The Wise Man's Counsel. BY MRS. L. H. SIGOURNEYS

Whatsoever thy hand findeth to do, do it with thy might."-KING SOLOMON. Do what thou hast to do,-While thou hast eyes to see, While yet thine ears can hear the word That wisdom speaks to thee,-While thou hast power to walk, While thou hast voice to pray, While thou hast reason's guiding lamp

To understand thy way.

Do what thou hast to do, And not to others leave, They may thy wishes overrule, Thy motives misconceive. Thy purposes contest,
Thy plans with coldness view,—
Now, while the life-tide warms thy breast. Do what thou hast to do.

Do what thou hast to do, Before the night of gloom, That swiftly wraps the sons of men In darkness and the tomb; For though thy feet may tread On blossoms bright with dew,— Behold! the grave is for thee spread,-Do what thou hast to do. -New York Observer.

NEW ORPHAN HOUSE, BRISTOL.

MR. EDITCE,-The Orphan School established by Mr. Muller, at Bristol, is a remarkable instance of the power of faith and the efficacy of prayer; I feel the more interested in it because when I was at Bristol the Institution was in its infancy. Mr. Muller is a Baptist, but does not unite with the great body of Baptists in England. C. S.

The Rev. G. Muller, of Bristol, has raised

upwards of £20,000 for the erection of an asylum in that place for orphans deprived of both their parents. A series of three religious meetings, of an extraordinary and deeply-interesting character, were held in that city last week, for the purpose of hearing from him a narrative of the Lord's dealings with him, in answer to faith and prayer, and especially with reference to the New Orphan House, on Ashley Down. No traveller into Bristol by the main turnpike-road from Glou cester, can fail to have been struck with an extensive pile of buildings, which stand, at once an ornament and a marvel, on the northern extremity of the borough. In answer to inquiry, he will find that in that institution 300 children, from early infancy up to seventeen and eighteen years old, are maintained, clothed, and educated, and that " solely through the efficacy of faith and prayer.' When the Rev. G. Muller commenced the work, some ten or twelve years ago, he made no appeal to man, issued no prospectus, held no public meeting, made known no subscription list. He simply-according to his own statement-waited on the Lord in prayer, and having ascertained that His mind was favourhe prayed for means, and waited for them to come to him, in the fullest faith that they would be vouchsafed to him. Marvellous as, in a worldly point of view, it may seem, the means did come in voluntarily anonymously, and from all parts of the empire. Considerably more than £20,000 was amassed, the structure was raised, the chil dren-all orphans, bereft of both parentsreceived into it, matron, nurses, and officers, schoolmasters and mistresses were appointed. and the work of maintenance, and education commenced, and that without a shilling of endowment, or a single patron, trustee, or annual subscriber. The work has since been carried on in the same way, support being derived from such casual funds as have been volunteered-almost always anonymously, and invariably without solicitation. The immediate object of the present meeting was to receive from Mr. Muller a statement of the Lord's dealings with him, in relation to his intention to commence immediately the first of two other houses for the support of 700 orphans more. In communicating his intention the reverend gentleman said: Not only had he been already sustained in supporting 300 children bereft of both parents, in extending missionary objects, in distributing Gospel tracts, but the Lord had led him to contemplate the building of another Orphan Asylum at an expense of £35,000, for 700 orphans more. For six months after the idea was presented to his mind, he never prayed to the Lord for means at all, but simply to ascertair what was the mind and will of the Lord. Thousands of prayers were brought before God. but not one for means. He prayed to find that it was not a snare for his own heart, and that he was not deluded by the devil, and graciously did the Lord answer him. Once resolved in his mind that he must build, he began to pray for means, and means came in. First he got a half-sovereign, and then up to

a pound—the thirty-five thousandth part of what he needed was gained, and his heart was filled with gratitude. By-and-bye he got up 351., the thousandth part; and by-and-bye again to the hundredth part—great was his cause for thanksgiving. Then larger contributions came in, and he got to the tenth part, the eighth, the sixth, the fourth. There was cause for more abundant thanksgiving, and for further waiting on the Lord. By-and-bye he came to the third, the half, and now he had got more than that, for on the 26th of May his fund amounted to 23,059l. 17s. 8½d. Mr. Muller read his diary, which showed how the funds had come in cash and kind, and in sums varying in amount from 21d. up to 5,7001. All the contributions were anonymous, and some of them consisted of articles for sale, such as gold-dust, jewellery, trinkets, &c. One contribution was from California and another from Toronto, and there were others from Liverpool, Brighton, &c., but the great bulk was supplied from residents in Bristol.

