## TERRIFIC TORNADO IN LOUISVILLE.

TWENTY-FIVE PERSONS KILLED!

**CINCINNATI, Aug. 28.**—A terrific tornado passed over the city of Louisville yesterday, about 12 o'clock. The Fourth Presbyterian Church was blown down during the service. Twenty-five of the congregation were killed instantly, and a large number wounded. Numerous other buildings were blown down and unroofed.

**SECOND DISPATCH.**—The Louisville papers of this morning contain full particulars of yesterday's tornado. The Democrat describes it as one of the most violent storms that ever swept over that section.

The catastrophe has caused a dreadful sensation in the city, and its people are appalled beyond belief.

Fully 100 buildings in Louisville were unroofed and otherwise injured. The storm passed over that part of the city lying between 5th and 21st streets. A splendid block of four story houses, recently erected on the north side of Main, between 8th and 9th streets, was completely destroyed, and two or three men are supposed to be buried in the ruins. The loss is estimated at \$100,000. The storm was also very severe at Jeffersonville, where four houses were blown down.

**SABBATH DESACRATION.**—We are pleased to find, that the Common Council propose to pass a Law, to put an end to the business operations of Livery Stables on the Sabbath-day. If the keeping open of Liquor Shops on Sunday tends to promote the violation of the sanctity of that holy day; equally so does the traffic of Livery Stables. The latter, indeed, affords a most tempting inducement, under a most specious guise, to the sin of Sabbath breaking by numbers of both sexes, who would shrink with horror from the profanation of entering a liquor shop. Many a youth and damsel will unscrupulously devote the Lord's day, to the amusement afforded by a country drive and idle ramble; who would abhor the grosser indulgence of tavern resort. But if both alike conduce to the breach of the fourth Commandment, both should be equally put under the restraint of the Law. Although the Authorities cannot compel people to obey God, and to "keep holy the Sabbath day," yet they can and are in duty bound to, remove all temptations to the contrary, and to put a legal restraint on the means and appliances of sin. On this principle, therefore, we earnestly hope, that the Sunday traffic of the Livery Stables, and the unjustifiable use of horses and carriages for mere pleasure on the Sabbath day, will effectually be put an end to. "Remember that thou keep holy the Sabbath day. In it thou shalt do no manner of work, thou, and thy son and thy daughter, thy man-servant and thy maid-servant, thy ox, and the stranger that is within thy gates." —[Observer.]

The Weather is now and has been for some time past, truly delightful. The atmosphere is clear and balmy, with a brilliant sun and genial temperature; but unfortunately this pleasing and healthful condition of the air is accompanied by an extreme drought; which has now prevailed so long, as to become in some degree alarming. Already we hear of injuries to the crops and garden produce in various quarters, from the long want of rain; and the river St. John is almost unprecedentedly low. This injurious drought, we learn, extends also throughout the United States as far as the Ohio; and, if much longer continued, must prove very disastrous to agricultural produce generally.

**Great Fire at Waldoboro;** loss estimated to exceed \$250,000. Greater part of the village burned. Very heavy fires in the woods in the vicinity of Calais. —*Tel. to News Room, August 25.*

**At Newark, N.J.,** a very destructive fire broke out on Wednesday morning, early, at 127 Railroad Avenue, in J. C. Young & Co.'s Harness Manufactory, and thence extended, until twelve factories and other buildings were destroyed, involving an estimated loss of \$50,000.

**'A Wise Man shall Hear, and shall be Wiser.'**

We are all creatures of one Creator—who has placed us upon this globe, and surrounded us with the means to sustain life and preserve health; or restore it when lost; and given us minds to investigate and ascertain the properties and effects upon our organization, of the various substances and elements within our reach and under our control.

### The Mexican Mustang Liniment

is prepared upon these immutable principles of nature—after carefully studying and experimenting with the various elements of its composition upon the different diseases for which it is recommended. There is no guess work or chance hazard about it. It acts upon strict chemical, physiological and organic laws, and can therefore be depended upon in perfect certainty, in curing Rheumatism, Piles, Bruises, Burns, Ulcers, Sprains or Sores, of any kind, and for sore or caked breasts, chapped hands, tetters or ring-worms. The thousand bottles daily selling is proof enough of this.

**A WONDERFUL DISCOVERY** has recently been made by Dr. Curtis, of this city, in the treatment of Consumption, Asthma and all the diseases of the lungs. We refer to "Dr. Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup." With this new method Dr. C. has restored many afflicted ones to perfect health; as an evidence of which, he has innumerable certificates. Speaking of the treatment, a physician remarks:—It is evident that inhaling—constantly breathing an agreeable, healing vapor, the medicinal properties must come in direct contact with the whole of the aerial cavity of the lungs, and thus escape the many and varied changes produced upon them when introduced into the stomach and subjected to the process of digestion. The Hygeana is for sale at all the Druggists' throughout the country. [From the New York Journal of Jan. 14.]

## STEAMER "CREOLE."

**Permanent Arrangement.**

**WINDSOR, HILLSBORO, DORCHESTER, AND THE BEND.**

Two Trips to BEND and One to WINDSOR Weekly!

The splendid Steamer CREOLE, Capt. STEEN, will leave St. John for the BEND, calling at Hillsboro and Dorchester, every Monday and Friday evenings tide—returning on Tuesday and Saturday; and will leave for WINDSOR every Wednesday evening tide, returning on Thursday.

The boilers of the "Creole" have had a thorough repair, and are now in fine order; the Engines is sound and works well. The really splendid accommodations of this steamer and her excellent sea-going qualities are too well known to require further remarks—she can carry 350 passengers comfortably, and has abundance of room for freight, which goes under cover—is supplied with one of Francis' patent metallic Life Boats, with an abundance of Life Preservers, and every other article in accordance with the requirements of the "Steam Boat Act." She is efficiently officered, and the public can depend on her running regularly and leaving at the hour appointed. Her proprietors feel disposed and are determined to use every possible exertion to give satisfaction, and to render her worthy of the confidence and patronage of the public.

All Freight to be accompanied by way bills. The patronage of the Public is respectfully solicited.

Agent at Bend, A. WRIGHT; at Dorchester, Mr. Wm. HICKMAN; at Windsor, Mr. D. E. GERRARD; and the undersigned at St. John.—All of whom will be prepared at all times to give every information relative to the Boat.

G. & J. SALTER,
