A CARD.

MRS. WINSLOW TO THE LADIES.

Mrs. Winslow, an old and experienced nurse and Female Physician, would call the attention of the Ladies to her Soothing Syrup for Children teething. It will immediately relieve them from pain, allay all spasmodic action, soften the gums, reduce inflammation, and is sure to regulate the bowels. Depend upon it Mothers, it will give rest to yourselves and relief and health to your children.

Price 25 cents per bottle.

We have sold very large quantities of Mrs. Winslow's Soothing Syrup during the past six years, several thousand and the last year. We believe it the best medicine in the world for Children teething or for the cure of Dysentery and Diarrhea in Children whether it arises from teething or any other cause. It gives universal satisfaction—never heard a complaint from any one using it—never sold a medicine so universally successful in relieving pain and effecting cures—relief is ABSOLUTELY SURE.

Vacations.—Six weeks at Midsummer; Two weeks at Christmas. Aug. 12.

E. VERNON, M. D.,

Graduate of the Toronto Board of Medicine, and of the Jefferson Medical College, Philadelphia.

TAKES this method of informing the inhabitants of St. John and the surrounding country, that he has established himself on the North side of King's Square, two doors west of Gables' Corner, for the purpose of practicing his profession, viz., PHYSIC, SURGERY, &c. Dr. Vernon has devoted great care to the study of diseases in all their forms—and all the modern improvements in their treatment, in a number of the largest Hospitals in America—as well as in his own private practice for several years.

He likewise feels prepared to give the EAR and EYE, those most delicate and necessary organs, that care and attention which they may require—very many cases of deafness that have been considered as hopeless can be entirely cured by a proper and judicious treatment. Diseases and deformities of the Eye, as Inflammation—Cataract, Strabismus, or Cross Eyes, &c. &c., are a few of the cases that will receive particular attention—and in all cases of disease of those organs, if the parties are not helped, the money will be returned. Sub-acute and Chronic diseases of the respiratory organs will in most cases be treated by the inhalation of Medicated vapours. Nervous diseases will be treated principally with Electricity, which is the safest and most efficient means.

For the benefit of the poor, Dr. V. will remain in his office from 9 till 12 a. m. on Mondays, where he will be happy to consult, gratuitously, as many as can make it convenient to call.

N. B.—Office hours from 9 till 11 a. m., and from 3 till 5 p. m. through the week.
