

At Russel's Hotel, in Quebec, on the 24th instant, all the company, including several American gentlemen, left the table because Judge Mondelet was seated at it. Mondelet, it will be remembered, used improper language towards England and her Sovereign for taking part in the Eastern war.

At Montreal, the interments on the 15th were 38—increased on previous day 13; of this number 30 were of cholera. On the 16th, interments 27—decrease 11; from cholera 21. On the 17th, interments 42—increased 15; from cholera 21. The total number of interments since the epidemic broke out, June 24th, 1852. The cholera deaths from July 10 to July 17, inclusive, were 245.

HOW TO AVERT THE CHOLERA.—The following notice (says the Quebec Gazette,) was issued by the New York health commissioners, on Thursday afternoon. In view of the exaggerated rumours of the prevalence of the cholera, and the fear this excited among the nervous, this official admonition may have a salutary effect:—

The Commissioners of health, in their efforts to mitigate the evils, and if possible to prevent the cholera, deem it proper to suggest to their fellow citizens the importance of caution in regard to diet, and the avoidance of all unusual excitement or excess.

The observations of the commissioners of health have convinced them that in almost every case that has occurred the exciting cause may be directly traced to excess in eating, drinking, or unusual fatigue, exposure or excitement. With such conclusions, we most earnestly request the citizens of New York to avoid these exciting causes. We are most confident that with these simple precautions no one has cause for alarm.

The commissioners of health therefore hope and trust that these conclusions and facts may have their proper influence and effect in this community.

Our new Governor, the Hon. Henry Manners Sutton, is, we are informed, a younger son of Viscount Canterbury, formerly the Rt. Hon. Charles Manners Sutton, and Speaker of the House of Commons. The honorary prefix of "Honorable," belongs, in England, exclusively to the younger sons of Peers; and cannot be used by the son of a Commoner.—*Obi*

The steamship *Franklin*, from Havre for New York, went ashore at Montauk, Long Island, on Monday morning, 17th inst. in a dense fog. The telegraph gives the latest reports from the *Franklin*, from which it appears there is no hope that she will be saved. This disaster, following so quickly on the heels of the loss of another steamer of the same line, the *Humboldt*, causes universal regret. The *Franklin* is a first class substantial ship, of 2,196 tons, three years old, and is valued at \$350,000 to \$400,000, principally covered by insurance at New York. She has a large and valuable cargo on board—said to be the largest ever brought from France—worth about \$1,000,000.

Mr. Gavan Duffy, M. P., has been obliged to leave Parliament for Malvern, where he says he is "paying the penalty, in an intense dyspepsia, of a brain long overworked, and a body stunted of exercise and fresh air."

At Albany, a boy 13 years of age got up on Tuesday morning perfectly well, ate some green apples, and a pint of cherries before dinner, drank plentifully of milk at his dinner, and was buried in the cemetery before dark of the same day.

The *London Gazette* contains a Treasury warrant regulating the rates of postage on letters between England and New South Wales, Victoria, South Australia, Barbadoes, Nova Scotia and New Brunswick. On every letter not exceeding half an ounce in weight, there is to be one uniform rate of 6d. Letters exceeding half an ounce will be charged in the same proportion. The arrangement is to take effect from and after the first of August next.—*Ch. Witness.*

A NEW HOTEL.—We are gratified to learn that steps are being taken for the erection of a first-rate Hotel in this City. The site chosen is that property situate at the corner of King's Square known as the "Hazen property," which has been purchased by Mr. Reynolds for that purpose. The ground fronting King Square, is 160 feet long, and on Charlotte-street 108, and the building will cover the whole of the ground. As soon as the plans and prospectus are ready, a company will be formed; and active operations will be commenced as soon after as possible. The brick and other buildings are to be taken down, to make room for the new edifice.—*News.*

OUR EXPORTS.—By the Custom House returns which have just been made up, it appears that the quantities of staple articles exported to Great Britain from this port during the half year ending 5th July, 1854, have decreased considerably as compared with the corresponding half year in 1853. The quantity of Deals and Boards exported to Great Britain, from 5th January to 5th July, 1854, was 53,908,000 feet, and for the corresponding period in 1853, it was 74,987,000 feet. Pine timber, half-year ending 5th July, 1854, 23,636 tons, corresponding half-year in 1853, 31,905 tons, Birch timber, half-year ending 5th July, 1854, 2471 tons, corresponding period in 1853, 3571 tons.—*Courier.*

CALIFORNIA.—The *Alta* says—"The condition and prospects of California, so far as her mineral resources are concerned, were never better than they are at present. Tales that appear almost

fabulous reach us every day from all parts of the mining region, and the idea that the mines of California are nearly exhausted, as some of the Atlantic papers have been speculating, is most conclusively falsified. Never since the first discovery and working of the gold placers of our state has there been such a general and uniform success as there appears to be now. Recent discoveries of great richness have been made, and new fields opened for the enterprise of miners and traders.

CHOLERA RECORD.—The *Richmond* (Va.) *Enquirer* of the 13th says the statement that cholera had disappeared from that city, is incorrect, and has the authority of a physician of high standing for stating that the disease exists in an epidemic form. It attacks all classes, without reference to their diet or habits of life. A despatch from Richmond on the 19th, says that cholera still prevails to an alarming extent, and some of the most respectable citizens are among the sufferers.

There were six deaths from cholera at Wheeling during the 17th and 18th inst.

At a meeting of the Board of Health, held on Monday, it was—

Resolved, That notice be given that the Board of Health meet at the Common Council Committee Room, over the Police Office, every day, at 11 o'clock, where they will be grateful to receive information or suggestions from any persons who are disposed to furnish the same.

Extract from the Minutes,
THOS. M'AVITT, Clerk.

CHOLERA.

