GURBEC, June 25. The Canadian steamship Anglo-Saxon, from Greenock, 13th inst., (where she put back on the 11th) arrived here at 4½ o'clock this afternoon. She brings London dates of the 12th, and Glasgow of the 13th.

The "Imperador" steam transport, arrived at London on the 12th, form the East. The Daily News again calls attention to

the domestic troubles in America. The Post, in a leader on the serious aspect of the internal politics of the United States. says that Kansas is the field on which the great American question of slavery is to be debated, most probably in arms, and so thoroughly is the vital character of the crisis understood in America, that there are many who hold that the postponement of the con-test would be cheaply purchased by a foreign war, as the only means of uniting the jarring states once more under the same banner.

The Times states there is, unfortunately, no longer any doubt that Mr. Crampton is to be dismissed, and though the exact news of this dismissal has not yet reached us, we may certainly expect to receive information to that effect by the next arrival. At the same time that our minister is dismissed, the exequators will be withdrawn from the three Consuls whom the American government consider guilty of violation of their municipal laws,
The Times further observes that the Ameri-

can government's intimation of its intention is accompanied by the most profuse assurances of good will and respect towards this country. As regards the position of Mr. Dallus, the Times considers that the question should rest entirely upon the guilt or innocence of Mr. Crampton. If the latter be innocent, Mr. Dallas ought not to remain, and if he be guilty. no false pride should prevent us from acquiescing in his expulsion

In reference to the Central American ques tion, the Times professes to know that Mr. Dallas is armed with the fullest powers to negotiate, and finally settle the difficulty, even if necessary by appeal of arbitration.

The American Minister had an interview with Lord Clarendon at the Poreign Office.

on Wednesday. In the House of Commons on Thursday, Mr. II's ac'i said, if the government did not go on the army estimates, they might expect a discussion on the relations between Great Britain and the United States. The Chaucellor of the Exchequer said he would fix Monday, if no objection was made. The French army is to be reduced 20,000

LIVERPOOL, June 18 .- In the House of Lords on Monday evening, the Earl of Cla. rendon stated in reply to Lord Derby, that it was not the intention of the Government to advise Her Majesty to suspend diplomatic re-lations with the United States. The announcement was received with loud cheers. of The Earl of Derby expressed his satisfaction at the statement, but regarded the course taken by the Government as humiliating, and as acknowledging that we had been in error.

Earl Clarendon appealed to the House not to join the noble Earl in prejudging the ques-

Steam Sash and Boor Factory.

TOHN H. STUART & CO. would respectfully inform his friends and the public generally, that they have recently taken the Steam Sash Factory in Harding street lately occupied by CLARKE & McALPINE, and formerly by JOHN E. TURNBULL, where they have on hand a large stock and are continually manufacturing all kinds of DOORS, SASHES, and WINDOW Frames, which upon inspection, will be found of a superior quality, and as such they will be warranted, as it is the determination of the Subscribers to furnish their Patrons with such work as will reflect credit upon themselves and the establishment, and do away, with the prejudice that exists against Machine Work. Parties contemplating building will find that they can obtain Doors and Sashes of a superior quality at our establishment far cheaper than they can get them made by hand. Joiners doing business in the country can have Sashes glazed or unglazed, packed to order in such a manner as will ensure their safety.

Remember the stand, Harding street, opposite the South-west corner, Queen's square; and give as a call.

Turning of all kinds executed with despatch. Jig Sawing done. Jig Saws to let by the hour.
