## BY ROYAL LETTERS PATENT.

**THE HYDROMAGEN,**  
OR,  
**WATERPROOF, ANTI-CONSUMPTIVE CORK SOLES.**

MANUFACTURED BY

**HARCOURT, BRADLEY & CO.,**

44 MARKET ST., MANCHESTER.

RETAIL WAREHOUSE, 102 Wood Street, Cheapside, London, England. AMERICAN ESTABLISHMENTS, 38 Ann Street & 102 Nassau Street, New-York, U. S.

**THE Hydromagen** is a valuable discovery for protecting the feet from damp or cold, and therefore a preventative of many Lung Diseases, without any doctored water. The Hydromagen is in the form of a sole, and worn inside the boot or shoe. Its medicated character is a powerful antidote to disease.

For Gentlemen it will be found agreeable, warm and healthy, to wear in the coldest or roughest weather, as the foot cannot become wet if the Hydromagen is inserted. Ladies may wear the lightest soled boots or shoes in the most inclement weather with impunity; while Consumption, so prevalent among the young of our country, may be thwarted by their general adoption. They entirely supersede over-shoes, as the latter cause the feet to perspire in a very unhealthy manner, and, besides, are not dangerous wear to pedestrians in icy weather, like india rubbers. While the latter cause the feet to appear extremely large, the Hydromagen, being a mere thin slice of cork prepared, peculiarly placed inside, does not increase the size of the boot, or cause the foot to appear untidy. To Children they are extremely valuable as they may engage in exercise with comfort and healthy effects. Their expense is so slight as to scarce need mention; besides, those who patronize them will find their yearly doctor's bills much diminished thereby.

As the Hydromagen is becoming more known, its sale is increasing to an almost incredible extent. Last year in London, Manchester, Birmingham, Liverpool, Glasgow, Leeds, Dublin, Paris, Antwerp, Hamburg, and Berlin, our sales reached 1,732,450 pairs of Cork Soles. This year the number will far surpass that.

Ask the Faculty their opinion of their value as a preventative for COUGHS, COLDS, BRONCHITIS, ASTHMA, and CONSUMPTION.

MEN'S SIZE, pr. pair, 35 CENTS.

## THE CHEST.

SIR ASTLEY COOPER, BART. M.D.

THE EMINENT MEDICAL PRACTITIONER, HAS LEFT A VALUABLE LEGACY TO THE WORLD IN HIS  
**Great Preventative of Consumption,**

AND  
**UNFAILING CURE FOR PULMONARY DISEASES, WITHOUT THE USE OF MEDICINE.**

Sir A. C. Bart. invented and advised the use of the

**Medicated Fur Chest Protector.**

To all persons of all ages and conditions, as a certain and a safe shield against those fearful diseases, Consumption, Bronchitis, Asthma, Coughs, Colds, and other affections of the Lungs, which arise from the exposed state of the chest, according to fashion, and the continual changes of our climate.

"The Protector" is simply a chemically prepared fur, lined with silk and padded, which suspended from the neck, covers the chest, in so agreeable a manner that, once worn, it becomes a necessity and comfort.

"The Protector," although but recently introduced in America is making rapid progress through the United States, the Canadas, South America, and the West Indies. It has for a long time been a staple article in England and on the continent of Europe, while it has grown in many countries to the position of an article of dress.

To demonstrate these facts enquire of an English resident in your vicinity of his knowledge of the beneficial effects of wearing the Protector, WITHOUT RECOURSE TO DOCTORING of any kind. The cost of wearing these articles is a mere trifle, and one will last some years. No one who values the health of himself or his family will be without them. The Hospitals in this country are not alone recommending them, but rapidly introducing them. Harcourt, Bradley & Co., of London, and Manchester, England, were originally entrusted with the manufacture of the Protectors, by the lamented Dr. Cooper, and continue to manufacture according to his original instructions, and therefore recommend those who would wear "The Protectors," to see to their being genuine.

