THE World is astonished at the wonderful cures performed by the CRAMP AND PAIN KILLER prepared by CURTIS & PERKINS. Its equal has never been known for removing pain in all cases; for the cure of spinal complaints, cramp in the limbs and stomach, rheumatism in all its forms, bilious cholera, burns, sore throat, and gravel. It is decidedly the best remedy in the world. For particulars, see circulars in the hands of Agents, for gratuitous circulation.

N. B.—Be sure and call for CURTIS & PERKINS' Cramp and Pain Killer. All others bearing this name are cheap imitations. Price 25, 37½ cts. per bottle according to size.

SCHOOL FOR YOUNG LADIES.

Conducted by Miss Thomson,

ASSISTED BY HER FATHER,

WHO HAS BEEN ENGAGED FOR MANY YEARS IN PREPARING YOUTH FOR COLLEGE.

THE system, in its more limited and scholastic sense, is adapted to the constitution of different minds, and is applicable to all the departments of a liberal education, and is fitted to prepare youth for the study of books, of men, and of nature.

"To make amusement and instruction friends, Some lessons in the guise of play she sends."

The objects aimed at are—1st, to ensure a thorough scriptural and ladylike education; 2nd, to maintain in every department the strictest discipline united with kindness and moderation; 3rd, by means of familiar conversational lectures, to teach the principles as well as the common facts of knowledge; 4th, to treat the pupils as members of the family, providing them liberally with domestic comforts.

Attention to the skin, teeth, and general habits. Bodily vigour proved to be essential to the development of mental power, therefore of leading importance in the physical and mental education of youth.—Instruction in the Classics and Mathematics, the Continental languages, Drawing and Music, and the general branches of a thorough Education.—Great pains taken in communicating elementary knowledge.—The Word of God constantly read—its doctrines opened—its morality inculcated.—Wholesome discipline maintained by firmness and decision—by means of encouragement, and measures of prevention.—Entrance and removal are unfettered by the usual conditions; the school is a home for Pupils from distant parts; and Orphans have in the household a father and mother and brother and sisters.—A Vacation of three weeks given at Midsummer, and a fortnight at Christmas.

THE BRANCHES TAUGHT ARE—English Composition, General History, Pure and descriptive Geography, Use of the Globes and Maps, Arithmetic, Mental Calculations, PRINCIPLES of Book-Keeping, General Accounts, Stenography, and facility in writing a current hand, Geometry, Algebra, and General Science; with instructions in French, which is constantly spoken in the School.

THE TERMS, with board and washing—from thirty to sixty pounds per annum, regulated by the studies of the Pupil.—Daily Pupils from Two to Three Dollars per Month.