The following extract from the letter of a clergyman to the Lord Lieutenant of Ireland, presents a very simple, and he says, effectual preventive of the Cholera, as well as a remedy of great power:—

"The preventive is simple; a teaspoonful of powdered charcoal taken 3 or 4 times a week, in a cup of coffee, or other liquid, in the morning. When attacked with cholera, a mixture of an ounce of charcoal, an ounce of laudanum, and an ounce of brandy or other spirits, may be given as follows—after being well shaken: a teaspoonful every five minutes. In half an hour I have known this effectually to relieve and stay the disease. As the patient becomes better, the mixture may be given at longer intervals. I have known a person in the blue stage, and collapsed, perfectly recovered in a few hours. The charcoal was tried as a preventive on a large plantation in the Mauritius, and not a single individual out of eight hundred was attacked with the cholera."

LIVER COMPLAINT OF TEN YEARS' STANDING CURED BY THE USE OF ONLY TWO BOXES

of Dr. McLane's Celebrated Liver Pills.

New York, August 2, 1852.

"This is to certify, that having been afflicted with liver complaint for ten years, and after having tried nearly every known remedy without finding relief, I was at last induced to try Dr. McLane's Celebrated Liver Pills, and after using only two boxes was perfectly cured. I now take pleasure in recommending them to the public, as the Liver or general Antibilious Pills ever offered to the public."

MRS ANN MALONA, No. 17 Rivington st.

P. S. The above valuable remedy, also Dr. McLane's Celebrated Vermifuge, can now be had at all respectable Drug Stores in this City.

Purchasers will please be careful to ask for, and take none but DR. McLANE'S LIVER PILLS. There are other Pills, purporting to be Liver Pills now before the public.

Sold by CHALONER & HUNT, and T. WALKER & SON.

The Reason why it Succeeds.

The Mustang Liniment has attained its enormous popularity, and almost universal use, simply because it gives better satisfaction, accomplishes more good, relieves more pain, and heals more wounds and sores than any other preparation ever before offered to the afflicted. Every bottle that is used, speaks for itself—tells its own tale in the relief it gives, and the cure it effects. And then one who has suffered perhaps, long years with pain, without hope of relief and finds in this Liniment an almost instantaneous remedy, cannot help but speak in its praise, and recommend it in the highest terms to all that he sees suffering. It needs no other recommendation than a trial.

For sale by G. F. EVERETT & Co., and G. C. GARRISON, St. John.

A WONDERFUL DISCOVERY has recently been made by Dr. Curtis, of this city, in the treatment of Consumption, Asthma and all the diseases of the lungs. We refer to "Dr. Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup." With this new method Dr. C. has restored many afflicted ones to perfect health; as an evidence of which, he has innumerable certificates. Speak-

ing of the treatment, a physician remarks:—It is evident that inhaling—constantly breathing an agreeable, healing vapor, the medicinal properties must come in direct contact with the whole of the aerial cavity of the lungs, and thus escape the many and varied changes produced upon them when introduced into the stomach and subjected to the process of digestion. The Hygeana is for sale at all the Druggists' throughout the country. [From the New York Journal of Jan. 14.]

Obituary.

Spirit!—thy labour is o'er.
Thy term of probation is run;
Thy steps are now bound for the untrodden shore,
And the race of immortals begun.

On Saturday evening, 22d inst., after a protracted and painful illness, which she bore with calm resignation to the will of the Almighty,—in the 83rd year of her age,—Sarah, Widow of the late Lawrence Foster, Esq., of this city; leaving four children and several grand and great grand children to mourn the loss of a dearly beloved mother.

Yesterday morning, Catherine Amelie, the beloved wife of Mr. William Fisher, of Fredericton, aged 32 years.

On Tuesday night last, after 14 months' illness, Mr. William Hutchison, of Ayr, Scotland, aged 23 years.

At Sand Point, Carleton, on Wednesday last, Mrs. Mary Bond, relict of the late George Bond, Esq., aged 74 years.—Funeral on Sunday, at 3 o'clock, from her late dwelling, and at 4 from the Sand Point Meeting house.

On Saturday morning, Rebecca Scoullar, infant child of Mr. James Marshall, aged 5 months.

On Wednesday, Sarah, wife of Mr. Charles DeForest, aged 43 years; and on Thursday, Mr. Charles DeForest, aged 46 years, leaving nine children to mourn their sudden and melancholy bereavement.

On Wednesday last, Charles, only son of John and Letitia Cook, aged six years and six months.

On Thursday morning, Mr. John Fought, aged 71 years.

On Friday Evening, Emma Louisa, daughter of Wm. W. and H. A. Emalie, in the 8th year of her age.

On Sunday night last, in Portland, after a short illness, Mrs. Isabella Wilson, wife of John Wilson, a native of Londonderry, Ireland, aged 65 years, leaving four children.

In Portland, on the 15th inst., after an illness of three days, Elizabeth, wife of Mr. Allward Perry, in her 38th year.

Suddenly, on Sunday morning, Freeman aged 21 years and 6 months. Also, Charles E., aged 19 years and 6 months, sons of Mr. Charles Sullivan.

In St. Louis, July 8th, of cholera, Miss Mary E. Hart.—"Blessed are the dead which die in the Lord, from henceforth, yea, saith the Spirit, that they may rest from their labors, and their works do follow them."

The deceased was an active and consistent member of the Second Baptist church of this city. She illustrated in her life the Apostle's definition of pure and undefiled religion—"Which is to visit the fatherless and widows in their affliction, and keep one's self unspotted from the world." She leaves behind her a large circle of friends to mourn her loss.

"Cease ye mourners, cease to languish
O'er the graves of those you love,
Pain and death, and night and anguish,
Enter not the world above!"
[Western Watchman, St. Louis, July 13-]
