Frightful Death.—John Cookson died of Hydrophobia in Cincinnati on Friday last. He was bitten about nine weeks before. In the midst of his sufferings he was conscious, and begged his attendants to keep away, lest he should injure them. He was forcibly held down by six strong men, while chloroform was administered to him. Under its influence he slept half an hour, and breathed his last almost immediately after awaking.

A destructive fire broke out in a manufacturing establishment in Worcester, Mass., which extended over a large portion of the city, destroying property of the estimated value of \$400,000, and a large number of persons are thrown out of employment, by the calamity. It is the most extensive conflagration that ever occurred in that city.

The failure of a leading Boston merchant, largely engaged in the California trade, is announced. Liabilities \$250,000, which will fall chiefly on the South.

WESTMORLAND ELECTION

At the close of the Poll, June 16.

Hannington, -	1514
Smith, -	1471
Steadman, -	1252
Landry, -	1244
Botsford, -	1132

YORK COUNTY.—Vote, as officially declared: Fisher, 1185; Macpherson, 987; Taylor, 938; Hatheway, 932.

VICTORIA COUNTY.—At the close of the poll the vote stood thus: Rice, 416; Tibbets, 415; Watters, 393.

SUSPENSION BRIDGE COMPANY.—The annual meeting of the Stockholders in the *St. John Suspension Bridge Company* was held on the 6th instant, when Messrs. Charles Brown, Joseph Fairweather, Isaac Woodward, J. D. Lewin, and W. K. Reynolds were elected Directors, and Mr. J. F. Marsters, Secretary and Treasurer, for the ensuing year. At a meeting of the Directors held the same day, Isaac Woodward, Esq., was chosen President.

The Russian built Brig, called the *Amelie*, arrived in our harbor a few days ago from New Orleans with a cargo. She was built and registered at Jacobstadt in Finland, and on war being declared by Her Majesty against Russia, was sold by the master to an American subject in New Orleans, but has not got an American register, although she now sails under the American flag.—The laws of the United States prevent foreign vessels obtaining registers in their ports.—*Courier*.

The first Sod on the Railway track was turned amid the quiet stillness of a Summer's morning, on Tuesday, at the Governor's Farm. Early as was the hour—6 o'clock—the Lieutenant Governor, the members of the Railway Board, and a number of citizens were on the spot to witness the unostentatious and business-like beginning of an undertaking so momentous in its consequences to the people of this country. About a hundred persons were actively engaged during the day, discoursing eloquent music with "the shovel and the hoe," which number was augmented yesterday to one hundred and fifty. The Contractors have already left their mark on the line, and we can fancy from the energy already displayed, the progress which will be made when their working parties are reinforced by seven or eight hundred stalwart men from the Eastern Counties. An immense number of persons in carriages, on horseback, and on foot visited the scene of operations on Tuesday and Wednesday.—*Halifax Morning Chronicle*.

A cold-blooded murder was perpetrated at Aberdeen, Miss., on the 12th ult., by a Col. Bunch, who had lost all he possessed to another gambler, named Faunis. Bunch appointed a day for payment, and when Faunis made his appearance and demand, Bunch deliberately shot him dead on the spot. This is an every day affair in our time. Bunch will escape, we wager a trifle.—*Halifax Sun*.

ARRIVAL OF LORD ELGIN.—His Excellency the Governor General arrived here at an early hour yesterday in the steamer *Admiral*, and proceeded to Spencer Wood, from whence he will make his public entry into the City at three o'clock this afternoon. A salute of nineteen guns was this morning fired in honor of His Excellency's arrival.—*Quebec Chronicle*.

THE CANADA CROPS.—The Montreal Advertiser says that the crops in that section of country look finely, and judging from present appearances will be as far advanced on the first of July as they have been in former years, notwithstanding the lateness of the Spring. The prevailing high prices of produce, and the prospects of a large foreign demand, have stimulated the farmers to put in larger crops than usual. The orchards look finely, although the caterpillars are more numerous than has been known for a long time.

Sir Cusack Roney has purchased an estate of 20,000 acres in Canada.

Features of the New Reciprocity Treaty.

QUEBEC, June 17.—The following embraces the leading features of the reciprocal treaty between the United States and Canada, now under legislation of the Canadian Parliament.

Article 1.—Throws open the Fisheries of British America, except Newfoundland, to American citizens, and also expecting at the mouth of rivers, salmon, shad and shell fish.

Article 2.—Provides for settling fishery disputes by arbitration, in case of disagreement a third arbitrator, to be chosen by lot; gives the British right in American Fisheries to 36 parallel North latitude.

Article 3.—Provides for the free exchange on flour breadstuff and all kinds of fresh, smoked and salted meats, cotton, wool, seeds, vegetables, undried fruits, dried fruits, fish, and all other creatures in water, poultry and eggs, hides, fox skins and tails, nails, undressed stone or marble in its crude or unwrought slate, butter, cheese, tallow, lard, hams, manure, ores of all kinds, metals, coals, pitch, tar, turpentine, ashes, timber, lumber of all kinds, round, hewed, sawed, manufactured in whole or in part, ivewood, plants, shrubs, oil, rice, brooms, corn, barley, gypsum, ground or unground, hewn or rough, wrought or unwrought, bar or grindstones, dyestuffs, tea, manufactured tobacco and kegs.

Article 4.—Throws open the St. Lawrence and Canadian canals to American vessels. The American government undertaking to urge the state government to admit British vessels in their canals. Both nations enjoying navigation terms.

Article 5.—Provides ratification of treaty six months sooner if possible. Great Britain may withdraw from Americans the right of navigating our water, in which case Americans can annul article 3d.

Article 6.—Provides for including Newfoundland with her consent.

HOW TO GET RID OF WORMS.

THE SIMPLEST THING IN THE WORLD.

You have only to purchase a bottle of McLane's Celebrated Vermifuge, and administer it according to the directions accompanying each vial. It never fails to give immediate relief, and is perfectly safe for young or old. The following testimony, in favor of McLane's Celebrated Vermifuge, was handed us a short time ago.

NEW YORK, November 16, 1852.

A friend of mine purchased and administered one bottle of McLane's Celebrated Vermifuge to a child of her's, four years old, which brought away between three hundred and four hundred worms—many of them large. The child is now well, and living in Remington place. For further particulars, inquire of Mrs. Hardie, No. 3 Manhattan place.

P. S. The above valuable remedy, also Dr. McLane's Liver Pills can now be had at all respectable Drug Stores in this city.

Purchasers will please be careful to ask for Dr. McLane's Vermifuge, and take none else. All other Vermifuges in comparison are worthless. Dr. McLane's genuine Vermifuge also his celebrated Liver Pills, can

now be had at all respectable Drug Stores in the United States and British provinces.

It is a beautiful one for the philanthropist to contemplate. Tens of thousands of happy mortals speaking in loudest praise of the great and wonderful cures that have been performed on the n by the use of that "great blessing" to humanity, as well as the brute creation, the

Mexican Mustang Liniment.

We have seen persons who have suffered indescribable pain with rheumatism for years, who have been entirely relieved from pain in a few moments. By the use of a few bottles, and in an incredibly short time, they have been permanently cured and restored to their families and to the community. Sores, bruises, sprains, &c., have been treated with the same success; and thousands more will be relieved because they know the remedy.