Never, from the first, had he been permitted to doubt the accomplishment of the work. More than once had his faith and patience been severely tried, but graciously had they been sustained. Whenever disappointment seemed to cross him he remembered that his Father was in the work, and that God cared for poor orphans infinitely more than he did or could care, and that if the Most High did not see the time for the completion of the work, His servant might well afford to wait. Having now enough in hand to warrant him in proceeding, he had engaged architects, and should immediately commence the new asylum for 400 orphan girls. The work would

MRS. WINSLOW, an experienced Nurse and Female Physician presents to the attention of Mothers her Soothing Syrup, For CHILDREN TEETHING-For the Nervous Affections, Convulsions, Fever, Inflamation of the Bowels, &c. that attend this period of children, she recommends it as sure to produce the desired effect, giving REST TO THE MOTHER, and relief and health to the infant. A child in Congress Street was cured by the Soothing Syrup, of infantile Dysentery or Diarrhœa, after being given over by the attending physician. Mr. Blackmin, of Eddington says it has never failed to cure the Dysentry or Diarrhœa in children whenever used in the village. Lots arrhœa in children whenever used in the village. Lots of it is sold. One parent informs me his child has suffered to an alarming extent with Flatulence or Wind Cholic. But they have used the Soothing Syrup, and it effects a sure cure. Hundreds of like instances might be enumerated, MOTHERS TRY IT.

We cheerfully comply with the request of a friend to
insert the following letter, which we are assured is
from a lady of the first respectability, residing in Lowell
Mass.

Mass.

Dear Sir:—I am happy to be able to certify to the efficiency of Mrs. Winslow's Soothing Syrup, and to the truth what it is represented to accomplish.—Having a little boy suffering greatly from teething, who could not sleep and at night by his cries would not permit any of the family to do so, I purchased a bottle of the Soothing Syrup in order to test the remedy.—and when given to the child according to the directions, its effect upon him was like magic, he soon went to sleep, and all pain and nervousness disappeared. We have had no trouble with him since; and the little fellow will pass through with comfort the excruciating prowill pass through with comfort the excruciating process of teething, by the sole aid of Mrs. Winslow's Soothing Syrup. Every mother who regards the health and life of her children, should possess it.

Had the and attendance of some of the host cerebacted physicians, but have received no permanent benefit, and but little relief. I at length had the good fortune to procure Dr, Curtis's Hygeana or Inhaling Hygean Vapor, and Chrery Syrup. At the time I first obtained it, I was suffering under one of my most violent attacks, and was in great distress, almost suffication. FOR SALE.—A Lot of Land containing three hundred Acres, in the Parish of Sussex, lying on the North end of the Emigrant lots, on the North side of the Shoepedy road, being a part of the estate of the late George Brown, Esq., of Saint Martins. In less than ten minuites from the time Iapplied the inhaler to my stomach, and took a teaspoon full of the Cherry Syrup I was relieved in a great measure from the difficulty of breathing, and had a comfortable night. I have since continued it with the greatest possible benefit, and am now comparatively well. God only knows the amount of suffering this medicine has relieved me from. My advice to CONSUMPTION CURED.—New York, Dec. 27td 1853.—I came to New York in the ship Telegraph my native place is St. John, New Brunswick, when I reached the city, my health was very poor, had a very bad cough, raised a good deal of matter, which was frequently mixed with blood, bad pain in my left side, and was very weak and emaciated. My friends and physician pronounced my case consumption, and beyond the reach of medicine. I accidentally heard of Dr. Curtis's Hygegna, or Inhaling Hygean Vapor and Cherry Syrup, and obtained a package, which I verily believe was the means of saving my life. Soon after wearing the Inhaler, I found it relieved the pressure on my lungs, and after a while the disease made its appearance upon the Inhaler. I took the Cherry Syrup as directed, and continued to do so, my cough gradually growing better until it entirely left me, and I now consider myself cured. I still wear the Inhaler, as the use of it is rather pleasant, and believing it strengthening and purifying to the lungs, I feel unwilling at present to dispense with it.
