**To the Electors of the County of**

**Sunbury.**

GENTLEMEN—

**H**AVING been induced by a large number of

respectable and influential Friends to offer

myself as a Candidate for the House of Assembly,

at the coming General Election, and having con-

sented, I feel called upon to lay before you a brief

sketch of my Political views.

First, I am an advocate of civil and Religious

liberty.

I am an unflinching friend of Agriculture, but

will only encourage and support it before other

interests in proportion to its rank and character

among them.

I am neither an ultra Free Trader nor an ultra

Protectionist; all articles, the production of other

countries, and that cannot be produced in our own

in anything like a proportion to the demand, I

would admit duty free or impose only a nominal

duty; articles that can be produced in anything

like a proportion to the demand, I would protect so

far as would be consistent with a liberal course,

and would tend to create competition and draw

out the abilities of our Province in their produc-

tion. Upon all luxuries I would impose a heavy

duty.

I will advocate Reform in the sale of Crown

Lands and Timber berths, believing, as I do, that

the present system is calculated to make the

rich man richer and to keep the poor man poorer.

I believe that initiation of money Grants should

be in the hands of the Executive so long as they

possess the confidence of the people's representa-

tatives.

I will advocate a reasonable extension of the

Elective Franchise, also, VOTE BY BALLOT, with

a proper Registration of Voters. A liberal distri-

bution of the Public Money, for Schools, Roads

and Bridges, will receive my best support.

Upon the subject of TEMPERANCE my princi-

ples are too well known to need comment.

I am a decided unbeliever in the principle of

making extensive promises and leaving them un-

fulfilled. Upon the day of nomination my views

will be more fully explained—and in the mean-

time I will endeavour to see as many of you as

possible that we may talk the subject over to-

gether, after which I am quite willing to be guided

by your decision in the matter.

I am, Gentlemen,

Your obedient Servant,

May 26. DAVID TAPLEY, Jr.

**To the Freeholders of King's**

**County.**

GENTLEMEN—

**A**T the request of a number of the Electors

from different parts of the Country, I have

consented to come forward as a Candidate at the coming

election for King's County.

In Politics, I believe in such a liberal line of policy as

will give to all men equal rights and privileges. Salaries

in proportion to the duties required to fill the office. Pro-

tection to the Farmer and Mechanic, as will give them

the benefit to the Home Market without injury to the con-

sumer. Reciprocity in trade with such nations as accede

with like terms to us.

I believe in placing all Money Grants in the hands of the

Executive, so long as the Executive possess the confidence

of the people. I also will, if elected, give my support for

the adoption of the Ballot system, with a proper registra-

tion of voters in each County.

As a Temperance man, I am for the Prohibition of the

Liquor Traffic, believing that this Traffic is promotive of

crime, disease, pauperism and death, and one of the chief

instruments employed by the Evil One in building up and

strengthening the kingdom of darkness.

On the day of nomination, I will be fully prepared to

give you a more lengthy explanation of my views and

principles. If you choose to elect me on the principles

enunciated in this Card, my best abilities will be devoted

for the general welfare of the County and Province at large,

and if you think me not worthy of a majority of your votes

on the principles on which I come before you, I will feel

perfectly pleased to remain at home.

I am, Gentlemen,

Your obedient servant,

ELIAS FLAGLOR.

## WOOL CARDING.

**T**HE subscribers having purchased the Establishment in Norton, formerly occupied by Mr. T. Coats, in returning thanks for past favours would respectfully inform the public that they have purchased that very superior double CARDING MACHINE imported last year by Flewelling Brothers, and run by them at Hampton Ferry, and also the Picking Machine. Those who have had work done by this Machine can attest to its superiority.

They have also employed Mr. Pickett, who attended it last season, and who is an experienced workman; and every attention will be given to the faithful discharge of business. They intend also keeping constantly on hand a supply of Oil for Wool.
