

Poetry.

GOD IN NATURE.

There's not a flower
But shows some touch in freckle, speck, or stain.

Of His unrivalled pencil! He inspires
Their balmy odors, and imparts their hues!
He bathes their eyes in nectar, and includes
In grains as countless as the sea-side sands
The forms with which He sprinkled o'er the earth.

Happy who walks with Him; where what he finds

Of flavor, or of scent, in fruit, or flower,
Prompts to remembrance of a present God!
His presence, who made all so fair, perceived,
Makes all still fairer.

Nature's Morning Hymn.

When in the East the dawn doth blush,
Here cool fresh spirits the air brush;
Herbs strait get up, flowers peep and spread;
Trees whisper praise and bow the head.
Birds, from the shades of night released,
Look round about, then quit the nest,
And with united gladness sing
The glory of the Morning's King.

FLOWERS.

Ye are the Scriptures of the earth
Sweet flowers, fair and frail;
A sermon speaks in every bud
That woos the summer gale.

Ye lift your heads at early morn,
To greet the sunny ray;
And cast your fragrance forth to praise
The Lord of night and day.

Youth.

Boys, Remember.

I once visited a large public school. At recess a little fellow came up and spoke to the master; as he turned to go down the platform; the master said, "This is a boy that I can trust. He never failed me." I followed him with my eye, and looked at him when he took his seat after recess. He had a fine, open, manly face. I thought a good deal about the master's remark. What a character had that little boy earned! He had already got what would be worth more to him than a fortune. It would be a passport into the best store in the city, and what is better, into the confidence and respect of the whole community.

I wonder if boys know how soon they are rated by older people. Every boy in the neighborhood is known, and opinions are formed of him; he has a character, either favorable or unfavorable. A boy of whom the master can say, "I can trust him; he never failed me," will never want employment. The fidelity, promptness, and industry which he shows at school, are in demand everywhere, and are prized everywhere. He who is faithful in little will also be faithful in much.

Be sure, boys, that you earn a good reputation at school. Remember you are just where God has placed you, and your duties are not so much given you by your teachers or your parents, as by God himself. You must render an account for them, and you will also be called to render an account to Him. Be true.

How Scholars are Made.

"Costly apparatus and splendid cabinets have no magical power to make scholars. In all circumstances, as a man is, under God, the master of his own fortune, so is he the maker of his own mind. The Creator has so constituted the human intellect, that it can only grow by its own action, and by its own action and free will, it will certainly and necessarily grow. Every man must, therefore, educate himself. His book and teacher are but helps; the work is his. A man is not educated until he has the ability to summon in an emergency, all his mental powers in vigorous exercise to effect its proposed object. It is not the man who has seen most, or read most, who can do this, such a one is in danger of being borne down, like a beast of burden, by an overloaded mass of other men's thoughts. Nor is it the man who can boast of native vigor and capacity.—The greatest of all warriors in the siege of Troy had not the pre-eminence because nature had given strength and he carried the largest bow, but because self-discipline had taught him how to use it."

HOWARD
MUTUAL HEALTH
ASSOCIATION,
PORTLAND, MAINE.

THIS ASSOCIATION is constituted upon purely Mutual and Philanthropic principles, with the lowest rates consistent with its security; dividing the profits equally among its Members, and protecting them when disabled by disease on accident.

The rates of annual payment for members who draw for the first week's sickness, are as follows—subject, however, to a discount of 33 1/3 per cent of the amount of their claims, viz:

\$2.00 per year draws	\$2.00 per week,
3 00 do do do	3 00 do do
4 00 do do do	4 00 do do
5 00 do do do	5 00 do do
6 00 do do do	6 00 do do
7 00 do do do	7 00 do do
8 00 do do do	8 00 do do

The rates of annual payments for those who do not draw for the first week's sickness, shall be the same—subject to no discount.

Females insured against the same liabilities as Males, and on the same conditions, except that benefits do not exceed three dollars per week.

\$1.50 Admission Fee will be charged in addition to the above for Males, and \$1.00 for Females, the first year, which must be paid at the time of making application, and the first year's payment within thirty days.

EACH MEMBER IS ENTITLED TO A MONTHLY PAPER FREE OF CHARGE.

AGENT for the sale of Provincial SCHOOL BOOKS, keeps a good Stock of STATIONERY, and can supply Periodicals, Annuals, and New Publications, at American prices. St. George, Dec. 13, 1852.