REMEMBER THIS IS A STAPLE ARTICLE AND NO PATENT MEDICINE.

## RETAIL PRICES.

**CHERRY PECTORAL**

For the rapid Cure of

**COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.**

**TO CURE A COLD WITH HEADACHE AND SORENESS OF THE BODY**—take the Cherry Pectoral on going to bed, and wrap up warm to sweat during the night.

**FOR A COLD AND COUGH**, take it morning, noon and evening, according to directions on the bottle, and the difficulty will be soon removed. None will long suffer from this trouble when they find it so readily cured. Persons afflicted with a seated cough, which breaks them of their rest at night; will find by taking the Cherry Pectoral on going to bed, they may be sure of sound unbroken sleep, and consequent refreshing rest. Great relief from suffering, and an ultimate cure, is of fered to thousands who are thus afflicted, by this invaluable remedy.

From its agreeable effects in these cases, many find themselves unwilling to forgo its use when the necessity for it has ceased.

**TO SINGERS AND PUBLIC SPEAKERS** this remedy is invaluable, as by its action on the throat and lungs, when taken in small quantities, it removes all hoarseness in a few hours, and wonderfully increases the power and flexibility of the voice.

**ASTHMA** is generally much relieved, and often wholly cured by Cherry Pectoral. But there are some cases so obstinate as to yield entirely to no medicine. Cherry Pectoral will cure them if they can be cured.

**BRONCHITIS**, or irritation of the throat and upper portion of the lungs, may be cured by taking Cherry Pectoral in small and frequent doses. The uncomfortable oppression is soon relieved.

**FOR CROUP**—Give an emetic of antimony, to be followed by large and frequent doses of the Cherry Pectoral, until it subdues the disease. If taken in season, it will not fail to cure.

**WHOOPING COUGH** may be broken up and soon cured by the use of Cherry Pectoral.

**THE INFLUENZA** is speedily removed by this remedy. Numerous instances have been noticed where whole families were protected from any serious consequences, while their neighbors without the Cherry Pectoral, were suffering from the disease.

Repeated instances are reported here of patients who have been cured from

**LIVER COMPLAINTS** by this remedy, so many that there can be no question of its healing power on these diseases. It should be perseveringly taken until the pain in the side and other unpleasant symptoms cease.

**FOR CONSUMPTION** in its earliest stages, it should be taken under the advice of a good Physician if possible, and in every case with a careful regard to the printed directions on the bottle. If judiciously used, and the patient is carefully nursed meantime, it will seldom fail to subdue the disease.

For seated **CONSUMPTION** in its worst form, the Cherry Pectoral should be given in doses adapted to what the patient requires and can bear. It always affords some relief, and not infrequently cures those who are considered past all cure. There are many thousands scattered all over the country who feel and say that they owe their lives and present health to the Cherry Pectoral.

Many years of trial, instead of impairing the public confidence in this medicine, has won for it an appreciation and notoriety by far exceeding the most sanguine expectations of its friends. Nothing but its intrinsic virtues and the unmistakable benefit conferred on thousands of sufferers, could originate and maintain the reputation it enjoys. While many inferior remedies thrust upon the community, have failed and been discarded, this has gained friends by every trial, conferred benefits on them they can never forget and produced cures too numerous and too remarkable to be forgotten.

While it is a fraud on the public to pretend that any one medicine will infallibly cure all there is abundant proof that the Cherry Pectoral does not only as a general thing, but almost invariably cure the maladies for which it is employed.

As time makes these facts wider and better known, the medicine has gradually become the best reliance of the afflicted, from the log-cabin of the American Peasant, to the palaces of European Kings.

Prepared and sold by **JAMES C. AYER**, Practical and Analytical Chemist, Lowell, Mass.

For Sale by T. Walker & Son, Chalonier & Hunt, Fellows & Co., W. Q. Smith, &c., and by all the Druggists in the Provinces. Oct.
