Porter, Robinson, Montgomery, Barberie, and McPhelim—19. Against—Messrs. Scoullar, Needham, Lewis, Chapman, Godard, Taylor, English, Pickard, Ryan, Botsford, Beardsley, Gilbert, Earle, Hatheway, Cutler, Hayward, Hanington and Johnson—18. Various amendments were moved, some carried. Messrs. Gray, Partelow, and others wished it un-

derstood that they opposed the whole bill, and took divisions on several sections. I cannot send all the provisions of the amendments, but after much discussion it was finally fixed to come into operation on 1st June, 1853.

The Attorney General proposed a Suspending Clause. Mr. Johnson and others opposed this as subversive of the rights of the people. Mr. Montgomery and others said this was unnecessary, the amendment was rejected and the bill finally passed and reported.

The bill giving Mining Lessees right of entry, was lost in the Council by a vote of 9 to 7.

The bill to secure the title to certain lands in Kent, and several other bills passed the Council.

SATURDAY, March 27.

The School Bill was under consideration again. Mr. Harding moved that it be recommitted, as many of its sections passed in a Committee of only nine, &c. Much discussion—motion lost.

Mr. Gray's Insurance Office Bill was lost in the Council yesterday.

The School Bill and the Temperance Bill finally passed, and were sent to the Council. Divisions were taken on the third reading of both Bills.

The Bill to restrain the Crown from granting Mining Licenses, was rejected in the Council.

MONDAY, March 20.

A resolution proposed by Mr. Hatheway, that the *Royal Gazette* be furnished to all Magistrates, passed.

The Bill appointing a Law Commission passed.

Mr. Harding proposed an amendment, that the Commission should only revise and consolidate—lost. Messrs. Cutler, Hanington, Johnson, and others thought the Law Officers of the Crown ought to discharge this duty. Messrs. Needham, Wilnot, and Gray supported the bill, who said a reform was indispensable. Attorney General proposed an additional section, that any member of the house appointed under this Act should not vacate his seat, thought it would be useful that members should be on the Commission who could explain in the house the views of the Commission, and wished them appointed without regard to politics, and proposed this that the House might determine whether they desired members on the Commission or not. Mr. Partelow thought this unnecessary as the emolument was not fixed. Messrs. Johnson, Beardsley, Hanington, and Scoullar opposed the section as establishing a dangerous precedent and subversive of the Constitution. Attorney General and Mr. Gray thought the seat of any member put upon the Commission must be vacated as the law now is. None of the lawyers voted except the Attorney General and Mr. Johnson.

The Attorney General stated that members of the Government would not be put upon the Commission.—The bill was carried by a large majority.

In Supply.—Grants were passed for wharves in Albert, Northumberland, Gloucester, and Restigouche; to Holderness and M'Leod for sums overpaid on the Bouctouche Bridge; to a School at St. Stephen's, highly spoken of, £300; to Mr. Smith, return duty on horse.—A return of hospital dues to the *Creole* and *Admiral* again passed; and several grants to teachers. Grants to the Temperance Halls at Oromocto and Dalhousie were rejected. The Bill incorporating the Albert Mining Company, and the Currency Bill passed the Council. Several small Bills finally passed, including the bill relating to the St. John Savings' Bank.

WEDNESDAY, March 31.

The bill to amend the act of Incorporation of the European and North American Railway Company passed the house to-day by a vote of 18 to 16.

The School bill has passed the Council, also all the appropriations sent up from the house.

THURSDAY, April 1.

The House referred the decision of the Scrutiny case back to the Committee by a majority of one.

Mr. Whitney's application for a return of Hospital dues was refused.—The Hackmatack Bill has been again rejected by the Council.

It is said the House will be prorogued on Thursday next.—Messrs. Needham and Johnston have obtained leave of absence.

PORT OF MONCTON.—The inland port of Moncton, situated on the River Petitcodiac, and generally called the Bend, has been opened by the Provincial Government as a Free Port for Foreign Trade; Mr. Amasa Weldon, junior, has been appointed Controller of Customs and Navigation Laws.—*Cour.*

The funeral of the late Lieutenant General Sir John Harvey took place at Halifax on Saturday last, with the highest military honours, and was attended by a vast concourse of the citizens, anxious to pay the last sad tribute of respect to their late highly esteemed Lieutenant Governor.

Colonel John Bazalgette has been sworn in as Administrator of the Government of Nova Scotia, and forthwith entered upon the duties of the office.

OBITUARY.

Died, in Moncton, on the 13th of February, Sarah Elizabeth, wife of Mr. Edward Wood. She spent the greater part of her life in Prince Edward Island, living in Lot 49, and joined the Baptist Church under the pastoral care of Elder Benjamin Scott. She came to this place in the autumn of the year 1848, and united with the Baptist church in Moncton in the spring of 1849, and continued to adorn her profession until her blessed Saviour called her home. She felt a great desire for the salvation of sinners; and was always anxious to give her attendance in all the religious meetings of the church. Her seat was never vacant when it was in her power to attend. She was greatly resigned to the Lord's will during her last sickness, and talked of her departure with great composure. She selected the hymns for the funeral occasion, and also the text. The text is recorded in the book of Amos, 4th chapter, and last clause of the 12th verse: "Prepare to meet thy God." Her request was attended to by the writer.—*Com. by Elder J. Newcombe.* Moncton, March, 1852.