PAUSE! READ! CONSIDER.
FELLOWS
Compound Fluid Extract of
Sarsaparilla.

A NEW and the most valuable Extract introduced, which is put up in Quart Bottles, is cheaper, more pleasant, and warranted superior to any sold. It is prepared from the best

HONDURAS SARSAPARILLA ROOT combined with Yellow Dock and other valuable productions, which from their purifying effects on the Blood render it the best

Spring and Summer Medicine

in the World, purifying and cleansing, giving tone and strength to the whole system.

This Extract is the result of numerous experiments, and the Proprietors feel confident that they have arrived at that perfection in preparing it to which no other manufacturer has yet attained. Every person has heard of Sarsaparilla. All have heard of its uses.—And many Physicians in this City are conscious of the fact that our Extract is far superior to those sold under the names of Townsend's, Sands Bristol's, Brown's, or Bull's Sarsaparilla, inasmuch as it contains other prime remedies besides those used by the above named parties, is stronger, contains nothing but Vegetable productions, and is prepared without boiling, which causes it to retain all the volatile and active properties.

Encourage home manufacture.

We pledge our reputation on the truth of what we here state, that we believe it better in every sense than any other Extract of Sarsaparilla ever introduced.

Serofulous diseases, Cutaneous Eruptions, Rheumatic Affections, Syphilitic disorders, Liver Complaints, Dyspepsia, Lung and Bronchial Affections, all diseases arising from the injudicious use of mercury, impure state of the Blood or habit of the system, are some of the many diseases which are cured by the use of this SARSAPARILLA.

FELLOWS & CO., Manufacturers.
Price 3s. 9d. per Bottle, 17s. 6d. Six Bottles.
St. John, March 12, 1852.

THE BOSTON

FOR CASH OR COUNTRY PRODUCE.

Oct. 15, 1852. G. & R. HOBEN.

CHILSON'S

Patent Air Warming and Ventilating Furnace.

(FOUR SIZES.)

THE fame of this well known FURNACE has now become so extended, that it would become mere supererogation to enter into any elaborate detail of its construction. Since the period of its first appearance, it has attracted the attention, and gained the encomiums of many individuals, who hold high rank in the scientific world—and completed an entire revolution in the construction of "HOUSE WARMERS."

The antiquated and now exploded notion, of obtaining a sufficiency of pure warm air from a small surface of Red Hot Metal, in contact with which, an inadequate supply of Cold air disseminates into the apartments above a sluggish current of burnt deoxygenated hot air, unfit for respiration, is rapidly being supplanted by the introduction of our new House Warmers, which, from its peculiar construction, can never become overheated, and by its extensive and well proportioned surface, is capable of warming a large volume of atmospheric air.

Another prominent peculiarity of our Furnace, is so complete adaptation for Wood or Bituminous Coal; the flues being so arranged that they cannot become closed by soot or ashes. This point has never before received the attention of Furnace Manufacturers, and is indeed the only article in which this description of fuel can be used to any advantage.

And when we take into consideration the fact, that this has become the standard on which all new Furnaces are founded, and the only Heater on which attempts at infringement are constantly being made; and add thereto, that it has received numerous Medals and first Premiums from various Scientific Institutions—not to mention the fact that it has been the subject of the "World's Fair" (where, in competition with articles for similar purpose, from all parts of the world, it received the GREAT PRIZE MEDAL)—it most convincingly unprejudiced mind that this Furnace already held the highest rank for the purposes to which it is applied.

Any information respecting our Furnace, or the general subject of "Heating and Ventilation" together with our pamphlets containing Cut of Furnace &c., and an Appendix of over 1000 References, will be promptly forwarded to all who address the Subscribers by Post.

We are also the Agents for, and have constantly on hand, an assortment of the Patent Mirror Marble Chimney Pieces—a new, cheap and elegant substitute for Marble—at prices varying from \$18 to \$150 each, a sample of which is in possession of the Editor of this paper. Besides the above, we have always in our Warehouse a large stock of Cooking, Office, Hall, and Parlor Stoves, Ranges, Registers, Ventilators, &c., &c., which we are happy to present for inspection at 61 and 63 Blackwell Street, Boston.

June 11. CHILSON, RICHARDSON & CO.

THE CHRISTIAN VISITOR.
