-the First, Seventh, and the High Streetyear, erected a chapel, as has also the High Street, for missionary and Sabbath-school purposes. The First Church reported contributions, the past year, to various benevolent nightly occurrence. objects, amounting to \$14,766 22; the High Street, \$7278; the Seventh about \$9000.

THE COST OF PUBLIC WORSHIP .- Supindividuals, and the whole expense of the society to be \$4,000 per annum. What is the cost to each individual each Sabbath?

you profess to be you feel an interest in the right into French lines and then follows in prosperity of the cause of God at home and abroad. And if you feel this interest, you wish to have the proofs of this prosperity.

Tight into French lines and then follows instantly a sally, result of which is invariable. Russians push strong column out of the place, rush towards first line, drive in the ligious paper? You certainly do not expect ligious paper? You certainly do not expect (sometimes into it, occasionally beyond it) to be informed by letter of the revivals that and close to second parallel, are received as doing there. You probably take a political paper, but political papers do not contain re-ligious intelligence. How then are you to be informed of the fortunes of the Redeemer's forty or fifty men but loss of Russians in these cause, unless you take a religious paper? It is impossible. You may laugh at the idea, but you cannot be an intelligent Christian unless you take a religious paper.

You are a Baptist, and you wish to know something about denominational matters. A French letter of the 27th relates that else will you know? I would not hurt your Baptist paper .- [Exchange paper.

# General Intelligence. EUROPEAN NEWS.

quiescence. As to the second proposal. (concerning the plan of sending Kinned abroad, to be drafted into the regiments) it is warmly seconded by the people. In all parts of the kingdom, they are daily volunteering in great numbers, and different county comas actors upon the scene of war. Government continues to make gigantic preparations, and is chartering ships and steamers in every direction. The War Commissioners are issuing contracts for immense supplies of profine, every thing that human energy can ac- distant countries, and that no army was ever complish, is now being performed.

Omer Pasha has at length left Varna with the greater portion of his army, and will probably land near Eupatoria, which our readers will remember was the spot where the first expedition disembarked. It is supposed that he will remain in that vicinity, and endeavour to intercept reinforcements or suppiles for the Russians at Sebastopol. Odessa day, and stated that they were in a sad way. is threatened with bombardment, and the in- from the want of medical men; and that some habitants are thoroughly panic-stricken, for so greatly has its garrison been exhausted and drained by constant detachments sent to Sehastopol, that it cannot offer a vigorous resist-ance. The people are leaving in throngs, get the Russians to advance upon us again as business is suspended, Omar Pasha is expected with his army, and already several amers of the Allies are in sight. The news from the Camp is very gloomy and discouraging. Pestilence as well as War is present there, and every succeeding day witses the death of nearly 100 men. The greatest hardships are endured by all in common for luxuries, and comforts, and even the most necessary things are unknown among them.

CONDITION OF THE ARMY. The War correspondent of the London Times it may be dangerous to comicate facts likely to be of service to Russians, it is certainly hazardous to conceal truth from the English people. They must sooner or later, that the siege has or many days practically suspended by wet and storm, to which they have been intly exposed. Russians know this well enough—the relaxation of our fire is self evident—but our army, though weakened by martial sentenced to be hung for having assickness, is still equal to hold its position and sassinated the wounded on the field of battle ture to attack. Nothing would so animate but he declined, alleging that he had str eyond those of undaunted spirits, as a appertained to his own military tribunals only to establish the culpability.

In the course of an hour these half aries-40,000 in number-for the purpose of corpses, whose wounds had already began to assisting the army in the Crimea. Although putrify, recovered their colour and a little of this is not zealously approved of by the nat their strength. Completely re-assured on tion, yet it appears to meet with a tacit acthe hands of our men.

METERO Edi THE COMMISSARIATE DESCRIPTION I can safely assert, from a good deal of actual knowledge on the subject, that a man can live on the rations of a private soldier day after day, and can, with the blessing of Heaven, maintain good condition and scrong health, accurately ascertained, owing to the extensive panies rival one another in zeal for entering upon them alone. The Commissariat department of this army-in spite of unforescen colamities, in spite of deficient transport, of bad roads, of sea delays, of winds and waves -have contrived to feed the men wonderfully well; and I maintain, and ever will do so. that no body of troops ever took the field with visions, clothing, and ammunition; and in such an abundance of supplies derived from so well fed when away from their own homes, as the present British Expedition.

THE RUSSIANS IN SEBASTOPOL. A Polish officer gave himself up as a de serter a few days since, and reports that the Russians have had 25,000 meu placed hors de combat since the battle of Inkermann, and that they cannot make out why we have not stormed the town. It is said that a Russian doctor came over to the French on the same of the wounded on the 5th had not even then had their wounds dressed. It is also reported that General Luders, with a reinforcement of 12,000 men, had arrived. I forgot to menthey did on the 5th; there is no doubt that they were half drunk like as they were on their first attack on the 27th October. An officer told me that he saw a Russian fall down on the 5th from sheer drunkenness.

THE ENEMY KEEPING QUIET. Since the defeat of Inkermann the enemy has shown but little disposition to risk another pattle. From what we hear from their deserters, who frequently come over-and I must admit as frequently manage to go back again—Menschikoff does not intend to risk another attack, but wait and trust to the chapter of accidents. He relies upon the effects of winter quarters for diminishing our numers, and the chance of severe weather in the Black Sea to cut off or lessen our supplies. It must be for the home Government to take care that his expectations on the former point are deceived; about the latter we have little
