Another Fire in New Orleans!

AT the fire on the night of the 1st inst., at No 70 Camp-street, every article in our office was entirely destroyed, except our Iron Chest (one of Rich's make) and its contents.

After the fire the lock yielded readily to the key, and we found all our books preserved, and not a particle of writing effaced, and our valuable papers in a perfect state of preservation.

**AYER'S CHERRY PECTORAL**

For the rapid Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

TO CURE A COLD, WITH HEADACHE AND SORENESS OF THE THROAT—Take the Cherry Pectoral on going to bed, and wrap up warm to sweeten the night.

FOR A COLD AND COUGH, take it morning, noon and evening, according to directions on the bottle, and the difficulty will be soon removed. None will suffer from this trouble when they find it so readily cured. Persons afflicted with a seated cough, which breaks them of their rest at night, will find by taking the Cherry Pectoral on going to bed, they may be sure of sound undisturbed sleep, and consequent refreshing rest. Great relief from suffering, and an ultimate cure, is offered to thousands who are thus afflicted by this invaluable remedy.

From its agreeable effects in these cases, many find themselves unwilling to forego its use when the necessity for it has ceased.

TO SINGERS AND PUBLIC SPEAKERS this remedy is invaluable, as by its action on the throat and lungs, when taken in small quantities, it removes all hoarseness in a few hours, and wonderfully increases the power and flexibility of the voice.

ASTHMA is generally much relieved, and often wholly cured by Cherry Pectoral. But there are some cases so obstinate as to yield entirely to no medicine. Cherry Pectoral will cure them if they can be cured.

BRONCHITIS, or irritation of the throat and upper portion of the lungs, may be cured by taking Cherry Pectoral in small and frequent doses. The uncomfortable oppression is soon relieved.

FOR CROUP—Give an emetic of antimony, to be followed by large and frequent doses of the Cherry Pectoral, until it subdues the disease. If taken in season, it will not fail to cure.

WHOOPING COUGH may be broken up and soon cured by the use of Cherry Pectoral.

THE INFLUENZA is speedily removed by this remedy. Numerous instances have been noticed where whole families were protected from a very serious consequence, while their neighbors without the Cherry Pectoral, were suffering from the disease.

Repeated instances are reported here of patients who have been cured from

LIVER COMPLAINTS by this remedy, so many that there can be no question of its healing power on these diseases. It should be perseveringly taken until the pain in the side and other unpleasant symptoms cease.

FOR CONSUMPTION in its earliest stages, it should be taken under the advice of a good Physician if possible, and in every case with a careful regard to the printed directions on the bottle. If judiciously used, and the patient is carefully nursed meantime, it will seldom fail to subdue the disease.

For seated CONSUMPTION in its worst form, the Cherry Pectoral should be given in doses adapted to what the patient requires and can bear. It always affords some relief, and not unfrequently cures those who are considered past all cure—There are many thousands scattered all over the country who feel and say that they owe their lives and present health to the Cherry Pectoral.

Many years of trial, instead of impairing the public confidence in this medicine, has won for it an appreciation and notoriety by far exceeding the most sanguine expectations of its friends. Nothing but its intrinsic virtues and the unmistakable benefit conferred on thousands of sufferers, could originate and maintain the reputation it enjoys. While many inferior remedies are thrust upon the community, have failed and been discarded, this has gained friends by every trial, conferred benefits on them they can never forget and produced cures too numerous and too remarkable to be forgotten.

While it is a fraud on the public to pretend that any one medicine will infallibly cure—still there is abundant proof that the Cherry Pectoral does not only as a general thing, but almost invariably cure the maladies for which it is employed.

As time makes these facts wider and better known, this medicine has gradually become the best reliance of the afflicted, from the log-cabin of the American Peasant, to the palaces of European Kings.
