## Mexican Mustang Liniment.

This invaluable remedy, in praise of which so much has been said and written, wherever it has been introduced, we are pleased to see it now obtainable in our city. The curative properties ascribed to this article are such as we can readily believe come within the power of some remedial agents to effect. It is recommended for quick, almost electrical effect in allaying pain and assuaging inflammation, giving tone to the nerves and invigoration to the muscles when excited or impaired, and in fact for all those forms of the "ills to which flesh is heir," and may be reached by external applications.

The reader is referred to the advertisement in the paper for certified statements of its effects on those who, unfortunate in their afflictions, were favored in their possession of so valuable a remedy.

We learn that a gentleman in this city will add his testimony in a case of sprain; this will confer a benefit on many who may be induced to avail themselves of its benefits, only by its having the prestige of a new name.

For sale by G. F. EVERETT & Co., and G. C. GARRISON, St. John.

## WORMS! WORMS!

A great many learned treatises have been written, explaining the origin of, and classifying the worms generated in the human system. Scarcely any topic of medical science has elicited more acute observation and profound research; and yet physicians are very much divided in opinion on the subject. It must be admitted, however, that, after all, a mode of expelling them and purifying the body from their presence is of more value than the wisest disquisitions as to their origin.

Such an expelling agent has at last been found. Dr. McLane's Vermifuge proves to be the much sought after specific—its efficacy being universally acknowledged by the entire medical faculty. As further proof, read the following from a lady—one of our citizens:

**NEW YORK, October 15, 1852.**  
This is to certify that I was troubled with worms for more than a year. I was advised to use McLane's Celebrated Vermifuge. I took one bottle, which brought away about fifty worms; I commenced improving at once, and am now perfectly well. The public can learn my name, and further particulars, by applying to Mrs. Hardie

No. 3 Manhattan place, or to E. L. Theall, Drug-gist, corner of Rutgers and Monroe streets.

P. S. Dr. McLane's Celebrated Vermifuge, also Dr. McLane's Liver Pills, can now be had at all the respectable Drug Stores in this city.

Purchasers will please be careful to ask for, and take none but Dr. McLane's Vermifuge. All others, in comparison, are worthless. 3

**A WONDERFUL DISCOVERY** has recently been made by Dr. Curtis, of this city, in the treatment of Consumption, Asthma and all the diseases of the lungs. We refer to "Dr. Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup." With this new method Dr. C. has restored many afflicted ones to perfect health; as an evidence of which, he has innumerable certificates. Speaking of the treatment, a physician remarks:—It is evident that inhaling—constantly breathing an agreeable, healing vapor, the medicinal properties must come in direct contact with the whole of the aerial cavity of the lungs, and thus escape the many and varied changes produced upon them when introduced into the stomach and subjected to the process of digestion. The Hygeana is for sale at all the Druggists' throughout the country. [From the New York Journal of Jan. 14.]

See advertisement of Medical Inhalation in another column of this paper.

Sold in St. John by Fellows & Co., S. L. Tilly, R. D. McArthur, T. M. Reid, Beaty and Steeves, and J. M. Secord.

## OBITUARY.

Died at Blissfield, C. N., on the 26th of Sept. Mrs. Elmeline, wife of Mr. George Bamford, and daughter of Mr. John Dow, of the County of Carleton, in the 23d year of her age. Sister B. was a stranger amongst us, but in the short time of her residence with us only 3 months, by her amiable manners, and Christian behaviour. She won the affection and esteem of all who were favoured with her acquaintance. The writer of this sketch was one who, previous to the illness of which she died,—and during her very severe affliction which terminated in her death, was permitted to visit her, and to converse freely with her on the all important concerns of a future state, and feels truly happy in being able to say that she entertained a good hope through grace of which she was not ashamed. She spoke of her Saviour as the one altogether lovely, and of heaven as her final and eternal resting place, "Write blessed are the dead that die in the Lord." We sincerely feel to sympathise with her bereaved husband, left to mourn in sadness and her numerous friends, and hope and pray that the God of grace will comfort and support them, and prepare them for a happy meeting where friends shall never part again. The sermon on the occasion of her death was preached by the Rev. William Doak.

Yours truly,  
JAMES TOZER.

## Another Fire in New Orleans!

At the fire on the night of the 1st inst., at No. 70 Camp-street, every article in our office was entirely destroyed, except our Iron Chest (one of Rich's make) and its contents.

After the fire the lock yielded readily to the key, and we found all our books preserved, and not a particle of writing effaced, and our valuable papers in a perfect state of preservation.
